# SECTION IV. INTRODUCTION

#### A. RISK FACTORS

#### Standard Risk Factors:

- Investment in mutual fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk, including the possible loss of principal.
- As the price/value/interest rates of the securities in which the Schemes invest fluctuates, the value of your investment in the Schemes may go up or down.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Schemes.
- The names of the Schemes do not in any manner indicate either the quality of the Schemes or its future prospects and returns.
- The Sponsors are not responsible or liable for any loss resulting from the operation of the Schemes beyond the initial contribution of Rs. 1 lakh made by it towards setting up the Mutual Fund.
- The present Schemes are not guaranteed or assured return Schemes.

#### Additional Risk Factors for Foreign Investors:

#### 1. Political Risk

Investments in mutual fund Units in India may be materially adversely impacted by Indian politics and changes in the political scenario in India either at the central, state or local level. Actions of the central government or respective state governments in the future could have a significant effect on the Indian economy, which could affect companies, general business and market conditions, prices and yields of securities in which the Schemes invest.

The occurrence of selective unrest or external tensions could adversely affect the political and economic stability of India and consequently have an impact on the securities in which the Schemes invest. Delays or changes in the development of conducive policy frameworks could also have an impact on the securities in which the Schemes invest.

#### 2. Economic Risk

A slowdown in economic growth or macro-economic imbalances such as the increase in central and state level fiscal deficits may adversely affect investments in the country. The underlying growth in the economy is expected to have a direct impact on the volume of new investments in the country.

#### 3. Foreign Currency Risk

The Schemes are denominated in Indian Rupees (INR) which is different from the home currency for Foreign Investors in the mutual fund Units. The INR value of investments when translated into home currency by Foreign Investors could be lower because of the currency movements. The AMC does not manage currency risk for foreign investors and it is the sole responsibility of the Foreign Investors to manage or reduce currency risk on their own. The Sponsor/Fund/Trustees/AMC are not liable for any loss to Foreign Investors arising from such changes in exchange rates.

#### 4. Convertibility and Transferability Risk

In the event capital and exchange controls are imposed by the government authorities, it would prevent Foreign Investors' ability to convert INR into home currency and/or transfer funds outside India. The convertibility and transferability of INR proceeds into home currency is the responsibility of the Foreign Investors.

#### Scheme Specific Risk Factors

Risks associated with investment in fixed income securities

- Liquidity Risk on account of unquoted and unlisted securities: Some securities, which are not quoted on the stock exchanges, may be illiquid in nature and may carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. Within the Regulatory limits, the AMC may choose to invest in unlisted securities that offer returns commensurate with risks. Liquidity risk may also arise due to high impact costs for liquidation of securities held in the portfolio. However, in closed ended schemes, liquidity risk on account of underlying securities' market liquidity does not exist as intermediate liquidity is not required. Liquidity access is done through contractual maturity of the security, which is in line with the term of the schemes.
- Credit Risk and Market Risk: Money market and debt securities are subject to the risk of an issuer's inability to meet interest and principal payments on its debt obligations (credit risk). The Investment Manager will endeavor to create a portfolio with high credit quality in the required investment horizon. These securities may also be subject to price volatility due to factors such as changes in interest rates,

general level of market liquidity and market perception of the creditworthiness of the issuer, among others (market risk). The Investment Manager will endeavor to manage credit risk through in-house credit analysis. An independent Risk Management team within the AMC is responsible for managing the credit risk through in-house credit analysis.

- Reinvestment Risk: Investments made by the Schemes are subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the securities in the Schemes are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- Term Structure of Interest Rates (TSIR) Risk: The NAV of the Schemes' Units, to the extent that the Schemes are invested in fixed income securities, will be affected by changes in the general level of interest rates. When interest rates decline, the value of a portfolio of fixed income securities can be expected to rise. Conversely, when interest rates rise, the value of a portfolio of fixed income securities can be expected to decline. Although this risk exists in a fixed income portfolio, the closed ended nature of the Scheme mitigates the risk as portfolio construction at the time of inception leads to creation of a portfolio with securities whose maturity date is in line with the maturity date of the Scheme.
- Credit Rating Risk: Different types of securities in which the Schemes would invest as given in the SID carry different levels and types of risk. Accordingly the Schemes' risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are rated AAA carry lower default risk than bonds which are AA rated.
- Concentration Risk: Concentration risk arises due to concentrated investment in single security or single issuer.
- Event Risk: Price risk due to company or sector specific event. Investments in the Schemes made in foreign currency by a Unit Holder are subject to the risk of fluctuation in the value of Indian Rupee.
- The underlying benchmark of a floating rate security might become less active or may cease to exist and thus may not be able to capture the exact interest rate movements, leading to loss of value of the security.
- Rating Migration Risk: Fixed income securities are exposed to rating migration risk, which could impact the price on account of change in the credit rating. For example: One notch downgrade of a AAA rated issuer to AA+ will have an adverse impact on the price of the security and vice-versa for an upgrade of a AA+ issuer.

#### Risks associated with investment in equity and equity related instruments

- Price Risk: Equity shares and equity related instruments are volatile and prone to price fluctuations on a daily basis. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risks.
- Liquidity Risk: While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges and may lead to the Scheme incurring losses till the security is finally sold.

#### Risks associated with long-dated equity options

If the Scheme(s) invest in long-dated equity index options as detailed in the section, E. WHAT ARE THE INVESTMENT STRATEGIES?, there are certain unique risk factors that investors should understand. Long-dated equity index options have limited or no liquidity for the most part of their tenure. It has been observed that market activity and liquidity in such options increases as they near the option expiry date. Since no market-based price discovery happens, the valuation of these options, as communicated daily by the exchange, is computed using a model. However, on those days when trades do happen, the traded prices may deviate significantly from the theoretical price.

#### Risk Associated with Derivatives

As and when the Scheme trades in derivative products, there are risk factors and issues concerning the use of derivatives that investors should understand. Derivatives require the maintenance of adequate controls to monitor the transact ions and the embedded market risks that a derivative adds to the port folio. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives. Other risks in using derivatives include but are not limited to:

(i) Credit Risk - this occurs when a counterparty defaults on a transaction before settlement and therefore, the Scheme is compelled to negotiate with another counterparty, at the then prevailing (possibly unfavorable) market price, in order to maintain the validity of the hedge.

For exchange traded derivatives, the risk is mitigated as the exchange provides a guaranteed settlement but one takes the performance risk on the exchange.

- (ii) Market Liquidity risk where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.
- (iii) Model Risk, the risk of mis-pricing or improper valuation of derivatives.
- (iv) Basis Risk, which arises when the instrument used as a hedge does not match the movement in the instrument / underlying asset being hedged.

The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer/ industry assets.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. Some other risks investors must read carefully before making any investments in this Scheme, as it is expected to make investments in equity derivatives are as follows:

Derivative trades involve execution risks, whereby the rates seen on the screen may not be the rate at which ultimate execution takes place.

- The option buyer's risk is limited to the premium paid.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- Risk of loss in trading in futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and potential high volatility of the futures markets.
- The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility in the values.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

#### Risk Factor associated with Listing of Units

- Trading in the Units of the Schemes on the Exchange may be halted because of market conditions or for reasons in view of the Exchange Authorities or SEBI, rendering trading in the Units of the Schemes inadvisable. In addition, trading of the Units of the Schemes is subject to trading halts caused by extraordinary market volatility and pursuant to the Stock Exchange's/market regulator's 'circuit filter' rules. There can be no assurance that the requirements of the concerned Stock Exchange necessary to maintain the listing of the units of the Schemes will remain unchanged.
- Unit holders may find it difficult or uneconomical to liquidate their investments at any particular time. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. As a result, a Unit holder must be prepared to hold the units until the maturity of the Schemes.
- Although the Units of the Schemes will be listed on the Stock Exchange, there can be no assurance that an active secondary market will develop or be maintained.
- The Units of the Schemes may trade at a significant discount or premium on the Stock Exchange. The NAV of the Schemes will fluctuate in accordance with market supply and demand for the units of the Schemes as well as be affected by changes in NAV.
- Regulatory Risk: Any changes in trading regulations by the Stock Exchange or SEBI among other things may also result in a wider premium/ discount to the NAV of the Schemes. Although the Units are proposed to be listed on the Stock Exchange, the AMC and the Trustees will not be liable for any loss suffered by investors due to delay in listing of units of the Schemes on the Stock Exchange or due to connectivity problems with the depositories due to the occurrence of any event beyond their control.
- In case of investments by NRIs during NFO, at the time of redemption of units, TDS will be deducted at the applicable rate. However, in respect of those Unit Holders who have acquired the Units on the Stock Exchange, the Unit Holders would need to provide a certificate from a Chartered Accountant certifying the details of acquisition of Units to the Fund within two days from maturity of the Scheme, so as to enable the Fund to deduct TDS at the applicable rates. In the event of such details not being provided, the Fund would deduct TDS on the redemption proceeds assuming face value as the cost of acquisition.
- The Trustee reserves the right to list the Units of the Schemes on any other recognized Stock Exchange in India, as may be deemed fit, in which case the investors may face risks related to an undeveloped market, delay in settlements etc.
- There may e acts/omissions on the part of the Stock Exchange resulting in the cancellation of Unit Holder's orders or the execution of orders on erroneous terms.

