### INSTRUCTIONS FOR FILLING ASBA APPLICATION FORM

- 1. An ASBA investor shall submit a duly filled up **ASBA Application form, physically or electronically**, to the SCSB with whom the bank account to be blocked, is maintained.
  - In case of ASBA application in physical mode, the investor shall submit the ASBA Form at the Bank branch of SCSB, which is designated for the purpose and the investor must be holding a bank account with such SCSB.
  - In case of ASBA application in electronic form, the investor shall submit the ASBA Form either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for subscribing to units of Mutual Fund scheme authorising SCSB to block the subscription money in a bank account.
- 2. Investors shall correctly mention the Bank Account number in the ASBA Application Form and ensure that funds equal to the subscription amount are available in the bank account maintained with the SCSB before submitting the same to the designated branch.
- 3. Upon submission of an ASBA Form with the SCSB, whether in physical or electronic mode, investor shall be deemed to have agreed to block the entire subscription amount specified and authorized the Designated Branch to block such amount in the Bank Account.
- 4. On the basis of an authorisation given by the account holder in the ASBA application, the SCSB shall block the subscription money in the Bank Account specified in the ASBA application. The subscription money shall remain blocked in the Bank Account till allotment of units under the scheme or till rejection of the application, as the case may be.
- 5. If the Bank Account specified in the ASBA application does not have sufficient credit balance to meet the subscription money, the ASBA application shall be rejected by the SCSB.
- 6. The ASBA Form should not be accompanied by cheque, demand draft or any mode of payment other than authorisation to block subscription amount in the Bank Account.

date and not the "put option" date. The scheme shall not invest in Foreign Securities, repo in corporate debt securities, Securitised Debt Instruments, Credit Default Swaps and/or derivative instruments. The scheme shall not engage in securities lending/short selling activities. **Change in Asset Allocation** Subject to the SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above can vary depending upon the perception of the BSLAMC; the intention being at all times to seek to protect the interests of the unit holders. Such changes in the investment pattern will be for short term and defensive considerations. In the event of the any deviations from the asset allocation table above, the Fund Manager shall review and rebalance the portfolio within 30 days from the date of said deviation to bring it in line with the asset allocation pattern as indicated above. In case the rebalancing is not done within the specified period, justification for the same shall be provided to the Investment Committee and the reason for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. OTHER DISCLOSURES FOR CLOSE ENDED DEBT ORIENTED SCHEMES: (1) Credit Evaluation Policy From credit evaluation perspective, each company is internally appraised by focusing on three parameters i.e. 1. Business Fundamental: It includes understanding of competitive position and competitor analysis on key parameters, strategies for growth, technical and marketing skill set, manufacturing process, productivity details and future expansion plans. 2. Financial Analysis: It includes analysis of Balance sheet, Profit and Loss account, and cash flow statement. Ratio analysis for the past years including quarterly / half yearly results analysis wherever available. Different set of ratios are analysed for corporates, banks, NBFCs etc. 3. Management Track record of the Investee company: It includes assessment of management quality, reviewing promoter background and track record, performance of group companies and possibility of group support, internal control systems, succession plans & repayment track record including that of other companies in the group. Typically, an interaction with the company management is also sought prior to setting up of issuer limits. For structured obligations, in addition to the above, the evaluation also covers originator analysis, collateral analysis, structure analysis and embedded risk analysis. A Detailed analysis is carried out to understand the business model of the investee company and its financial position before deciding to invest. All Research is carried out by the internal team and approved as per our authorisation matrix. (2) Sectors in which the Scheme(s) shall not invest The scheme shall not invest in securities of Gem and jewellery and Airlines sector. The scheme shall not have exposure in fixed income securities in excess of 25% of net assets in any sector as per sectoral classification as prescribed by AMFI. Provided that an additional exposure to financial services sector (over and above the limit of 25%) not exceeding 15% of the net assets of the scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only. Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment / exposure in HFCs shall not exceed 25% of the net assets of the scheme. Further, provided that the above sectoral limit is not applicable for: AAA rated instruments of PSU Banks and AAA rated instruments of Public Financial Institutions (PFIs), i. ii. CBLOs, iii. Bank Certificate of Deposits, iv. Government of India securities,

v. Treasury Bills.

