 Pursuant to SEBI Circular No. MIRSD/Cir-24/2011 dated December 23, 2011, SEBI (KYC Registration Agency) Regulations, 2011 and SEBI Circular No. MIRSD/SCir-24/2011 dated December 05, 2011, regarding uniformity in the Know Your Customer (KYC) process in the securities market and development of a mechanism for centralization of the KYC records to avoid duplication of KYC Process across the intermediaries in the securities market, the following changes are being made to KYC process w.e.f. January 01, 2012:

 SEBI has introduced a common KYC Application Form for all the SEBI registered intermediaries viz. Mutual Funds, Portfolio Managers, Depository Participants, Stock Brokers, Venture Capital Funds, Collective Investment Schemes, etc. New Investors are therefore requested to use the common KYC Application Form and carry out the KYC process including In-Person Verification (IPV) with any SEBI registered intermediaries including mutual funds. The KYC Application Forms are also available on our website www.birlasunific.com.
- Including induced rundes. The KYC Application Forms are also available on our website www.onrasunite.com. 2. The Mutual Fund shall perform the initial KYC of its new investors and may undertake enhanced KYC measures commensurate with the risk profile of its investors. The Mutual Fund shall upload the details of the investors on the system of the KYC Registration Agency (KRA). Registrar & Transfer Agent (RTA) of the Mutual Fund may also undertake the KYC of the investors on behalf of the Mutual Fund. KRA shall send a letter to the investor within 10 working days of the receipt of the initial/updated KYC documents from the Mutual Fund, confirming the details theored details thereof.
- details thereof. 3. Once the investor has done KYC with a SEBI registered intermediary, the investor need not undergo the same process again with another intermediary including mutual funds. However, the Mutual Fund reserves the right to carry out fresh KYC of the investor.
- It is mandatory for intermediaries including mutual funds to carry out In-Person Verification (IPV) of its new investors w.e.f January 01, 2012.

The IPV carried out by any SEBI registered intermediary can be relied upon by the Mutual Fund. BSLAMC and NISM/AMFI certified distributors who are KYD compliant are authorized to undertake the IPV for Mutual Fund investors. Further, in case of any applications received directly (i.e. without being routed through the distributors) from the investors, the Mutual Fund may rely upon the IPV (on the KYC Application Form) performed by the scheduled compared lacke performed by the scheduled commercial banks.

Existing KYC compliant investors of the Mutual Fund can continue to invest as per the current practice. However, existing investors are also urged to comply with the new KYC requirements including IPV as mandated by SEBI.

INSTRUCTIONS FOR FILLING ASBA APPLICATION FORM

- 1. An ASBA investor shall submit a duly filled up **ASBA Application form, physically or electronically**, to the SCSB with whom the bank account to be blocked, is maintained.
 - In case of ASBA application in physical mode, the investor shall submit the ASBA Form at the Bank branch of SCSB, which is designated for the purpose and the investor must be holding a bank account with such SCSB.
 - In case of ASBA application in electronic form, the investor shall submit the ASBA Form either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for subscribing to units of Mutual Fund scheme authorising SCSB to block the subscription money in a bank account.
- 2. Investors shall correctly mention the Bank Account number in the ASBA Application Form and ensure that funds equal to the subscription amount are available in the bank account maintained with the SCSB before submitting the same to the designated branch.
- 3. Upon submission of an ASBA Form with the SCSB, whether in physical or electronic mode, investor shall be deemed to have agreed to block the entire subscription amount specified and authorized the Designated Branch to block such amount in the Bank Account.
- 4. On the basis of an authorisation given by the account holder in the ASBA application, the SCSB shall block the subscription money in the Bank Account specified in the ASBA application. The subscription money shall remain blocked in the Bank Account till allotment of units under the scheme or till rejection of the application, as the case may be.
- 5. If the Bank Account specified in the ASBA application does not have sufficient credit balance to meet the subscription money, the ASBA application shall be rejected by the SCSB.
- 6. The ASBA Form should not be accompanied by cheque, demand draft or any mode of payment other than authorisation to block subscription amount in the Bank Account.