#### Risk Factor associated with Close-ended Schemes

Investing in close-ended Schemes is more appropriate for seasoned investors. A close-ended Scheme endeavors to achieve the desired returns only at the scheduled maturity of the Scheme. Investors who wish to exit/redeem before the scheduled maturity date may do so through the stock exchange mode, if they have opted to hold Units in a demat form, by mentioning their demat details on the NFO application form. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. Hence, Unit Holders who sell their Units in a Scheme prior to maturity may not get the desired returns.

#### B. RISK MANAGEMENT STRATEGIES

DSP BlackRock Investment Managers (DSPBRIM) is committed to a strong control and compliance environment and ensuring that the management structure is appropriate to the scale of the business. DSPBRIM's fiduciary business is managed according to the rules and regulations stipulated for Asset Management Companies by the Securities & Exchange Board of India (SEBI) and also incorporates DSPBRIM's internal policies.

The AMC has systems and processes to monitor all the investment restrictions specified by SEBI and in this document on a regular basis.

#### Risk associated with investment in Fixed Income Securities

(i) Interest Rate Risk: Fall in the value of the portfolio due to upward movement of interest rates - Although this risk exists in a fixed income portfolio, the closed ended nature of the Scheme mitigates the risk as portfolio construction at the time of inception leads to creation of a portfolio with securities whose maturity date is in line with the maturity date of the Scheme.

(ii) Credit Risk: Issuer's inability to meet interest and principal payments on its debt obligations - Credit risk management is an independent function performed by the Risk Management team. The team establishes and continuously monitors credit limits for each issuer based on inputs from issuer financial statements, rating agencies etc. Issuer Risk Limits are imposed on a single issuer as well as an industrial group, for all the schemes. Issuer risk limits cover the quantum of exposure, maximum tenor and in some instances the type of instruments that can be purchased. Risk limits for issuers are assigned after discussion at an internal Credit Committee meeting. The endeavour is to construct a portfolio with high credit quality.

(iii) Liquidity Risk: High impact costs for liquidation of securities held in the portfolio - In a closed ended product, liquidity risk on account of underlying securities' market liquidity is mitigated as intermediate liquidity is not required. Liquidity access is done through contractual maturity of the security, which is in line with the term of the closed ended Scheme.

(iv) Concentration Risk: Concentrated investment in a single security or a single issuer - we follow SEBI prescribed norms on maximum concentration to single issuers.

(v) Event Risk: Price risk due to company or sector specific event - The endeavor is to invest in securities of issuers, which have high balance sheet strength in the investment horizon to eliminate single company risk.

(vi) Rating Migration Risk: As the endeavour is to invest in high grade/quality securities, the probability of rating downgrade is low. The due diligence performed by the Risk and Quantitative Analysis (RQA) team before assigning credit limits should mitigate company-specific issues. The RQA team also monitors these limits after they have been assigned, on an ongoing basis.

#### Risk associated with investment in equity and equity related instruments

The Investment Manager endeavors to invest in companies, where adequate due diligence has been performed by the Investment Manager. As not all these companies are very well researched by third-party research companies, the Investment Manager also relies on its own research. This involves one to one meetings with the management of companies, attending conferences and analyst meets and also tele-conferences. The companywise analysis will focus, amongst others, on the historical and current financial condition of the company, potential value creation/unlocking of value and its impact on earnings growth, capital structure, business prospects, policy environment, strength of management, responsiveness to business conditions, product profile, brand equity, market share, competitive edge, research, technological know-how and transparency in corporate governance.

Our internal fund manager guidelines have maximum active/passive limits per sector and per stock vis-à-vis the benchmark to mitigate excessive risk concentration.

#### Risks associated with long-dated equity options

If the Scheme(s) invest in long-dated equity index options as detailed in the section, E. WHAT ARE THE INVESTMENT STRATEGIES?, the intention of the fund manager is to invest only in those option contracts whose expiry is earlier to, and as close as possible to the maturity of the Scheme. Since this Scheme is close-ended in nature, the fund manager intends to follow a buy-and-hold strategy, and the limited liquidity of long-dated options is not a constraint to the investment strategy of the Scheme.

#### C. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEMES

Each Series of Scheme under the Scheme(s) shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of such Scheme(s). These conditions will be complied with immediately after the close of the NFO itself i.e. at the time of allotment. In case of non-fulfillment with the condition of minimum 20 investors, Scheme(s) concerned shall be wound up in accordance with Regulation 39 (2) (c) of the SEBI (MF) Regulations automatically without any reference from SEBI. In case of non-fulfillment with the condition of 25% holding by a single investor on the date of allotment, the application to the extent of exposure in excess of the stipulated 25% limit would be liable to be rejected and the allotment would be effective only to the extent of 25% of the corpus collected. Consequently, such exposure over 25% limits will lead to refund within 5 Business days from the closure of the NFO period.

#### D. SPECIAL CONSIDERATIONS

- Neither the SID and SAI, nor the Units have been registered in any jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of this SID and the SAI in such jurisdictions are required to inform themselves about, and to observe, any such restrictions. No person receiving a copy of this SID or any accompanying application form in such jurisdiction may treat this SID or such application form as constituting an invitation to them to subscribe for Units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance of any registration or other legal requirements.
- Investment decisions made by the Investment Manager may not always be profitable.

- The Mutual Fund/AMC has not authorized any person to give any information or make any representations, either oral or written, not stated in this SID in connection with issue of Units under the Scheme. Prospective investors are advised not to rely upon any information or representations not incorporated in this SID as the same have not been authorized by the Mutual Fund or the AMC. Any subscription, purchase or sale made by any person on the basis of statements or representations which are not contained in this SID or which are inconsistent with the information contained herein shall be solely at the risk of the investor.
- Suspicious Transaction Reporting: If after due diligence, the AMC believes that any transaction is suspicious
  in nature as regards money laundering, the AMC shall report any such suspicious transactions to competent
  authorities under PMLA and rules/guidelines issued thereunder by SEBI and/or RBI, furnish any such
  information in connection therewith to such authorities and take any other actions as may be required for
  the purposes of fulfilling its obligations under PMLA and rules/guidelines issued thereunder by SEBI and/or
  RBI without obtaining the prior approval of the investor/Unit Holder/any other person.
- The AMC and its Registrar reserve the right to disclose/share investors' personal information with the following third parties:
  - 1. Registrar, Banks and / or authorised external third parties who are involved in transaction processing, dispatches, etc., of investors' investment in the Scheme;
  - 2. Distributors or Sub-brokers through whom applications of investors are received for the Scheme; or
  - 3. Any other organisations for compliance with any legal or regulatory requirements or to verify the identity of investors for complying with anti-money laundering requirements.

Account statements or financial information pertaining to the investor, if it is to be sent over the internet to the Unitholder, distributors or any other entity as indicated above, will be sent only through a secure means and / or through encrypted electronic mail.

- Non-Individual Investors should note the following :
  - 1. A list of specimen signatures of the authorized officials, duly certified / attested should also be attached to the Application Form.
  - 2. In case of application for any transaction, the authorized signatories/officials should sign such application under their official designation and as per the authority granted to them under their constitutional documents/board resolutions etc.
  - 3. In case a generic board resolution authoring investment has been submitted, the AMC/Fund reserves the right to consider such generic resolution as a valid authorisation for all other financial and non-financial transactions including but not limited to redemption/switches etc. Accordingly all transactions executed by the officials named in such generic resolution would be processed by the AMC/Fund.
- The tax benefits described in this Scheme Information Document and Statement of Additional Information are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advise received by the AMC regarding the law and practice currently in force in India and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unit holder is advised to consult his/her own professional tax advisor.
- Investors should study this Scheme Information Document and the Statement of Additional Information carefully in its entirety and should not construe the contents as advise relating to legal, taxation, investment or any other matters. Investors are advised to consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming units, before making a decision to invest / redeem Units.
- Any dispute arising out of the Scheme(s) shall be subject to the exclusive jurisdiction of the Courts in India. Statements in this Scheme Information Document are, except where otherwise stated, based on the law, practice currently in force in India, and are subject to changes therein.
- The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form. In addition, the Mutual Fund may disclose such details to the bankers / its agents, as may be necessary for the purpose of effecting payments to the investor. Further, the Mutual Fund may disclose details of the investor's account and transactions thereunder to any Regulatory/Statutory entities as per the provisions of law.