- vi. Short Term deposits of scheduled commercial banks
- (3) Type of instruments which the schemes propose to invest in: Please refer Section 'D. Investment By Scheme' given in Scheme Information Document (SID) for further details.
- (4) Floors and Ceiling within a range of 5% of the intended allocation (in %) against each sub asset class / credit rating:

(The scheme shall invest in various securities/instruments as mentioned below with the ratings mentioned against the type of instrument. As per SEBI circular Cir/IMD/DF/12/2011 dated August 01, 2011, the scheme is allowed to invest within a range of 5% of the intended allocation (floor and cap) against each sub asset class/credit rating. The intended allocation percentage to net assets, based on the tenure of the schemes, would be determined and disclosed at the time of filing of Final Scheme Information Document with SEBI before launch of each scheme)

### **Intended Portfolio Allocation**

	Credit Rating								
Instruments	A1	AAA	AA	Α	Not Applicable				
CDs	0-5%	-	-	-	-				
CPs	0-5%	-	-	-	-				
NCDs	-	80-85%	15-20%	-	-				
Government Securities	-	-	-	-	0-5%				
Treasury Bills/ CBLO / Reverse Repos/ Liquid Schemes	-	-	-	-	0-5%				

#### Note:

- (i) Securities with rating A and AA shall include A+ and A- & AA+ and AA-, respectively. Similarly, securities with A1 rating shall include A1+.
- (ii) All investments shall be made based on rating prevalent at the time of investment. Where any paper is having dual rating (rated differently by more than one rating agency) then for the purpose of meeting intended range the most conservative publicly available rating would be considered e.g. if the paper is rated AAA by one rating agency and AA by the other, then, the paper will be treated as AA rated paper for complying with intended portfolio range.
- (iii) There can be positive variation in the range w.r.t rating i.e. scheme may invest in papers of higher rating in the same instrument than indicated.
- (iv) In case of non-availability of and taking into account the risk-reward analysis of CPs/NCDs; the scheme may invest in Bank CDs having highest ratings (i.e. A1+ or equivalent) or / T-Bills / CBLOs. Such deviation may continue till maturity of the scheme, if suitable NCDs/CPs of desired credit quality are not available.
- (v) At the time of building the portfolio post NFO and towards the maturity of the scheme, there may be a higher allocation to cash and cash equivalents.
- (vi) Further, the above allocation may vary during the duration of the Scheme. Some of these instances are: (i) coupon inflow; (ii) the instrument is called or bought back by the issuer (iii) in anticipation of any adverse credit event etc. In case of such deviations, the Scheme may invest in Bank CDs having highest ratings (i.e. A1+ or equivalent) / CBLOs / T-Bills / Government Securities. Deviation, if any, due to such instances, may continue till maturity, if suitable NCDs / CPs of desired credit quality are not available.
- (vii) Change in Asset Allocation: Further, in the event of any deviations below the minimum limits or beyond the maximum limits as specified in the above table and subject to the notes mentioned herein, the Fund Manager shall rebalance the portfolio within 30 days from the date of said deviation (provided such deviation is not too close to maturity of the scheme)

Accordingly, investors should note that there will not be any variation between the intended portfolio allocation and the final portfolio allocation apart from the exceptions as mentioned under clauses (iii), (iv), (v) and (vi) above.

(viii) The Scheme shall not invest in unrated debt instruments. For this purpose, unrated debt securities shall exclude instruments such as CBLO, Reverse Repo, short term deposit to which rating is not applicable.

(5) Reporting: After the closure of NFO, the AMC will report in the next meeting of AMC/ Trustees, the publicized percentage allocation and the final portfolio.

InvestmentThe Investment Philosophy of the fund manager is to generate superior risk-adjusted returns on a consistent<br/>basis through a research driven investment approach in line with the investment objective of the scheme. The<br/>investment manager will aim to allocate assets of the scheme between various money market and fixed

