NAME OF THE SCHEME : Union Prudence Fund

TYPE OF THE SCHEME : An Open-ended Dynamic Asset Allocation Fund

INVESTMENT OBJECTIVE : The investment objective of the Scheme is to achieve long term capital appreciation and generate income through an equity portfolio by using long equities, equity derivatives and arbitrage opportunities available.

However, there is no assurance that the Investment Objective of the scheme will be achieved.

ASSET ALLOCATION PATTERN OF THE SCHEME : Under normal circumstances, the asset allocation pattern will be as follows:

Instruments	Indicative allocations (% of Net Assets)		Risk Profile
	Minimum	Maximum	
Equity and Equity related instruments	65%	100%	Medium to High
Equity Derivatives	0%	45%	Medium to High
Debt and Money Market Instruments	0%	35%	Low to Medium

Investment in Securitized Debt - Nil

Investments in Derivatives – upto 45% of the net assets of the scheme. The Scheme may use derivatives for such purposes as may be permitted by the Regulations, including for the purpose of hedging and portfolio balancing, based on the opportunities available and subject to guidelines issued by SEBI from time to time. The gross equity exposure will be maintained between 65% to 100% while the net equity exposure is to be maintained between 30% to 100%. The difference between these exposures will be carried out using derivatives. The derivatives may be used to hedge the gross exposure where the net exposure is required to be brought down. For e.g. if the gross exposure to equity shares is 75%, the fund manager may hedge 45% of equity shares using derivatives, to bring down net exposure to equity shares to 30%.

Investments in Securities Lending – upto 20% of its net assets of the scheme (where not more than 5% of the net assets of the scheme will be deployed in securities lending to any single counterparty).

In accordance with SEBI Circular No. Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010, the aggregate asset allocation will not exceed 100% of the net assets of the scheme.

At all times the portfolio will adhere to the overall investment objective of the scheme.

Please refer the Scheme Information Document (SID) of the Scheme for further details.

INVESTMENT STRATEGY : The investment team will follow an active strategy to manage the assets of the fund. The Scheme will invest predominantly in equities. Union Prudence Fund will use a combination of top down and bottom up approach. The top-down process will lead to the active ongoing asset allocation decision between equity and debt and the bottom up process would lead to stock selection across market capitalisation through fundamental research.

The scheme portfolio constructed will be a blend of value and growth stocks picking through fundamental research. The Scheme will use derivatives to hedge the downside risk of the portfolio. The Scheme will take a call on the hedging strategy based on qualitative, quantitative and market factors.

The Scheme will seek to reduce volatility of returns by actively using derivatives as hedge. This will make the Scheme forgo some upside but shall protect downside.

The investment team shall also scan the market for opportunities and shall evaluate the individual companies on their merits, leading to the bottom-up investment decision.

The fund manager shall use derivatives within the permissible limits actively in-addition to hedging and rebalancing the portfolio.

The fund manager could also use active cash calls as a means to rebalance or hedge the portfolio upto the permissible limits.

RISK PROFILE OF THE SCHEME : Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment.

Scheme specific Risk Factors are summarized below:

Risks associated with investments in Equity and Equity related instruments:

Investments in equity and equity related securities involve a degree of risk and investors should not invest in equity schemes unless they afford to take the risk of losing their investment.

Equity instruments by nature are volatile and prone to price fluctuations on a daily basis due to both micro and macro factors. Volatility in the capital markets, changes in policies of the Government, taxation laws or any other political and economic development may negatively affect the prices of the securities invested in by the Scheme. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of some of the investments. The Scheme may inter-alia also may be exposed to the risk arising from over exposure to few securities/issuers/sectors.

Risks associated with Investments in Fixed Income Securities:

The NAV of the Scheme, to the extent invested in Debt and Money Market securities, will be affected by changes in the interest rates due to various factors such as government borrowing, inflation, economic performance etc. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.

Investments in Fixed Income securities may inter-alia carry Re-investment Risk, Spread Risk, Credit/Default Risk and Prepayment Risk.

Risks associated with investments in Derivatives:

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Please refer the SID for further details.