Investors are urged to study the terms of the offer carefully before investing in the Schemes and retain this SID and the SAI for future reference.

## SECTION V - INFORMATION ABOUT THE SCHEME

#### A. TYPE OF THE SCHEMES

Close ended income Schemes.

#### B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEMES?

The primary investment objective of the Schemes is to generate returns and seek capital appreciation by investing in a portfolio of debt and money market securities. The schemes also seek to invest a portion of the portfolio in equity & equity related securities to achieve capital appreciation. As far as investments in debt and money market securities are concerned, the Schemes will invest only in securities which mature on or before the date of maturity of the Schemes. There is no assurance that the investment objective of the Schemes will be realized.

#### C. HOW WILL THE SCHEMES ALLOCATE ITS ASSETS?

The asset allocation of each of the Schemes will be dependent on the Tenure of the Scheme, as follows:

(1) Schemes with Tenure greater than 36 months and less than or equal to 60 months

Under normal circumstances, the asset allocation of each of the Schemes will be as follows:

Instruments	Indicative Allocation (% of Net Assets)	Risk Profile
Debt securities	50% to 95%	Low to Medium
Money Market Securities	0% to 15%	Low to Medium
Equity & equity related securities	5% to 35%	High

The cumulative gross exposure through equity, debt and derivative positions will not exceed 100% of the net assets of the Scheme.

The net derivatives position shall not exceed 30% of the net assets of the respective Schemes, subject to the regulatory limits.

The Schemes shall not invest in ADR/GDR or foreign securities.

The Schemes shall not invest in securitized debt.

The Schemes will not engage in short selling of securities and securities lending and borrowing.

The Schemes will not participate in repos in corporate debt securities.

The Schemes will not invest in credit default swaps.

The Schemes will invest in reverse repos in securities issued by Government of India

Each Scheme shall have a separate portfolio.

Pending deployment of funds of the Schemes, the AMC may invest funds of the Schemes in short-term deposits of scheduled commercial banks, subject to the following conditions issued by SEBI vide its circular SEBI/IMD/CIR No. 1/91171 /07 dated April 16, 2007:

- 1. The term 'short term' for parking of funds shall be treated as a period not exceeding 91 days.
- 2. Such deposits shall be held in the name of each Scheme.
- 3. Each Scheme shall not park more than 15% of its net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- 4. Each Scheme shall not park more than 10% of its net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.
- 5. The Trustee shall ensure that the funds of each Scheme are not parked in the short term deposits of a bank which has invested in that Scheme.
- 6. AMC will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
- 7. The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.

The Scheme shall invest in various securities/ instruments as mentioned below with the ratings mentioned against the type of instrument. As per the regulations, the Scheme is allowed to invest within a range of 5% of the intended allocation (floor and cap) against each sub asset class/credit rating.

#### Intended Portfolio Allocation for DSPBRDAF - S39 - 36M

	Credit rating (%) AA*	Credit rating (%) Not Applicable
Non - Convertible Debentures (NCDs) /Bonds	80-85	-
Cash & Cash Equivalent (CBLO/ Reverse Repo)	-	0-5
Equity and equity related securities	-	15-20

\*for long term debt instruments

\*\* for short term debt instruments

#### Notes:

- a. All investments shall be made based on rating prevalent at the time of investment. Further, in case of an instrument which has dual rating, the most conservative publicly available rating would be considered.
- b. The total exposure of each Scheme towards BRDS shall not exceed 10% of the net assets of the Scheme.
- c. Further, the Schemes shall not invest more than 10% of its NAV in any unrated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the scheme. All such investments shall be made with the prior approval of the Board of Trustees and the Board of Asset Management Company.
- d. Securities with Rating AA will include AA+ and AA-. Similarly, securities with Rating A1+ will include A1.

There would be no variation between the intended portfolio and the final portfolio, subject to the following:

- (i) Positive variation in investment toward higher credit rating in the same instrument may be allowed.
- (ii) The order of risk-reward in instrument categories could be considered as Certificate of Deposits (CD) being of lower risk compared to Commercial Papers (CPs)/NCDs. The Investment Manager may deploy funds in CDs (with highest rating category i.e. A1+) and/or Collateralized Borrowing and Lending Obligation (CBLO) and/or Reverse Repurchase (RREPO), in case CPs/NCDs/Bonds, are not available or the Investment Manager is of the view that the risk-reward is not in favor of the Unit holders. Such deviation will exist till suitable NCDs/CPs/Bonds of desired credit quality are not available.

Similarly, the Investment Manager may deploy funds in CBLO and/or RREPO, in case CDs are not available or the Investment Manager is of the view that the risk-reward is not in favor of the Unit holders. Such deviation will exist till suitable CDs of desired credit quality is not available.

- (iii) In case the Investment Manager is of the view that the risk-reward of investments in equity and equity related securities is not in the best interest of the Unit holders at a given point in time, then the Investment Manager can deploy funds CBLO and T-bills and in highest rated CDs. This will be done for defensive considerations and will also adhere to the 30 days re-balancing period.
- (iv) At the time of building up the portfolio post NFO and towards the maturity of the Scheme, the Investment Manager may deploy (upto 100%) the funds in cash/cash equivalents/in units of money market/liquid schemes of DSP BlackRock Mutual Fund and/any other mutual Fund in terms of applicable regulations, for temporary period
- (v) The Investment Manager can deploy funds in short-term securities which are rated A1+. Further, in case of dual rating of the security, the most conservative publicly available rating would be considered.
- (vi) Further, in the event of any deviations below the minimum limits or beyond the maximum limits as specified in the above table and subject to the notes mentioned hereinabove, the Investment Manager shall rebalance the portfolio within 30 days from the date of said deviation. Where the portfolio is not rebalanced within 30 Days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme. Such changes in the investment pattern will be for a short term and for defensive considerations and the intention being at all times to seek to protect the interests of the Unit Holders and may be caused due to reason such as non availability of the appropriate assets as mentioned in the above asset allocation matrix or due to perceived weakness in the credit worthiness of the issuer of the assets which are held in the portfolio during the tenor of the Scheme. It is important to highlight here that investments made by the Schemes in equity derivatives will not be subject to re-balancing as articulated in section "E. WHAT ARE THE INVESTMENT STRATEGIES?".

#### D. WHERE WILL THE SCHEMES INVEST?

The Scheme will invest in debt and money market instruments. The Scheme will also invest in equity and equity related instruments. It retains the flexibility to invest across all the securities in the debt and money markets, subject to the intended portfolio allocation as mentioned in section C. HOW WILL THE SCHEMES ALLOCATE ITS ASSETS ?

Debt securities and Money Market Instruments will include but will not be limited to:

- Debt instruments of the Government of India, state and local governments, government agencies, statutory bodies, public sector undertakings, scheduled commercial banks, non-banking finance companies, development financial institutions and corporate entities.
- Debt and Money Market securities and such other securities as may be permitted by SEBI and RBI from time to time.
- Money market instruments including but not limited to, treasury bills, commercial paper of public sector undertakings and private sector corporate entities, REPO, CBLOs, CROMS, certificates of deposit of scheduled commercial banks and development financial institutions, BRDS issued by public sector, private sector and foreign banks, government securities with residual maturity of one year or less and other money market securities as may be permitted by SEBI/RBI Regulations.
- The debt securities could be listed, unlisted, privately placed.
- The non-convertible part of convertible securities.
- Any other like instrument as may be permitted by RBI/SEBI/ other regulatory authority, if any, from time to time.

The scheme may invest in equity securities, which include, but are not limited to:

- Equity shares being securities that represent ownership interest in a company.
- Equity Related Instruments, being securities which give the holder of the security right to receive Equity Shares on pre agreed terms. It includes convertible/optionally convertible/compulsorily convertible preference shares, share warrants and any other security which has equity component embedded in it.
- Equity Derivatives, which are financial instruments, generally traded on the stock exchange, the price of which is directly dependent upon (i.e., "derived from") the value of equity shares or equity indices. Derivatives involve the trading of rights or obligations based on the underlying, but do not directly transfer property.

The Schemes may invest in other schemes managed by the AMC or in the schemes of any other Mutual Fund(s), provided such investment is in conformity to the investment objectives of the Schemes and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all Schemes of the Mutual Fund or in the schemes under the management of other asset management companies shall not exceed 5% of the net asset value of the Mutual Fund.

#### Credit Evaluation Policy

Credit Analysis at DSPBRIM is an independent function performed by the Risk & Quantitative Analysis (RQA) team. The RQA team sets up and monitors lending limits for each debt issuer. Issuer risk limits cover the quantum of exposure, maximum tenor and in some instances the type of instruments that can be purchased by the Investment Manager. An individual scheme's access to the issuer limit is dependent on its investment objectives, regulatory restrictions and assets under management. Risk limits for issuers are assigned and reviewed regularly at an internal Credit Committee meeting.