Investment Objective	The Scheme seeks to generate income by in before the duration of the Scheme. The Scheme does not guarantee/indicate any will be achieved.	0	°						
Liquidity	The scheme will have duration of 1099 days from and including the date of allotment.								
Asset Allocation	Under normal circumstances, the asset allocation of the Scheme will be as follows:								
Pattern of the Scheme	Instrument	Risk Profile	Normal Allocation (% of total Assets)						
	Debt Securities (excluding Money Market instruments)	Low to medium	80-100%						
	Money Market instruments	Low to medium	0-20%						
	Government Securities	Low	0-20%						
	The scheme shall invest only in such securit scheme. In case of securities with put options, date and not the "put option" date.		,						
	The scheme shall not invest in Foreign So Instruments, Credit Default Swaps and/or deriva	· •	corporate debt securities, Securitised Debt						
	The scheme shall not engage in securities lend	ing/short selling activ	vities.						
	Change in Asset Allocation								

Subject to the SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above can vary depending upon the perception of the AMC, the intention being at all times to seek to protect the interests of the unit holders. Such changes in the investment pattern will be for short term and defensive considerations.

In the event of the any deviations from the asset allocation table above, the Fund Manager shall rebalance the portfolio within 30 days from the date of said deviation to bring it in line with the asset allocation pattern as indicated above. In case the rebalancing is not done within the specified period, justification for the same shall be provided to the Investment Committee and the reason for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action.

OTHER DISCLOSURES FOR CLOSE ENDED DEBT ORIENTED SCHEMES:

(1) Credit Evaluation Policy

From credit evaluation perspective, each company is internally appraised by focusing on three parameters i.e. (1) Business Fundamental (2) Financial Analysis & (3) Management Track record of the Investee company. A Detailed analysis is carried out to understand the business model of the investee company and its financial position before deciding to invest.

All Research is carried out by the internal team and approved as per our authorisation matrix of BSLAMC.

(2) Sectors in which the Scheme shall not invest

The scheme shall not invest in securities of Gem and jewellery and Airlines sector.

The scheme shall not have exposure in fixed income securities in excess of 30% of net assets in any sector as per sectoral classification as prescribed by AMFI. Provided that an additional exposure to financial services sector (over and above the limit of 30%) not exceeding 10% of the net assets of the scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only. Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment / exposure in HFCs shall not exceed 30% of the net assets of the scheme.

Further, provided that the above sectoral limit is not applicable for:

- i. AAA rated instruments of PSU Banks and AAA rated instruments of Public Financial Institutions (PFIs).
- ii. CBLOs.
- iii. Bank Certificate of Deposits.
- iv. Government of India securities.
- v. Treasury Bills.

(3) Type of instruments which the scheme proposes to invest in: Please refer Section 'D. Investment By Scheme' given in Scheme Information Document (SID) for further details.

(4) Floors and Ceiling within a range of 5% of the intended allocation (in %) against each sub asset class / credit rating:

	Credit Rating				
Instruments		AAA	AA	Α	Not Applicabl
CDs	0-5%	-	-	-	-
CPs	0-5%	-	-	-	-
NCDs	-	-	95-100%	-	-
Government Securities/ Treasury Bills/ CBLO / Reverse Repos (on Government Securities/Treasury Bills)	-	-	-	-	0-5%
Mutual Fund Schemes	-	-	-	-	0-5%

Note:

- (i) Securities with rating A and AA shall include A+ and A- & AA+ and AA-, respectively. Similarly, securities with A1 rating shall include A1+.
- (ii) All investments shall be made based on rating prevalent at the time of investment. Where any paper is having dual rating (rated differently by more than one rating agency) then for the purpose of meeting intended range the most conservative publicly available rating would be considered e.g. if the paper is rated AAA by one rating agency and AA by the other, then, the paper will be treated as AA rated paper for complying with intended portfolio range.

(iii) There can be positive variation in the range w.r.t rating i.e. scheme may invest in papers of higher rating in the same instrument than indicated.

- (iv) In case of non-availability of and taking into account the risk-reward analysis of CPs / NCDs; the scheme may invest in Bank CDs having highest ratings (i.e. A1+ or equivalent) or T-Bills / CBLOs. Such deviation may continue till maturity of the scheme, if suitable NCDs/CPs of desired credit quality are not available.
- (v) At the time of building the portfolio post NFO and towards the maturity of the scheme, there may be a higher allocation to cash and cash equivalents.
- (vi) Further, the above allocation may vary during the duration of the Scheme. Some of these instances are: (i) coupon inflow; (ii) the instrument is called or bought back by the issuer (iii) in anticipation of any adverse credit event etc. In case of such deviations, the Scheme may invest in Bank CDs having highest ratings (i.e. A1+ or equivalent) / CBLOs / Government Securities / T-Bills. Deviation, if any, due to such instances, may continue till maturity, if suitable NCDs / CPs of desired credit quality are not available.
- (vii) Further, the above allocation may vary during the duration of the Scheme due to occurrence of any adverse credit events such as rating downgrade/credit default. In such case, it would be the discretion of the fund

