### IMPORTANT INFORMATION INSTRUCTIONS FOR ASBA MUTUAL FUND INVESTORS

**Background:** In its continuing endeavour to make the existing public issue process more efficient SEBI introduced a supplementary process of applying in public issues, viz: the "Applications Supported by Blocked Amount (ASBA)" process. Accordingly, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009, as amended have been amended for ASBA process. The salient features of circular no. SEBI/CFD/DIL/ASBA/1/2009/30/12 dated December 30, 2009 available on SEBI website for "Additional mode of payment through Applications Supported by Blocked Amount (hereinafter referred to as "ASBA") are mentioned below for understanding the ASBA process:

**1. Meaning of ASBA:** ASBA is an application for subscribing to a New Fund Offer (NFO), containing an authorisation to block the application money in a bank account.

**2. Self Certified Syndicate Bank (SCSB):** SCSB is a banker to an issue registered with the SEBI which offers the facility of applying through the ASBA process. The list of SCSBs will be displayed by SEBI on its website at [www.sebi.gov.in](http://www.sebi.gov.in) from time to time. ASBAs can be accepted only by SCSBs, whose names appear in the list of SCSBs displayed on SEBI's website. As on April 15, 2010, 27 Banks have been recognised as SCSBs. Investors maintaining their accounts in any of these Banks may approach one of the designated branches of these SCSBs for availing this facility. Further it may be noted that from time to time new banks register themselves as SCSBs who become eligible to provide these services and also the existing SCSBs designate additional branches that also provide this facility. An updated list of all the registered SCSBs, their controlling branches, contact details and details of their contact persons, a list of their designated branches which are providing such services is available on the website of SEBI at the address <http://www.sebi.gov.in>. Further these details are also available on the websites of the Stock Exchanges at <http://www.bseindia.com> and <http://www.nseindia.com>. Alternatively, investors may also contact the AMC, R&TA for information about the SCSBs or the ASBA process. These SCSBs are deemed to have entered into an agreement with the Issuer and shall be required to offer the ASBA facility to all its account holders for all issues to which ASBA process is applicable. A SCSB shall identify its Designated Branches (DBs) at which an ASBA bidder shall submit ASBA and shall also identify the Controlling Branch (CB), which shall act as a coordinating branch for the Registrar to the Issue, Stock Exchanges and Merchant Bankers. The SCSB, its DBs and CB shall continue to act as such, for all issues to which ASBA process is applicable. The SCSB may identify new DBs for the purpose of ASBA process and intimate details of the same to SEBI, after which SEBI will add the DB to the list of SCSBs maintained by it. The SCSB shall communicate the following details to Stock Exchanges for making it available on their respective websites. These details shall also be made available by the SCSB on its website: (i) Name and address of the SCSB (ii) Addresses of DBs and CB and other details such as telephone number, fax number and email ids. (iii) Name and contact details of a nodal officer at a senior level from the CB.

**3. Eligibility of Investors:** An Investor shall be eligible to apply through ASBA process, if he/she: (i) is a "Resident Retail Individual Investor, Non-Individual Investor, QIBs, Eligible NRIs applying on non-repatriation basis, Eligible NRIs applying on repatriation basis i.e. any investor, (ii) is applying through blocking of funds in a bank account with the SCSB; Such investors are hereinafter referred as "ASBA Investors".

**4. ASBA Facility in Brief:** Investor shall submit his Bid through an ASBA cum Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA Investor or bank account utilised by the ASBA Investor ("ASBA Account") is maintained. The SCSB shall block an amount equal to the NFO application Amount in the bank account specified in the ASBA cum Application Form, physical or electronic, on the basis of an authorisation to this effect given by the account holder at the time of submitting the Application. The Bid Amount shall remain blocked in the aforesaid ASBA Account until the Allotment in the New fund Offer and consequent transfer of the Application Amount against the allocated Units to the Issuer's account designated for this purpose, or until withdrawal/failure of the Offer or until withdrawal/rejection of the ASBA Application, as the case may be. The ASBA data shall thereafter be uploaded by the SCSB in the electronic IPO system of the Stock Exchanges. Once the Allotment is finalised, the R&TA to the NFO shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Bidders to the AMC account designated for this purpose. In case of withdrawal/Rejection of the Offer, the R&TA to the Offer shall notify the SCSBs to unblock the blocked amount of the ASBA Bidders within one day from the day of receipt of such notification.

**5. Obligations of the AMC:** AMC shall ensure that adequate arrangements are made by the R&TA for the NFO to obtain information about all ASBAs and to treat these applications similar to non-ASBA applications while allotment of Units, as per the procedure specified in the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009.