**Credit evaluation process:** The credit evaluation process includes a thorough analysis of the operating and financial strength of the issuer as well as management and industry risk evaluation. Typically, an interaction with the company management is also sought prior to setting up of issuer limits.

For structured obligations, in addition to the above, the evaluation also covers originator analysis, collateral analysis, structure analysis and embedded risk analysis.

Each credit proposal is discussed by an internal Credit Committee and a limit is assigned, if the issuer/structure is suitable.

#### Sectors in which the Schemes shall not invest

The Schemes shall not invest in debt issued by furniture, floriculture, Glass and Ferro & Silica Manganese Companies.

The Schemes shall not invest in ADR/GDR or foreign securities and securitized debt.

#### Overview of Debt Market in India

The Indian bond market comprises mainly of Government securities; bonds issued by Public Sector Undertakings (PSU), Development Financial Institutions (DFI) and Infrastructure-related agencies; debentures and money market instruments issued by corporate sectors and banks. The Government of India routinely issues Government securities and Treasury bills for liquidity and fiscal management. While the Government issues Treasury bills for 91 days, 182 days and 364 days in a discounted form, coupon-bearing Government securities are issued for maturity ranging from 1 year to as high as 30 years. Both Treasury bills and coupon-bearing securities are auctioned by the RBI on behalf of the Government of India. The Indian bond market has also witnessed increased issuance of bonds from Government-sponsored institutions, DFIs, and infrastructure-related agencies since 1995. These bonds are rated by credit rating agencies like CRISIL, ICRA, CARE and FITCH. They are widely held by market participants because of their liquidity and reduced risk perception due to the government stake in some of them.

The Indian corporate sector has also been frequently raising capital through issuance of non-convertible debentures and commercial papers. Most of the money is raised through the "Private placement" route. These debentures are mostly rated by rating agencies. While some of them trade very actively, most of them are not very liquid. Because of this, they normally trade at a marginally higher yield than bonds issued by PSU and other government-sponsored agencies.

#### Overview of Money Market in India

Money market assets comprise Treasury Bills, Cash Management Bills, Call Money, Collateralized Borrowing and Lending Obligations (CBLO), Repo, Clearcorp Repo Order Matching System (CROMS), fixed deposits, Commercial Papers, Certificate of Deposits, BRDS and any other assets approved by the Reserve Bank of India from time to time. Money market assets are liquid and actively traded segment of fixed income markets.

- Treasury bills and cash management bills are issued by the Government of India through regular weekly auctions. They are mostly subscribed by banks, state governments and other entities. As on 24 July 2015, total outstanding treasury bills are Rs. 482,110 crore\*.
- Certificate of Deposits are issued by scheduled banks for their short-term funding needs. They are normally available for up to 364 days tenor. Certificate of deposits issued by public sector banks are normally rated A1+ (highest short-term rating) by various rating agencies. As on 26 June 2015, outstanding Certificate of Deposits are Rs.230,660 crore\*. Certificate of deposits currently trade at a spread of around 37 basis points\*\* over comparable treasury bills as on 3 August 2015, for a one year tenor.
- Commercial Papers are issued by corporate entities for their short-term cash requirements. Commercial Papers are normally rated A1+ (highest short-term rating) or A1 by various rating agencies. As on 15 July 2015, total outstanding Commercial Papers are Rs. 318,590 crore\*. Commercial papers trade at around 93 basis points\*\* over comparable treasury bills as on 3 August 2015, for a one year tenor.
- Call Money, Repo, CBLO and CROMS are mainly used by the borrowers to borrow a large sum of money on an over-night basis. While Call Money is an unsecured mode of borrowing, CBLO, Repo and CROMS are secured borrowing backed by collaterals approved by the Clearing Corporation of India.

#### E. WHAT ARE THE INVESTMENT STRATEGIES?

The schemes would invest both in equities and fixed income instruments. Within equities and fixed income, the portfolio would be actively managed to optimize returns within the respective asset class.

These schemes are close-ended and endeavor to achieve (a) preservation of the initial investment amount by investing in fixed income securities, and (b) participation in the equity markets by investing in equity shares or equity derivatives (long dated call options).

#### Fixed income strategy

The Investment Manager will invest only in those debt securities that are rated investment grade by a domestic credit rating agency authorised to carry out such activity, such as CRISIL, ICRA, CARE etc. In-house research by the Investment Manager will emphasize on credit analysis, in order to determine credit risk.

While constructing the portfolio, the endeavor of the Investment Manager is to purchase fixed income securities such that their maturity proceeds are equivalent to the initial investment amount. There is no assurance that the investment objective of the Schemes will be realized.

Equity strategy

After the Investment Manager has determined the allocation to debt & money market securities to achieve the initial investment amount, the residual portfolio is invested in equity and equity related securities. There are two approaches to portfolio construction for allocation to equity and equity related securities:

a) <u>Passive strategy</u>: Here the Investment Manager purchases equity derivatives (long dated call options) to provide investors access to equity market returns by purchasing index options. The investments in index options are governed by extant guidelines issued by SEBI, which currently permit maximum allocation of 20% of the Net Asset Value of the scheme. Once purchased, these listed equity derivatives are valued in the portfolio as per the prices provided by the stock exchanges. Since these are long dated options and there is limited or no liquidity available, the price discovery provided by the stock exchanges is through a mathematical model.

Should there be an increase in the price of the options, there exists a possibility that investments in equity derivatives will increase the level defined in the asset allocation tables under section C. HOW WILL THE SCHEMES ALLOCATE ITS ASSETS? It is important for investors to note that it is not possible to reduce allocation to call options as it will go against the investment thesis of the product besides being detrimental to the investors.

- b) <u>Active strategy</u>: The Investment Manager will construct a portfolio by investing in equity shares of companies listed in stock exchanges in India. In the case of active strategy, the Investment Manager prefers adopting a top-down approach with regard to investment in equity and equity related securities. This approach encompasses an evaluation of key economic trends, an analysis of various sectors in the economy leading to an outlook on their future prospects and a diligent study of various investment opportunities within the favoured sectors.
- c) In picking out individual investment opportunities for the portfolio, the Investment Manager will seek both value and growth. Value is discerned when the Investment Manager believes that the inherent worth or long-term growth potential of a company is not fully reflected in the share price of the company. Growth stocks, as the term suggests, are those stocks that are currently in the growth phase. Such growth in earnings could be due to a new product, a new process, growing market share, stronger brand equity, technological breakthrough and unique or predominant position in a market, among other factors.

The Investment Manager will conduct in-house research in order to identify value and growth stocks. The analysis will focus, among other things, on the historical and current financial condition of the company, capital structure, business prospects, strength of management, responsiveness to business conditions, product profile, brand equity, market share, competitive edge, research and technological know-how and transparency in corporate governance. The quality or strength or management would be a key focus area.

#### Hedging Policies in Connection with Trading in Derivatives

SEBI has permitted mutual funds to participate in derivatives trading, subject to the observance of guidelines issued by SEBI. Pursuant to this, the mutual funds may use various derivative and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unit holders' interest. The Mutual Fund has to comply with the prescribed disclosure requirements.

The Mutual Fund may use derivative instruments like Interest Rate Swaps, Forward Rate Agreements, stock future or other derivative instruments for the purpose of hedging and portfolio balancing or for its efficient management. Derivative instruments may take form of stock Index futures, options on Indices, Interest rate swaps, Forward rate agreements and such other derivative instruments as may be available from time to time and appropriate for the portfolio.

#### Advantages of Trading in Derivatives

Advantages of derivatives are many. The use of derivatives provides flexibility to the Schemes to hedge whole or part of the portfolio. The following section describes some of the more common derivatives transactions along with their benefits:

Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index, such as interest rates, exchange rates, commodities, and equities.

#### 1. Futures

A futures contract is a standardized contract between two parties where one of the parties commits to sell, and the other to buy, a stipulated quantity of a security at an agreed price on or before a given date in future.

Currently, futures contracts have a maximum expiration cycle of 3 months. Three contracts are available for trading, with 1 month, 2 months and 3 months expiry respectively. A new contract is introduced on the next trading day following the expiry of the relevant monthly contract. Futures contracts typically expire on the last Thursday of the month. For example a contract with the May 2014 expiration expires on the last Thursday of May 2014 (May 29, 2014).

Basic Structure of an Index Future

The Stock Index futures are instruments designed to give exposure to the equity markets indices. The Stock Exchange, Mumbai (BSE) and The National Stock Exchange (NSE) have trading in index futures of 1, 2 and 3 month maturities. The pricing of an index future is the function of the underlying index and short term interest rates. Index futures are cash settled, there is no delivery of the underlying stocks.