le

	manager to either rebalance the portfolio or continue to hold the instrument in the portfolio in the best interest of the investors.
	(viii) Change in Asset Allocation: Further, in the event of any deviations below the minimum limits or beyond the maximum limits as specified in the above table and subject to the notes mentioned herein, the Fund Manager shall rebalance the portfolio within 30 days from the date of said deviation (provided such deviation is not too close to maturity of the scheme)
	Accordingly, investors should note that there will not be any variation between the intended portfolio allocation and the final portfolio allocation apart from the exceptions as mentioned under clauses (iii), (iv), (v), (vi) and (vii) above.
	 (ix) The Scheme shall not invest in unrated debt instruments. For this purpose, unrated debt securities shall exclude instruments such as CBLO, Reverse Repo, short term deposit to which rating is not applicable. (5) Reporting: After the closure of NFO, the AMC will report in the next meeting of AMC/ Trustees, the publicized percentage allocation and the final portfolio.
Investment	The Investment Philosophy of the fund manager is to generate superior risk-adjusted returns on a consistent
Strategy	basis through a research driven investment approach in line with the investment objective of the scheme. The investment manager will aim to allocate assets of the scheme between various money market and fixed income securities. The actual percentage of investment in various fixed income securities will be decided after considering various factors like the prevailing interest rate and inflation scenario, performance of corporate sector, general liquidity and other considerations.
Risk Profile of the Scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Document carefully for details on risk factors before investment. Scheme Specific Risk Factors are summarized below:
	Risk Factors associated with investments in Fixed Income Securities:
	• Price-Risk or Interest-Rate Risk: Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
	• Credit Risk: In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government securities, there is no credit risk to that extent.
	• Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.
	• Reinvestment Risk: Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
	• Pre-payment Risk: Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
	• Concentration Risk: The Scheme portfolio may have higher exposure to a single sector, subject to maximum of 30% of net assets as specified, depending upon availability of issuances in the market at the time of investment, resulting in higher concentration risk. Any change in government policy / business environment relevant to the sector may have an adverse impact on the portfolio.
	 Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.
	Risk Factors associated with Listing of units:
	 Listing of units of the scheme on stock exchange(s) does not necessarily guarantee liquidity and there can be no assurance that an active secondary market for the units will develop or be maintained.
	 Trading in the units of the Scheme on the Exchange may be halted because of market conditions, including any halt in the operations of Depository Participants or for reasons that in view of the Exchange Authorities or SEBI, trading in the units is suspended and / or restricted. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange rules of 'circuit filter'. There can be no assurance that the requirements of Stock Exchange necessary to maintain the listing of units of scheme will continue to be met or will remain unchanged.
	 Further, the Scheme being a close ended scheme and listed on stock exchange, as per SEBI guidelines, no redemption / repurchase / switches of units will be allowed prior to maturity under the scheme. The investors wishing to redeem their units may do so through stock exchange mode.
	 The Units of the scheme may trade above or below their face value / NAV. The NAV of the scheme will fluctuate with changes in the market value of schemes holdings. The trading prices of units of the scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand which may even lead the units to quote at significant premium or discount to NAV.
	 There is a possibility that the unitholders find it difficult or uneconomical to liquidate their investments at any particular time. As a result, investors in the scheme must be prepared to hold the units until the maturity under the Scheme.