RISK MITIGATION STRATEGIES : The asset allocation of the Scheme will be steadily monitored and it shall be ensured that investments are made in accordance with the scheme objective and within the regulatory and internal investment restrictions prescribed from time to time. A detailed process has been designed to identify measure, monitor and manage portfolio risk.

Some of the risks and the corresponding risk mitigating strategies are listed below:

Risk	Risk mitigation strategy
Market Risk The scheme is vulnerable to price fluctuations and volatility changes, which could have a material impact on the overall returns of the scheme.	Endeavour to have a well diversified portfolio of good companies with the ability to use cash/ derivatives for hedging.
Business Risk Risk related to uncertainty of income caused by the nature of a company's business and having an impact on price fluctuations.	Portfolio companies carefully selected to include those with perceived good quality of earnings.
Derivatives Risk Various inherent risks arising as a consequence of investing in derivatives.	Continuous monitoring of the derivatives positions and strictly adhere to the regulations.
Concentration Risk Risk arising due to over exposure to few securities/issuers/sectors.	Ensuring diversification by investing across the spectrum of securities/issuers/sectors.
Liquidity Risk Risk associated with saleability of portfolio securities	Monitor the portfolio liquidity periodically.
Interest rate risk Security price volatility due to movements in interest rate	Control portfolio duration and periodically evaluate the portfolio structure with respect to existing interest rate scenario.
Credit Risk Risk that the debt issuer may default on interest and/or principal payment obligations	Investment universe carefully defined to include issuers with high credit quality; critical evaluation of credit profile of issuers on an on-going basis.
Performance Risk Risk arising due to changes in factors affecting markets	Endeavour to have a well diversified portfolio of good companies, carefully selected to include those with perceived good quality of earnings.

2) KYC COMPLIANCE WITH ANTI MONEY LAUNDERING (AML) REGULATIONS

In accordance with requirements under the Prevention of Money Laundering Act, 2002, (PMLA) the Rules issued there under and the guidelines and circulars on Anti-Money Laundering issued by SEBI, (collectively "AML Regulations"), mutual funds are required to formulate and implement Client Identification Programme to verify and maintain the record of identity and address(es) of investors. This is commonly referred to as 'Know Your Client' guidelines (KYC).

With a view to streamline implementation of KYC procedures and ensure compliance with the AML Regulations, the mutual fund industry had collectively put in place arrangement with an independent agency (CDSL Ventures Limited) that acted as central record keeping agency ('Central Agency'), and as Central Agency had the responsibility for collection of documents relating to identity and address of investors.

In order to avoid duplication of KYC process with every SEBI registered intermediary and with a view to bringing about uniformity in the KYC requirement and a mechanism for centralization of the KYC records in the securities market, SEBI has vide its various circulars and the SEBI (KYC Registration Agency) Regulations 2011, introduced common KYC across market intermediaries.

With effect from January 01, 2012 ("Effective Date"), SEBI has introduced a common KYC Application Form for all the SEBI registered intermediaries viz. Mutual Funds, Portfolio Managers, Depository Participants, Stock Brokers, Venture Capital Funds, Collective Investment Schemes, etc.

Following are the KYC requirements for new / prospective investors and existing investors:

i. KYC requirements for new / prospective investors:

New/ Prospective Investors are requested to use the common KYC Application Form and carry out the KYC process including In-Person Verification (IPV) with any SEBI registered intermediaries including mutual funds. The KYC Application Forms are available on the website www.unionmf.com.

The Mutual Fund shall perform the initial KYC of its new investors and may also undertake enhanced KYC measures commensurate with the risk profile of its investors in line with the aforesaid circulars / Prevention of Money Laundering Act, 2002, and circulars thereto. The Mutual Fund shall upload the details of the investors on the system of the KYC Registration Agency (KRA). Registrar & Transfer Agent (RTA) of the Mutual Fund may also undertake the KYC of the investors on behalf of the Mutual Fund. On receipt of initial/updated KYC documents from the Mutual Fund, the KRA shall send a letter to the investor within SEBI prescribed timelines, confirming the details thereof.