#### Example using hypothetical figures:

1 month ABC Index Future

If the Scheme buys 1,000 futures contracts, each contract value is 100 times the futures index price.

Purchase Date	:	January 2, 2015
Spot Index	:	8100.00
Future Price	:	8110.00
Date of Expiry	:	January 29, 2015
Margin	:	10%

Assuming the exchange imposes a total margin of 10%, the Investment Manager will be required to provide a total margin of approx. Rs. 81,100,000 (i.e. 10%\*8110\*1000\*100) through eligible securities and cash.

Assuming on the date of expiry, i.e. January 29, 2015 ABC Index closes at 8125, the net impact will be a profit of Rs. 1,500,000 for the Scheme, i.e. (8125-8110) \* 1000 \* 100 Futures price = Closing spot price = Rs. 8125.00.

Profits for the Scheme = (8125-8110) \* 1000\*100 = Rs. 1,500,000.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity.

The net impact for the Scheme will be in terms of the difference of the closing price of the index and cost price. Thus, it is clear from the above example that the profit or loss for the Scheme will be the difference between the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and potential mis-pricing of the futures.

#### Basic Structure of a Stock Future

A futures contract on a stock gives its owner the right and obligation to buy or sell stocks. Single Stock Futures traded on NSE (National Stock Exchange) are cash settled; there is no delivery of the underlying stocks on the expiration date. A purchase or sale of futures on a security gives the trader essentially the same price exposure as a purchase or sale of the security itself. In this regard, trading stock futures is no different from trading the security itself.

#### Example using hypothetical figures:

The Scheme holds shares of XYZ Ltd., the current price of which is Rs. 500 per share. The Scheme sells one month futures on the shares of XYZ Ltd. at the rate of Rs. 540. If the price of the stock falls, the Mutual Fund will suffer losses on the stock position held. However, in such a scenario, there will be a profit on the short futures position.

At the end of the period, the price of the stock falls to Rs. 450 and this fall in the price of the stock results in a fall in the price of futures to Rs. 470. There will be a loss of Rs. 50 per share (Rs. 500 - Rs. 450) on the holding of the stock, which will be offset by the profits of Rs. 70 (Rs. 540 - Rs. 470) made on the short futures position.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. Certain factors like margins and other related costs have been ignored. The risks associated with stock futures are similar to those associated with equity investments. Additional risks could be on account of illiquidity and potential mis-pricing of the futures.

#### 2. Options

An option gives a person the right but not an obligation to buy or sell something. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium) and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

An option contract may be of two kinds:

#### 1) Call option

An option that provides the buyer the right to buy is a call option. The buyer of the call option can call upon the seller of the option and buy from him the underlying asset at the agreed price. The seller of the option has to fulfill the obligation upon exercise of the option.

2) Put option

The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Option contracts are classified into two styles:

(a) European Style

In a European option, the holder of the option can only exercise his right on the date of expiration only.

(b) American Style

In an American option, the holder can exercise his right anytime between the purchase date and the expiration date.

#### Basic Structure of an Equity Option

In India, options contracts on indices are European style and cash settled whereas, option contracts on individual securities are American style and cash settled.

Example using hypothetical figures:

Market type	: N
Instrument Type	: OPTSTK
Underlying	: XYZ Ltd. (XYZ)
Purchase date	: January 2, 2015
Expiry date	: January 29, 2015
Option Type	: Put Option (Purchased)
Strike Price	: Rs. 5,750.00
Spot Price	: Rs. 5,800.00
Premium	: Rs. 200.00
Lot Size	: 100
No. of Contracts	: 50

Say, the Mutual Fund purchases on January 2, 2015, 1 month Put Options on XYZ Ltd. (XYZ) on the NSE i.e. put options on 5000 shares (50 contracts of 100 shares each) of XYZ.

As these are American style options, they can be exercised on or before the exercise date i.e. January 29, 2015. If the share price of XYZ Ltd. falls to Rs. 5,500/- on January 22, 2015and the Investment Manager decides to exercise the option, the net impact will be as Follows:

Premium Expense = Rs. 200 * 50 * 100	= Rs. 10,00,000/-
Option Exercised at	= Rs. 5,500/-
Profits for the Mutual Fund	= (5,750.00 - 5,500.00) * 50 * 100 = Rs. 12,50,000/-
Net Profit	= Rs. 12,50,000 - Rs. 10,00,000 = Rs. 2,50,000/-

In the above example, the Investment Manager hedged the market risk on 5000 shares of XYZ Ltd. by purchasing put options.

Please note that the above example is given for illustration purposes only. Some assumptions have been made for the sake of simplicity. Certain factors like margins have been ignored. The purchase of Put Options does not increase the market risk in the Mutual Fund as the risk is already in the Mutual Fund's portfolio on account of the underlying asset position (in his example shares of XYZ Ltd.). The Premium paid for the option is treated as an expense and added to the holding cost of the relevant security. Additional risks could be on account of illiquidity and potential mis-pricing of the options.

#### 3. Interest Rate Swap (IRS)

Any swap is effectively an exchange of one set of cash-flows for another considered to be of equal value. If the exchange of cash flows is linked to interest rates, it becomes an interest rate swap.

An interest rate swap is an agreement between two parties to exchange future payment streams based on a notional amount. Only the interest on the notional amount is swapped, and the principal amount is never exchanged.

In a typical interest rate swap, one party agrees to pay a fixed rate over the term of the agreement and to receive a variable or floating rate of interest. The counterparty receives a stream of fixed rate payments at regular intervals as described in the agreement and pays the floating rate of interest. A fixed / floating interest rate swap is characterized by:

#### 1. Fixed interest rate;

2. Variable or floating interest rate, which is periodically reset;

- 3. Notional principal amount upon which total interest payments are based; and
- 4. The terms of the agreement, including a schedule of interest rate reset dates, payment dates and termination date.

The primary reason for engaging in an interest rate swap is to hedge the interest rate exposure. An illustration could be an institution having long-term fixed rate assets (longer tenor securities receiving fixed rate) in a rising interest rate environment; it can hedge the interest rate exposure by purchasing an interest rate swap where the institution receives floating interest rate and pays fixed rate. In this case, an interest rate swap is likely to reduce the duration and interest rate volatility of the fund.

Example:

Fixe	d rate payments	Fixed rate payments
FIXED-RATE PAYER	>MARKET MAKE	R>FLOATING-RATE PAYER
<		<
	NSE MIBOR	NSE MIBOR
Terms:		
Fixed Interest Rate	: 5.50 % p.a.	
Variable Interest Rate	: NSE Over-Night MIBC	OR reset daily and compounded daily
Notional Principal Amount	: Rs. 100 Crore	
Period of Agreement	: 5 years	
Payment Frequency	: Semi-annual	

Now, suppose the six-month period from the effective date of the swap to the first payment date comprises 182 days and the daily compounded NSE Over-Night MIBOR is 4.50% p.a. on the first payment date, then the fixed and variable rate payments on the first payment date would be as follows:

Fixed rate payment:

Rs. 2,74,24,658 = (Rs. 100,00,000) x (5.50%) x (182 Days / 365 Days)

Variable rate payment:

Rs. 2,51,80,822 = (Rs. 100,00,00,000) x (4.50 %) x (182 Days / 365 Days)

Often, a swap agreement calls for only the exchange of net amount between the counterparties. In the above example, the fixed-rate payer will pay the variable-rate payer a net amount of Rs. 22,43,836 = Rs. 2,74,24,658 - Rs. 2,51,80,822

The second and final payment will depend on the daily NSE MIBOR compounded daily for the remaining 183 days. The fixed rate payment will also change to reflect the change in holding period from 182 days to 183 days.

#### 4. Forward Rate Agreement (FRA)

An FRA is an off balance sheet agreement to pay or receive, on an agreed future date, the difference between an agreed interest rate and the interest rate actually prevailing on that future date, calculated on an agreed notional principal amount. It is settled against the actual interest rate prevailing at the beginning of the period to which it relates rather than paid as a gross amount.

An FRA is referred to by the beginning and end dates of the period covered. Thus a 5x8 FRA is one that covers a 3-month period beginning in 5-months and ending in 8-months. FRAs are purchased to hedge the interest rate risk; an investor facing uncertainty of the interest rate movements can fix the interest costs by purchasing an FRA.

An illustration could be a corporation having floating rate debt linked to an index such as, say, 3-Month MIBOR. If the existing interest cost is at 5% on Rs.100 Crores for the next three months, the corporation can purchase a 3x6 FRA @ 5.1% on Rs.100 Crores and fix the interest cost for the 3-6 months period. If the actual 3-Month MIBOR after 3-months is at 5.25%, the corporation has saved 15 bps in interest cost. As the settlement is done at the beginning of the period, the savings in interest expense are discounted to a present value using a 3-month rate to calculate the actual settlement amount.