The Investment Committee comprises of Senior Executives of the Company including a Director. It oversees the risk management function and sets the framework for credit risk assessment and monitoring, sectoral exposure caps, sensitive sector limits, fund level limits and norms for investment decision-making. This investment policy which emphasizes on credit quality, liquidity and duration management lays down the process to be followed by the debt fund management team while making investments. The broad process followed can be enlisted as under:</p> <ul style="list-style-type: none"> <li>• Detailed credit research is undertaken for each investment in the portfolio which includes qualitative and quantitative assessment of various issuers.</li> <li>• Qualitative assessment involves analyzing the business profile of the issuer on several parameters including market share, competitive positioning, management quality, business diversification, regulatory environment, rating agency views and event risk if any.</li> <li>• Quantitative assessment involves analyzing the financial profile of the issuer on parameters like balance sheet size, cash flow adequacy, debt servicing capability, working capital requirements, funding flexibility and capital adequacy.</li> <li>• Typical ratios used in credit analysis are debt to equity (leverage), short term debt to total debt, interest coverage ratio, total debt to EBITDA, current ratio, EBITDA margin and net profit margin.</li> <li>• To ascertain exposure limits on the issuer, we consider the total debt outstanding for the entity and apply a certain percentage based on our internal grading criteria. The same is also restricted to a certain percentage of our own debt net assets. The investment limits so derived are strictly adhered to.</li> </ul>

<b>Investment Strategy</b>	<p>For the purpose of achieving the investment objective, the Scheme will invest in a portfolio of Debt and Money Market securities, maturing on or before maturity of the Scheme.</p> <p>The AMC has an internal policy for selection of assets of the portfolio. The portfolio is constructed taking into account ratings from different rating agencies, rating migration, credit premium over the price of a sovereign security, general economic conditions and such other criteria. Such an internal policy from time to time lays down maximum/minimum exposure for different ratings, liquidity norms, and so on. Through such norms, the Scheme is expected to maintain a high quality portfolio and manage credit risk well.</p> <p>Investments may be made in instruments, which, in the opinion of the Fund Manager, are of an acceptable credit risk and chance of default is minimum. The Fund Manager will generally be guided by, but not restrained by, the ratings announced by various rating agencies on the assets in the portfolio.</p>																																																												

<b>Where will the scheme invest?</b>	<p>The amount collected under the scheme will be invested only in debt and money market instruments and government securities. Subject to the Regulations, the amount collected under this scheme can be invested in any (but not exclusively) of the following securities/ debt instruments:</p> <p>a) a) Securities created and issued by the Central and State Governments and repo/ reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).</p> <p>b) Debt securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee (including but not limited to Indian Government Bond, State Development Loans issued and serviced at the Public Debt Office, Bonds issued by Central &amp; State Government PSU's which are guaranteed by Central or State Governments)</p> <p>c) Corporate debt (of both public and private sector undertakings) including Non convertible debentures (including bonds) and non-convertible part of convertible securities.</p> <p>d) Money market instruments permitted by SEBI/RBI, having maturities of up to one year but not limited to:</p>	<ul style="list-style-type: none"> <li>• Certificate of Deposits (Cds).</li> <li>• Commercial Paper (Cps)</li> <li>• CBLO, Bills re-discounting, as may be permitted by SEBI from time to time.</li> <li>• Repo of corporate debt securities</li> </ul> <p>e) Any other domestic fixed income securities as permitted by SEBI / RBI from time to time.</p> <p>f) Derivative instruments like Interest Rate Swaps, Interest Rate Futures, Forward Rate Agreements and such other derivative instruments permitted by SEBI/RBI.</p> <p>The securities/debt instruments mentioned above could be listed or unlisted, secured or unsecured, rated and of varying maturities and other terms of issue. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offer or negotiated deals. The Scheme may also enter into repurchase and reverse repurchase obligations in government securities held by it as per guidelines/regulations applicable to such transactions.</p>																																				
<b>Risk Profile of the Scheme</b>	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:</p> <p>a) a) The portfolio of Kotak FMP Series 204 will comprise of securities issued by central and state government as also debt &amp; money market instruments issued by corporates as mentioned under the paragraph 'How will the Scheme allocate its assets'. All such securities will mature on or before maturity of the scheme. As the securities are held to maturity, the interest rate risk is significantly mitigated. The debt securities issued by the corporates do carry a credit risk as also the liquidity risk.</p> <p>b) The Scheme will invest entirely in Debt/ Money Market Instruments and Government securities. Liquidity in these investments may be affected by trading volumes, settlement periods and transfer procedures. These factors may also affect the Scheme's ability to make intended purchases/sales, cause potential losses to the Scheme</p>	<p>and result in the Scheme missing certain investment opportunities.</p> <p>c) Different types of securities in which the scheme would invest as given in the SID carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry higher amount of risk than government securities. Further, even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.</p> <p>d) The market price of the portfolio of Kotak FMP Series 204 like any other listed security, is largely dependent on two factors, viz., (1) the intrinsic value of the unit (or NAV), and (2) demand and supply of units in the market. Sizeable demand or supply of the units in Exchange may lead to market price of the units to quote at premium or discount to NAV. Hence the price of the units is likely to hold significant variance (large premium or discount) from the latest declared NAV all the time.</p>																																				
<b>Plans available</b>	<p><b>There will be two plans under the Scheme namely, Regular Plan and Direct Plan</b></p> <p>Regular Plan: This Plan is for investors who wish to route their investment through any distributor.</p> <p>Direct Plan: This Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Fund and is not available for investors who route their investments through a Distributor.</p> <p>The portfolio of both the plans will be unsegregated.</p>