	-
	 Regulatory Risk: Any changes in trading regulations by the Stock Exchange or SEBI, inter alia, may also result in wider premium/ discount to the NAV of the Schemes. Although the Units are proposed to be listed on the Stock Exchange, the AMC and the Trustees will not be liable for any loss suffered by investors due to delay in listing of units of the Schemes on the Stock Exchange or due to connectivity problems with the depositories due to the occurrence of any event beyond their control. As the units of the scheme may be held in electronic (demat) mode through depositories, the records of the depository shall be final with respect to the number of units available to the credit of unitholder. Settlement of trades, redemption/dividend payment, in lieu of such units held in electronic (demat) form, by the Mutual Fund will depend upon the confirmations to be received from depository(ies) on which the Mutual Fund has no control.
	 Risk Factors Associated with Close Ended Schemes: A close ended Scheme endeavours to achieve the capital appreciation only at the scheduled maturity of the Scheme. However, there is no assurance that the said objective will be achieved at the scheduled maturity of the scheme and there is a risk that the capital invested may not be fully realisable upon maturity of the scheme. Investors who wish to exit/redeem before the scheduled maturity date may do so through the stock exchange mode. For the Units listed on the exchange, it is possible that the market price at which the Units are traded may be at a discount to the NAV of such Units. Hence, Unit Holders who sell their Units in a Scheme prior to maturity may not get the NAV returns.
Risk Control Strategies	Investments made by the scheme would be in accordance with the investment objectives of the scheme and provisions of SEBI (MF) Regulations. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in-depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC. Credit Risk
	 Every investment in Debt and Money Market Instruments of any issuer would be made in accordance with Credit policy as defined and established by AMC from time to time. The Credit Policy, which is reviewed and monitored on a regular basis by Investment Committee, inter alia, enumerates issuer selection process, the various parameters to be considered for setting up credit exposure limits and Credit authorisation matrix for such limits, credit monitoring process etc. The following parameters shall be considered for selection : (i) The exposure to a counter party is based on the networth of the counterparty. The fund manager would do a risk assessment of the issuer before making the investments. Further, continuous monitoring of the networth of the company is done. The risk assessment by the fund manager includes the monitoring of the following: Capital Structure Debt Service coverage ratio
	 IV. Profitability margin V. Current ratio (ii) The fund managers determine the sector to which the counter party relates. The fund manager assigns risk weightages to sectors and shall not invest in sectors which carry a high credit risk. The risk weightages are based upon various factors like the nature of products/services of the sector, current state and future outlook for the sector, subsidies provided to the sector and government regulations for the sector. (iii) The fund manager shall also check the track record of the company in terms of its financials and any defaults to its creditors. (iv) The fund managers shall consider the track record of the sponsor/ parent of the counterparty. It includes the financials of the sponsor/ parent company and whether the parent/sponsor has defaulted in the past. (v) The fund manager can also have a call with the Management of the company as a part of its research of the company. (vi) The fund manager will also check for Credit Default Swaps spreads of the company in global market, if any
	available. The above parameters are dependent upon the information available at the time of due diligence. The fund manager shall endeavour to include all these parameters but investors should note that these parameters are indicative and can change from time to time at the discretion of the fund manager. Price-Risk or Interest-Rate Risk The fund will invest in a basket of debt and money market securities maturing on or before maturity of the fund with a view to hold them till the maturity of the fund. While the interim NAV will fluctuate in response to changes in interest rates, the final NAV will be more stable. To that extent the interest rate risk will be mitigated at the maturity of the scheme. Reinvestment Risk Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.
	Concentration Risk The Fund Manager shall endeavor to mitigate the risk by taking exposure to high rated instruments and locking in at the point of investment to such issuance yields. While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

Listing	The scheme being offered through this Scheme Information Document is a close ended Scheme and the units offered under the Scheme will be listed on NSE and/or any other recognized stock exchange/s as may be decided by AMC from time to time within 5 (five) Business days from the date of allotment. Thus, the units of the Scheme will be listed and traded on the stock exchange/s and settled through depository mechanism as per the settlement cycle of the stock exchange/s. As the units will be listed on stock exchange/s, investors/ unitholders can buy / sell units on a continuous basis on the stock exchange/s during the trading hours like any other publicly traded stock at market prices. The minimum number of Units that can be bought or sold on the Exchange is 1 (one) unit. A separate ISIN (International Security Identification Number) will be allotted for each Plan/Option of the respective Scheme. Unitholders who wish to trade in units would be required to have a demat account. Although Units are to be listed on stock exchange/s, there can be no assurance that an active secondary market will develop or be maintained. The AMC and the Trustees will not be liable for delay in trading of Units on stock exchange/s due to the occurrence of any event beyond their control. As per SEBI circular SEBI/IMD/CIR No. 12/147132/08 dated December 11, 2008 the units of the scheme will be listed on NAE and the Trustees have obtained an in-principle approval from NSE vide letter NSE/LIST/30902 dated June 23, 2015.