The flows for the institution will be, as follows:

Interest Savings = Rs. 100 Crores \* 15 bps \* 92/365

(assuming 92 days in the 3 month FRA period and 365 days in the conventional year)

= Rs.3,78,082.19

Settlement Amount = Rs.3, 78,082.19/ (1+5.25%\*92/365)

Exposure Limits:

With respect to investments made in derivative instruments, the Schemes shall comply with the following exposure limits in line with SEBI Circular Cir/IMD/DF/11/2010 dated August 18, 2010:

1. The cumulative gross exposure through equity, debt and derivative positions will not exceed 100% of the net assets of the respective Scheme. However, exposure in cash or cash equivalents with residual maturity of less than 91 days shall not be considered while calculating the gross exposure.

2. The total exposure related to option premium must not exceed 20% of the net assets of the Scheme.

3. The Mutual Fund shall not write options or purchase instruments with embedded written options.

4. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:

- a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
- b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
- c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
- d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

5. The Mutual Fund may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.

6. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1.

7. Definition of Exposure in case of Derivative Positions:

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option Bought	Option Premium Paid * Lot Size * Number of Contracts

#### F. FUNDAMENTAL ATTRIBUTES

#### G. HOW WILL THE SCHEMES BENCHMARK THEIR PERFORMANCE?

Schemes	Benchmark	Rationale for choosing benchmark
For Schemes having maturity of more than 36 months and upto 60 months	CRISIL MIP Blended Index	CRISIL MIP Blended Index aims to track the performance of a hybrid portfolio comprising of Nifty (15%) and CRISIL Composite Bond Fund Index (85%). Thus, the benchmark is aligned with the expected asset allocation and investment universe of the Scheme.

The composition of the aforesaid benchmarks is such that it is most suited for comparing performance of the Schemes. The Trustee may change the benchmark for any of the Schemes in future, if a benchmark better suited to the investment objective of the Scheme is available at such time.

I. WHAT ARE THE INVESTMENT RESTRICTIONS?

As per the Trust Deed read with the SEBI (MF) Regulations, the following investment restrictions apply in respect of the Schemes at the time of making investments. However, all investments by the Schemes will be made in accordance with the Investment Objective and Investment Pattern described earlier, as well as the SEBI (MF) Regulations, including Schedule VII thereof, as amended from time to time.

1. a. The Schemes shall not invest more than 15% of their NAV in debt instruments issued by a single issuer rated not below investment grade by a credit rating agency authorized to carry out such activity under the Securities and Exchange Board of India Act, 1992 and this limit may be extended to 20% of the NAV of the Schemes, subject to prior approval of the Boards of the AMC and the Trustee. All such investments shall be subject to the prior approval of the Boards of the AMC and the Trustee.

The aforementioned limits shall not be applicable for investment in Government securities.

b. The Schemes shall not invest more than 30% of their NAV in money market instruments of an issuer. Such limit shall not be applicable for investments in Government securities, treasury bills and collateralized borrowing and lending obligations.

- 2. The Mutual Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights.
- 3. Transfer of investments from one Scheme to another Scheme in the Mutual Fund shall be allowed only if:
  - a. such transfer is done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a stock exchange for spot transactions); and transfer of unquoted securities will be made as per the policy laid down by the Trustee from time to time; and
  - b. the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
- 4. The Schemes shall not invest more than 10% of its NAV in any unrated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the scheme. All such investments shall be made with the prior approval of the Board of Trustees and the Board of asset management company.
- 5. The Schemes may invest in another scheme under the AMC or any other mutual fund without charging any fees, provided that the aggregate inter-scheme investment made by all Schemes under the same management or in Schemes under the management of any other asset management company shall not exceed 5% of the Net Asset Value of the Mutual Fund.
- 6. The Scheme shall not invest in a fund of funds scheme.
- 7. The Schemes shall not invest in securitized debt.
- 8. The Schemes shall not invest in ADR/GDR or foreign securities.
- 9. The Schemes will not participate in repos in corporate debt securities
- 10. The Schemes will not invest in credit default swaps.
- 11. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard.

- 12. The Mutual Fund shall get the securities purchased/transferred in the name of the Mutual Fund on account of the Schemes, wherever the instruments are intended to be of a long term nature.
- 13. Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks, subject to the following conditions issued by SEBI vide its circular SEBI/IMD/CIR No. 1/ 91171/07 dated April 16, 2007:
  - a. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
  - b. Such short-term deposits shall be held in the name of Scheme.
  - c. The Schemes shall not park more than 15% of their net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
  - d. The Schemes shall not park more than 10% of their net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.

- e. The Trustee shall ensure that the funds of the Schemes are not parked in the short term deposits of a bank which has invested in the Schemes.
- f. AMC will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
- g. The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.
- 14. The Schemes shall not make any investment in:
  - a) any unlisted security of any associate or group company of the Sponsors; or
  - b) any security issued by way of private placement by an associate or group company of the Sponsors; or
  - c) the listed securities of group companies of the Sponsors, which is in excess of 25% of the net assets.
- 15. Save as otherwise expressly provided under SEBI (MF) Regulations, the Mutual Fund shall not advance any loans for any purpose. and the Mutual Fund shall not borrow except to meet temporary liquidity needs of the Schemes for the purpose of payment of interest or dividends to Unit Holders, provided that the Mutual Fund shall not borrow more than 20% of the net assets of each of the Schemes and the duration of such borrowing shall not exceed a period of six months.
- 16. The Schemes shall not invest more than 10% of their NAV in the equity shares/equity related instruments of any company.
- 17. The Schemes, shall not invest more than 10% of their NAV in the unlisted equity shares or equity related instruments.
- 18. If any company invests more than 5 percent of the NAV of any of the Schemes, investment made by that or any other Scheme of the Mutual Fund in that company or its subsidiaries will be disclosed in accordance with the SEBI (MF) Regulations.
- 19. The Schemes will comply with any other Regulation applicable to the investments of mutual funds from time to time.
- 20. Further, in terms of SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012 read with SEBI circular no. CIR/IMD/DF/24/2012 dated November 19, 2012, the total exposure of the Scheme in a particular sector (excluding investments/deployments in Short Term deposits of Scheduled Commercial Banks, in Bank CDs, CBLO, G-Secs, TBills and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) shall not exceed 30% of the net assets of the Scheme. However, the Scheme can have an additional exposure to financial services sector (over and above the limit of 30%) not exceeding 10% of the net assets of the scheme in Housing Finance Companies (HFCs). The additional exposure to such securities issued by HFCs should be rated AA and above and these HFCs should be registered with National Housing Bank (NHB) and the total investment/ exposure in HFCs shall not exceed 30% of the net assets of the Scheme.

At the time of investment, the AMC would use Association of Mutual Funds in India (AMFI) defined sector category. The list of sector/category of investment including rating and limits are subject to regulatory changes.

The above restriction on sectoral limits will not be applicable to the equity portion of the Scheme.

These investment limitations/parameters as expressed (linked to the Net Asset/Net Asset Value/capital) shall, in the ordinary course, apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciation or depreciation in value or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Mutual Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, the AMC shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unit Holders.

Further, in the event of any deviations below the minimum limits or beyond the maximum limits as specified in the table and subject to the notes mentioned on page no. 16, the Investment Manager shall rebalance the portfolio within 30 days from the date of said deviation. Where the portfolio is not rebalanced within 30 Days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

The Trustee /AMC may alter the above stated limitations from time to time, and also to the extent the SEBI (MF) Regulations change, so as to permit the Schemes to make their investments in the full spectrum of permitted investments in order to achieve their investment objective.

All investment restrictions shall be applicable at the time of making investment.

#### J. HOW HAVE THE SCHEMES PERFORMED?

This is a new Scheme being launched and hence, there is no performance track record.

Investors are informed that the Mutual Fund/AMC and its empanelled brokers have not given and shall not give any indicative portfolio and indicative yield in any communication, in any manner whatsoever. Investors are advised not to rely on any communication regarding indicative yield/ portfolio with regard to the Schemes.