It is mandatory for intermediaries including mutual funds to carry out In-Person Verification (IPV) of its new investors from the Effective Date. The IPV carried out by any SEBI registered intermediary can be relied upon by the Mutual Fund. The AMC and National Institute of Securities Markets (NISM)/Association of Mutual Funds in India (AMFI) certified distributors who are Know Your Distributor (KYD) compliant are authorised to undertake the IPV for Mutual Fund investors. Further, in case of any applications received directly (i.e. without being routed through the distributors) from the investors, the Mutual Fund may rely upon the IPV (on the KYC Application Form) performed by the scheduled commercial banks.

Further, the Government of India has authorized the Central Registry of Securitization and Asset Reconstruction and Security interest of India (CERSAI), to act as, and to perform the functions of, the Central KYC (CKYC) Records Registry under the PML Rules 2005, including receiving, storing, safeguarding and retrieving the KYC records in digital form of a client, as defined in the Prevention of Money Laundering Act, 2002. Every reporting entity is required to capture the KYC information for sharing with the Central KYC Records Registry (CKYCR). Accordingly, the investors shall be required to provide requisite KYC information/ documents as prescribed by CERSAI and the AMC from time to time. Investors who have already completed CKYC and have a KYC Identification Number (KIN)

can invest in the Mutual Fund by quoting the KIN and by submitting a self certified copy of PAN and by completing In-Person Verification (IPV) as mentioned above

ii. KYC requirements for existing investors:

Existing KYC compliant investors of the Mutual Fund can continue to invest as per the current practice. However, pursuant to SEBI circular no. MIRSD/ Cir-5 /2012 dated April 13, 2012 and subsequent SEBI communication, investors who had completed the erstwhile Centralised Mutual Fund KYC through CDSL Ventures Limited, are required to provide KYC details and complete IPV as per the new KYC requirements, which was not mandated earlier.

It is mandatory for all categories of investors to be KYC compliant for any amount of investment.

AMC reserves the right to reject application forms for transactions in units of the Mutual Fund not accompanied by common KYC Application Form or letter/ acknowledgement issued by the KRA/KIN issued by CERSAI. The KYC compliance status of the investors will be validated with the records of the KRA/CERSAI. For units held in demat form the KYC performed by the Depository Participant of the applicants will be considered as KYC verification done by the Trustee/AMC. In relation to implementation of the SEBI Guidelines on identification of Beneficial Ownership, the AMC reserves the right to call for such information / documents from the investors that the AMC deems fit.

For further details, please refer to the Section on "Prevention of Money Laundering and Know Your Client ("KYC") requirements" in the Statement of Additional Information (SAI).

2. The investor agrees that the proceeds towards redemptions and dividends will be despatched by the AMC or its Registrar & Transfer Agent through a reasonable mode of despatch like courier, post etc. in case of cheque/ demand draft or directly credited to the bank account (as per the details mentioned by the applicant) by using direct credit facility, RTGS or NEFT entirely and solely at the risk of the investor. In case of new investors, the bank account mentioned on the purchase application form used for opening the folio will be treated as default bank account till the investor gives a separate request to register multiple bank accounts and change the default bank account to any of the other registered bank account. Registered bank accounts may also be used for verification of pay-ins (i.e. receiving of subscription funds) to ensure that a third party payment is not used for mutual fund subscription. Default Bank Account will be used for all dividend and redemption payouts unless investor specifies one of the existing registered bank account in the redemption request for receiving redemption proceeds.

(ii) For registering bank details, please enclose cancelled cheque leaf for each of such banks accounts which will help in verification of the account details and register them accurately. The application will be processed only for such accounts for which cancelled cheque leaf is provided. Accounts not matching with such cheque leaf thereof will not be registered. If the bank account number on the cheque leaf is handwritten or investor name is not printed on the face of the cheque, bank account statement or pass book giving the name, address and the account number should be enclosed.

(iii) Any request without the above mentioned documents will be treated as invalid and will not be acted upon and any financial transaction, including redemptions will be carried with the previous details only.