	income securities. The actual percentage of investment in various fixed income securities will be decided after considering various factors like the prevailing interest rate and inflation scenario, performance of corporat sector, general liquidity and other considerations.
Risk Profile of the Scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Schem Information Document carefully for details on risk factors before investment. Scheme Specific Risk Factor are summarized below:
	Risk Factors associated with investments in Fixed Income Securities:
	<ul> <li>Price-Risk or Interest-Rate Risk: Fixed income securities such as bonds, debentures and money marked instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.</li> </ul>
	<ul> <li>Credit Risk: In simple terms this risk means that the issuer of a debent ure/ bond or a money marked instrument may default on interest payment or even in paying back the principal amount on maturity. Every where no default occurs, the price of a security may go down because the credit rating of an issuer goe down. It must, however, be noted that where the Scheme has invested in Government securities, there is no credit risk to that extent.</li> </ul>
	<ul> <li>Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to it valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid pric and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed incom market.</li> </ul>
	• Reinvestment Risk: Investments in fixed income securities may carry reinvestment risk as interest rate prevailing on the interest or maturity due dates may differ from the original coupon of the bond Consequently, the proceeds may get invested at a lower rate.
	<ul> <li>Pre-payment Risk: Certain fixed income securities give an issuer the right to call back its securities befor their maturity date, in periods of declining interest rates. The possibility of such prepayment may force th fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.</li> </ul>
	<ul> <li>Concentration Risk: The Scheme portfolio may have higher exposure to a single sector, subject t maximum of 25% of net assets as specified, depending upon availability of issuances in the market at th time of investment, resulting in higher concentration risk. Any change in government policy / busines environment relevant to the sector may have an adverse impact on the portfolio.</li> </ul>
	<ul> <li>Different types of securities in which the scheme would invest as given in the Scheme Informatio Document carry different levels and types of risk. Accordingly the scheme's risk may increase or decreas depending upon its investment pattern. e.g. corporate bonds carry a hi gher amount of risk tha Government securities. Further even among corporate bonds, bonds, which are AA rated, ar comparatively more risky than bonds, which are AAA rated.</li> </ul>
	Risk Factors associated with Listing of units:
	<ul> <li>Listing of units of the scheme on stock exchange(s) does not necessarily guarantee liquidity and there ca be no assurance that an active secondary market for the units will develop or be maintained.</li> </ul>
	<ul> <li>Trading in the units of the Scheme on the Exchange may be halted because of market conditions including any halt in the operations of Depository Participants or for reasons that in view of the Exchang Authorities or SEBI, trading in the units is suspended and / or restricted. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange rules of 'circuit filter'. There can be no assurance that the requirements of Stock Exchange necessary to maintain the listing of units of scheme will continue to be met or will remain unchanged.</li> </ul>
	<ul> <li>Further, the Scheme being a close ended scheme and listed on stock exchange, as per SEBI guidelines no redemption / repurchase / switches of units will be allowed prior to maturity under the scheme. The investors wishing to redeem their units may do so through stock exchange mode.</li> </ul>
	<ul> <li>The Units of the scheme may trade above or below their face value / NAV. The NAV of the scheme wi fluctuate with changes in the market value of schemes holdings. The trading prices of units of the scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand which may even lead the units to quote at significant premium or discount to NAV.</li> </ul>
	<ul> <li>There is a possibility that the unitholders find it difficult or uneconomical to liquidate their investments a any particular time. As a result, investors in the scheme must be prepared to hold the units until th maturity under the Scheme.</li> </ul>
	<ul> <li>Regulatory Risk: Any changes in trading regulations by the Stock Exchange or SEBI, inter alia, may als result in wider premium/ discount to the NAV of the Schemes. Although the Units are proposed to be liste on the Stock Exchange, the AMC and the Trustees will not be liable for any loss suffered by investors du</li> </ul>

	to delay in listing of units of the Schemes on the Stock Exchange or due to connectivity problems with the	
	depositories due to the occurrence of any event beyond their control.	
	<ul> <li>As the units of the scheme may be held in electronic (demat) mode through depositories, the records of the depository shall be final with respect to the number of units available to the credit of unitholder. Settlement of trades, redemption/dividend payment, in lieu of such units held in electronic (demat) form, by the Mutual Fund will depend upon the confirmations to be received from depository (ies) on which the Mutual Fund has no control.</li> </ul>	
	<ul> <li>Risk Factors associated with Close Ended Schemes:</li> <li>A close ended Scheme endeavours to achieve the capital appreciation only at the scheduled maturity of the Scheme. However, there is no assurance that the said objective will be achieved at the scheduled maturity of the scheme and there is a risk that the capital invested may not be fully realisable upon maturity of the scheme.</li> <li>The scheme being close ended in nature does not allow redemption during the tenor of the scheme. Redemptions shall happen only at the time of maturity of the scheme, and hence returns generated by the</li> </ul>	
	<ul> <li>scheme may be affected if the underlying markets are at unfavourable level at the time of maturity of the scheme.</li> <li>Investors who wish to exit/redeem before the scheduled maturity date may do s o through the stock exchange mode. For the Units listed on the exchange, it is possible that the market price at which the Units are traded may be at a discount to the NAV of such Units. Hence, Unit Holders who sell their Units in a Scheme prior to maturity may not get the NAV returns.</li> </ul>	
Risk Control Strategies	Investments made by the scheme would be in accordance with the investment objectives of the scheme and provisions of SEBI Regulations. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in-depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC. <b>Credit Risk</b>	
	Every investment in Debt and Money Market Instruments of any issuer would be made in accordance Credit policy as defined and established by AMC from time to time. The Credit Policy, which is reviewed monitored on a regular basis by Investment Committee, inter alia, enumerates issuer selection process, various parameters to be considered for setting up credit exposure limits and Credit authorisation matrix such limits, credit monitoring process etc.	
	The following parameters shall be considered for selection :	
	<ul> <li>(i) The exposure to a counter party is based on the networth of the counterparty. The fund manager would do a risk assessment of the issuer before making the investments. Further, continuous monitoring of the networth of the company is done. The risk assessment by the fund manager includes the monitoring of the following: <ol> <li>Capital Structure</li> <li>Debt Service coverage ratio</li> <li>Interest coverage</li> <li>Profitability margin</li> <li>Current ratio</li> </ol> </li> </ul>	
	(ii) The fund managers determine the sector to which the counter party relates. The fund manager assigns risk weightages to sectors and shall not invest in sectors which carry a high credit risk. The risk weightages are based upon various factors like the nature of products/services of the sector, current state and future outlook for the sector, subsidies provided to the sector and government regulations for the sector.	
	(iii) The fund manager shall also check the track record of the company in terms of its financials and any defaults to its creditors.	
	<ul> <li>(iv) The fund managers shall consider the track record of the sponsor/ parent of the counterparty. It includes the financials of the sponsor/ parent company and whether the parent/sponsor has defaulted in the past.</li> </ul>	
	<ul> <li>(v) The fund manager can also have a call with the Management of the company as a part of its research of the company.</li> </ul>	
	<ul> <li>(vi) The fund manager will also check for Credit Default Swaps spreads of the company in global market, if any available.</li> </ul>	
	The above parameters are dependent upon the information available at the time of due diligence. The fund manager shall endeavour to include all these parameters but investors should note that these parameters are indicative and can change from time to time at the discretion of the fund manager.	