Multiple Bank Account Registration	In compliance to AMFI Best Practice Guidelines, AMFI circular No. 17/10-11 dated October 22, 2010. The Mutual Fund offers its investors facility to register multiple bank accounts for pay-in & payout purposes and designate one of the registered bank account as "Default Bank Account". Individuals, HUFs, Sole proprietor firms can register upto five bank accounts and a non-individual investor can register upto ten bank accounts in a folio. This facility can be availed by using a designated "Bank Accounts Registration Form" available at Investor Service Centers and Registrar and Transfer Agent's offices. In case of new investors, the bank account mentioned on the purchase application form, used for opening the folio, will be treated as default bank account till the investor gives a separate request to register multiple bank account. Registered bank accounts may also be used for verification of pay-ins (i.e. receiving of subscription funds) to ensure that a third party payment is not used for mutual fund subscription. Default Bank Account will be used for all dividends and redemptions payouts unless investor specifies one of the existing registered bank account. Registered bank account of "Multiple Bank Accounts Facility", the existing facility of redemption with change of bank mandate is discontinued by the Mutual Fund. New bank accounts can only be registered bank account specified in the specific redemption request for receiving redemption proceeds will not be considered.
Third Party Payment Avoidance and additional documents / declaration required	To safeguard the interests of applicant/investors and avoid fraudulent transactions in any other name, the Mutual Fund does not accept Third Party Payments. Please refer SAI for Details.
Facility to transact in units of the Schemes through MF Utility portal & MFUI Points of Services pursuant to appointment of MF Utilities India Pvt. Ltd.	The AMC has entered into an Agreement with MF Utilities India Pvt. Ltd.(MFUI), for usage of MF Utility ("MFU") - a shared services initiative of various Asset Management Companies, which acts as a transaction aggregation portal for transacting in multiple schemes of various Mutual Funds with a single form and a single payment instrument.
	Investors can execute financial and non-financial transactions pertaining to Schemes of the Fund electronically on the MFU portal i.e. <u>www.mfuonline.com</u> as and when such a facility is made available by MFUI. The MFU portal i.e. <u>www.mfuonline.com</u> will be considered as Official Point of Acceptance for such transactions.
	The Points of Service ("POS") of MFUI with effect from the respective dates as published on MFUI website i.e. www.mfuindia.com against the POS locations will be considered as Official Point of Acceptance/ Investor Services Centre where application for financial transactions in schemes of the Fund will be accepted on an ongoing basis. Further, investors can also submit their non-financial transaction requests at the POS.
	The salient features of the facility to transact in units of the Schemes through MFU are given below:
	<ol> <li>Common Account Number ("CAN"): Investors are required to submit duly filled in CAN Registration Form ("CRF") and prescribed documents at the MFUI POS to obtain CAN. The CRF can be downloaded from MFUI website i.e.</li> </ol>

	users refutable comercan he abteined from MEULDOC
	www.mfuindia.com or can be obtained from MFUI POS.
	CAN is a single reference number for all investments in the Mutual Fund industry, for transacting in multiple schemes of various Mutual Funds through MFU and to map existing investments, if any. MFU will map the existing folios of investors in various schemes of Mutual Funds to the CAN to enable transacting across schemes of Mutual Funds through MFU. The AMC and / or its Registrar and Transfer Agent (RTA) shall provide necessary details to MFUI as may be needed for providing the required services to investors / distributors through MFU.
	<ul> <li>CAN registered investors can transact in physical mode through MFUI POS by submitting relevant Common Transaction Form prescribed by MFUI.</li> <li>CAN registered investors can transact through electronic mode through MFU portal i.e. www.mfuonline.com as and when such a facility is made available to them by MFUI. The time of transaction submission done through MFU portal i.e. www.mfuonline.com and the successful receipt of the same in the servers of MFUI would be the time-stamp for the transaction.</li> </ul>
	3. Investors not registered with MFUI can also submit their financial & non-financial transactions request at MFUI POS by giving reference of their existing folio number allotted by the Fund.
	4. The transactions on the MFU portal shall be subject to the terms & conditions as may be stipulated by MFUI / Mutual Fund / the AMC from time to time.
	All other terms and conditions of offering of the Scheme as specified in the SID, KIM and SAI shall be applicable to transaction through MFUI.
Cash Investments in mutual funds	In order to help enhance the reach of mutual fund products amongst small investors, who may not be tax payers and may not have PAN/bank accounts, such as farmers, small traders/businessmen/workers, SEBI has permitted receipt of cash transactions for fresh purchases/ additional purchases to the extent of Rs. 50,000/- per investor, per financial year shall be allowed subject to:
	<ul> <li>compliance with Prevention of Money Laundering Act, 2002 and Rules framed there under; the SEBI Circular(s) on Anti Money Laundering (AML) and other applicable Anti Money Laundering Rules, Regulations and Guidelines; and</li> </ul>
	ii. sufficient systems and procedures in place.
	However, payment towards redemptions, dividend, etc. with respect to aforementioned investments shall be paid only through banking channel.
	The Fund/AMC is currently in the process of setting up appropriate systems and procedures for the said purpose. Appropriate notice shall be displayed on its website viz. as well as at the Investor Service Centres, once the facility is made available to the investors.

## B. ONGOING OFFER DETAILS

B. ONGOING OFFER DETAILS	
Ongoing Offer Period* (This is the date from which the Scheme will reopen for subscriptions/redemptions after the closure of the NFO period)	Not applicable. Being close ended Schemes, investors can subscribe to Units of the Schemes through the Mutual Fund/AMC only during the NFO period. However, once the Units are listed, an investor can buy/sell Units of the Schemes on a continuous basis on the BSE and/or any other Stock Exchange like any other publicly traded stock.
Ongoing price for subscription (Purchase Price)* (This is the price you need to pay for purchase/switch-in)	Being close ended Schemes, investors can subscribe to Units of the Schemes through the AMC/Fund at Rs. 10/- per Unit only during the NFO period of each Scheme. However, once the Units are listed, an investor can buy Units of the Schemes from the exchange at prices which may be above or below the actual NAV of the Schemes, depending upon the supply and demand of the Units at that point of time.
	A separate ISIN (International Security Identification Number) will be allotted for each Option under the Schemes.
Ongoing price for redemption (sale) /switch outs (to other Schemes/plans of the Mutual Fund)/intra-Plan switching by investors (Redemption Price)*(This is the price you will receive for redemptions/switch outs)	Redemption/Switch-out is not permitted by the Mutual Fund during the term of the Schemes. However, once the Units are listed, an investor can sell Units of the Schemes through the Exchange at prices which may be above or below the actual NAV of the Schemes, depending upon the supply and demand of the Units at that point of time. No request for redemption or switch will be accepted by the Mutual Fund/Registrar.
* Investors can only trade in the Units of the Schemes on the Stock Exchange, if they have provided complete demat account details in the application form at the time of NFO, or post allotment, have dematerialized their units.	
Cut off timing for subscription/redemption/ switch out	For purchases and switch-ins The Units of the Schemes will not be available for subscriptions/switch-in after the closure of the NFO period.
(This is the time before which your redemption request (complete in all respects) should reach the official points of acceptance)	For redemptions and switch-outs Redemption/switch-out through the Fund/AMC is not permitted during the term of the Schemes. Therefore, the provisions of cut-off timing for redemption/switch-out will not be applicable. However, once the Units are listed, an investor can buy/sell the units on a continuous basis on the Exchange during the trading hours, like any other publicly traded stock.
	Unit holders are requested to note that application for redemption/switch-out for units for which funds are not realized via purchase or switch-in in the scheme of the Fund shall be liable to be rejected. In other words, redemption or switch out of units will be processed only if the funds for such units are realized in the scheme by a way of payment instructions/transfer or switch-in funding process.
	Further, all switch funding shall be in line with redemption funding timelines adopted by the concerned scheme i.e. if a scheme follows $T+3$ payout for redemption, the switch out funding should also be made on the $T+3$ and not earlier or later than $T+3$ , where T is the day of transaction.
	Switch-out request to other Schemes of the Mutual Fund will be accepted upto 3.00 p.m. on the Maturity Date.
Where can the applications for purchase/redemption/ switch-	The Units will not be available for subscription/switch-in after the closure of the NFO period.
out be submitted?	Redemption/Switch-out is not permitted during the term of the Schemes. However, once the Units are listed, the Units can be sold by making such request in the prescribed form to the DP. Switch-out applications from the Schemes to any other scheme(s) of the Mutual Fund on the Maturity Date may be submitted at any of the official points of acceptance of transactions, the addresses of which are given at the end of this SID.
Listing	The Units of the Schemes will be listed on the Capital Market Segment of BSE within 5 business days of allotment. BSE has vide its letter no. DCS/IPO/UZ/MF-IP/766/2014-15 dated May 12, 2015, provided in-principle approval to the Mutual Fund for listing of the Units of the Schemes on BSE.