	Price-Risk or	Interest-Rate Risk			
	Price-Risk or Interest-Rate Risk The fund will invest in a basket of debt and money market securities maturing on or before maturity of the fund				
	with a view to hold them till the maturity of the fund. While the interim NAV will fluctuate in response to changes in interest rates, the final NAV will be more stable. To that extent the interest rate risk will be mitigated at the maturity of the scheme.				
	Reinvestment Risk				
	Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.				
	Concentration Risk				
	The Fund Manager shall endeavor to mitigate the risk by taking exposure to high rated instruments and locking in at the point of investment to such issuance yields.				
	While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

registered email address and/or mobile number not later than 15 (fifteen) days from the date of closure of the New Fund Offer Period. • Thereafter, Single Consolidated Account Statement (SCAS), based on PAN of the holders, shall be sent by Depositories, for each calendar month within 10th day of the succeeding month to the unitholders in whose folio(s)/demat account(s) transactions have taken place during that month. • SCAS shall be s ent by Depositories every half yearly (September/ March), on or before 10th day of succeeding month, detailing holding at the end of the sixth month, to all such unitholders in whose folios and demat accounts there have been no transactions during that period. In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send account statement in terms of regulations applicable to the depositories. • Consolidation shall be done on the basis of Permanent Account Number (PAN). In the event the folio / demat account has more than one registered holder, the first named Unit holder / Account holder shall receive the SCAS. For the purpose of SCAS, common investors across mutual funds / depositories shall be identified on the basis of PAN. Consolidation shall be based on the common sequence / order of investors in various folios/demat accounts across mutual funds / demat accounts across depository participants. • In case of multiple accounts across two depositories, the depository with whom the demat account has been opened earlier will be the default depository which will consolidate the details across depositories and Mutual Fund investments and dispatch the SCAS to the unitholders. Unitholders whose folio(s)/demat account(s) are not updated with PAN shall not receive SCAS. Unitholders are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN. • For Unitholders who have provided an e-mail address in KYC records, the SCAS will be sent by e-mail. • The Unitholders may request for account statement for mutual fund units held in physical mode. In case of a specific request received from the Unitholders, account statement shall be provided to the unitholders within 5 business days from the receipt of such request. No account statements will be issued to unitholders opted to hold units in demat mode, since the statement of account furnished by depository participant periodically will contain the details of transactions. SCAS sent within the time frame mentioned above is provisional and is subject to realisation of payment instrument and/or verification of documents, including the application form. **Annual Report:** The scheme wise annual report or an abridged summary thereof shall be sent to all Unitholders not later than four months from the date of closure of the relevant accounting year and full annual report shall be available for inspection at the Head Office of the Mutual Fund and a copy shall be made available to the Unitholders on request on payment of nominal fees, if any. The scheme wise annual report or an abridged summary thereof (the reports) shall be sent: (i) **By e-mail only** to the Unitholders whose e-mail address is available with BSLAMC / Mutual Fund; (ii) In physical form to the Unitholders whose email address is not available with Mutual Fund and/or to those Unitholders who have opted / requested for the same. Accordingly, unitholders are requested to ensure that their folio(s) are updated with e-mail address, in case they wish to receive the reports electronically i.e. via e-mail. Also, in case the unitholders wish to receive physical copies of reports they may indicate as such, notwithstanding registration of e-mail address with BSLAMC / Mutual Fund.