	The Mutual Fund may at its sole discretion list the Units under the respective Schemes on any other recognized Stock Exchange(s) at a later date. The Trustee shall issue an addendum for listing of Units on any other recognised Stock Exchange in India, and a public notice to this effect will be given in two newspapers and also displayed at the Investor Service Centres. All regulatory procedures will be followed in this regard.
	An investor can buy/sell Units on a continuous basis on BSE and/or any other Stock Exchange(s) on which the Units are listed during the trading hours like any other publicly traded stock. The Mutual Fund reserves the right to suspend/deactivate/freeze trading of the Schemes and do all such matters with respect to closure of the Scheme at any time upto 10 days prior to the maturity. The proceeds of the maturity will be payable to the persons/beneficial owners/lien holders whose names appear in the beneficiary position as on the record date for maturity, as per the information available from the depositories.
	The record date for determining the Unit holders whose name(s) appear on the list of beneficial owners as per the Depositories (NSDL/CDSL) records for the purpose of redemption of Units on Maturity / Final Redemption date ("Maturity Record Date") will be one working day prior to the Maturity / Final Redemption date. The stock exchange(s) will suspend trading in Units one working day prior to the Maturity Record Date. No separate notice will be issued by the AMC informing about Maturity Record Date or Suspension of trading by the stock exchange. However, the Fund reserves the right to change the Maturity Record Date by issue of suitable notice.
	The price of the Units in the market will depend on demand and supply at that point of time. There is no minimum investment, although Units are purchased in round lots of 1.
	As the Stock Exchange(s) do not allow trading of fractional units, Units may be allotted only in integers by rounding off the Units allotted to the lower integer and the balance amount may be refunded to the investor.
	Transaction Cost: Though there will be no entry/exit load for buying/selling the Units from/to the secondary market, the investors will have to bear the other costs related to transacting in the secondary market, e.g. brokerage, service tax, etc.
	The Schemes will be de-listed after their respective tenures. The AMC/Trustee will initiate the delisting procedure prior to the date of maturity. The Unit holders will not be able to trade on the stock exchange once the Schemes are delisted.
Settlement of Purchase / Sale of the Units of Scheme on the BSE	Buying / Selling of units of the Schemes on the BSE is just like buying/selling any other normal listed security.
	If an investor has bought units, he has to pay the purchase amount to the trading member/sub-broker, such that the amount paid is realised by the trading member who has bought the units before the funds pay-in day of the settlement cycle on the BSE. If an investor has sold units, he has to deliver the units to the broker/sub-broker before the securities pay-in day of the settlement cycle on the BSE. The units (in the case of units bought) and the funds (in the case of units sold) are paid out to the trading member on the payout day of the settlement cycle on the BSE. The Exchange regulations stipulate that the trading member should pay the money or units to the investor within 24 hours of the payout.
	If an investor has bought units, he should give standing instructions for 'Delivery-In' to his DP for accepting units in his beneficiary account. An investor should give the details of his beneficiary account and the DP-ID of his DP to his trading member/sub-broker. The trading member will transfer the units directly to the investor's beneficiary account on receipt of the same from Exchanges' Clearing Corporation.
	An investor who has sold units should instruct his (DP) to give 'Delivery Out' instructions to transfer the units from his beneficiary account to the Pool Account of his trading member through whom he has sold the units. The details of the Pool A/c of his trading member to which the units are to be transferred, Unit quantity etc. should be mentioned in the Delivery Out instructions given by him to the DP.
	The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the Delivery Out instructions should be given at least 24 hours prior to the cut-off time for the prescribed securities pay-in to avoid any rejection of instructions due to data entry errors, network problems, etc.
Rolling Settlement	The Pay-in and Pay-out of funds and the securities/units takes place within 2 working days after the trading date. The pay-in and pay-out days for funds and securities are

	prescribed as per the Settlement Cycle of the Exchange.
Minimum amount for purchase/redemption/switch out	Not applicable, as purchase/redemption/switch-out is not permitted during the term of the Schemes. The listed units will have to be sold in lots of 1(one) Unit or such other marketable lots as prescribed by the Exchange, from time to time.
Minimum balance to be maintained and consequences of non maintenance.	Not applicable.

Transfer of Units	DP. The Units of the Schemes held in the physical form are not transferable. Units held in dematerialized form are transferable in accordance with the provisions of SEBI

	(Depositories and Participants) Regulations, as may be amended from time to time. The intended transferee should be eligible to hold Units under the Schemes and have a beneficiary account with a DP of NSDL/CDSL. The AMC shall not be bound to recognise any other transfer.
	For effecting the transfer of Units held in electronic form, the delivery instructions for such transfer will have to be lodged by the investor with his DP in the requisite form as may be required from time to time and the transfer will be effected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialized mode.
Account Statements/Allotment Advice	Under Regulation 36(4) of SEBI (Mutual Funds) Regulations, 1996, the AMC/ RTA is required to send consolidated account statement for each calendar month to all the investors in whose folio transaction has taken place during the month. Further, SEBI vide its circular ref. no. CIR/MRD/DP/31/2014 dated November 12, 2014, in order to enable a single consolidated view of all the investments of an investor in Mutual Fund and securities held in demat form with Depositories, has required Depositories to generate and dispatch a single consolidated account statement for investors having mutual fund investments and holding demat accounts.
	In view of the said requirements the account statements for transactions in units of the Fund by investors will be dispatched to investors in following manner:
	I. Investors who do not hold Demat Account
	Consolidated account statement <sup>^</sup> , based on PAN of the holders, shall be sent by AMC/ RTA to investors not holding demat account, for each calendar month within 10th day of the succeeding month to the investors in whose folios transactions have taken place during that month.
	Consolidated account statement shall be sent by AMC/RTA every half yearly (September/ March), on or before 10th day of succeeding month, detailing holding at the end of the six month, to all such investors in whose folios there have been no transactions during that period.
	<sup>^</sup> Consolidated account statement sent by AMC/RTA is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month.
	II. Investors who hold Demat Account
	Consolidated account statement <sup>^,</sup> , based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month within 10th day of the succeeding month to the investors in whose folios transactions have taken place during that month.
	Consolidated account statement shall be sent by Depositories every half yearly (September/ March), on or before 10th day of succeeding month, detailing holding at the end of the six month, to all such investors in whose folios and demat accounts there have been no transactions during that period.
	In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send account statement in terms of regulations applicable to the depositories.
	^^Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised

	securities across demat accounts of the investors and holding at the end of the month.
	Following provisions shall be applicable to CAS sent through AMC/ RTA and CAS sent through depositories:
	a. Investors are requested to note that for folios which are not included in the CAS, AMC shall henceforth issue monthly account statement to the unit holders, pursuant to any financial transaction done in such folios; the monthly statement will be sent on or before tenth day of succeeding month. Such statements shall be sent in physical form if no email id is provided in the folio.
	b. The statement sent within the time frame mentioned above is provisional and is subject to realisation of payment instrument and/or verification of documents, including the application form, by the RTA/AMC.
	c. In the event the folio/demat account has more than one registered holder, the first named Unit holder/Account holder shall receive the CAS (AMC/RTA or Depository). For the purpose of CAS (AMC/RTA or Depository), common investors across mutual funds/depositories shall be identified on the basis of PAN. Consolidation shall be based on the common sequence/order of investors in various folios/demat accounts across mutual funds / demat accounts across depository participants.
	d. Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.
	e. For Unit Holders who have provided an e-mail address in KYC records, the CAS will be sent by e-mail.
	f. The Unit Holder may request for a physical account statement by writing to/calling the AMC/RTA. In case of a specific request received from the unit holders, the AMC/RTA shall provide the account statement to the unit holders within 5 business days from the receipt of such request.
	g. Account Statements shall not be construed as proof of title and are only computer printed statements indicating the details of transactions under the Schemes during the current financial year and giving the closing balance of Units for the information of the Unit Holder.
	h. Non-transferable Unit Certificates will be sent, if an applicant so desires, within 5 Business Days of the receipt of a request for the certificate. Unit Certificates will not be issued for any fractional Units entitlement.
	i. Units held, either in the form of Account Statement or Unit Certificates, are non-transferable. The Trustee reserves the right to make the Units transferable at a later date subject to SEBI (MF) Regulations issued from time to time.
Dividend	Dividend warrants shall be dispatched to the Unit Holders as on Record Date, within 30 days of the date of declaration of the dividend. In the event of delay/failure to despatch the dividend warrants within the aforesaid 30 days, the AMC will be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI for the period of such delay (currently @ 15% per annum).
Redemption	Redemption by the Mutual Fund is not permitted during the term of the Schemes. However, once the Units are listed, an investor holding Units in demat form can sell the Units on a continuous basis on the exchange during the trading hours, like any other publicly traded stock. The maturity redemption proceeds will be dispatched to Unit holders within 10 working days of the Maturity Date. The cheque will be issued in favour of the sole/first Unit Holder's registered name and bank account number, if provided, and will be sent to the registered address of the sole/first holder as indicated in the original application form. The redemption cheque/demand draft will be payable at par at all the places where

	the official points of acceptance of transaction are located. Bank charges for collection of cheques at all other places will be borne by the Unit Holder. The proceeds towards redemptions and dividends will be dispatched by a reasonable mode of despatch like courier, post, UCP, etc. in case of cheque/demand draft or directly credited to the bank account (as per the details mentioned by the investor), entirely and solely at the risk of the investor. The Mutual Fund will endeavour to remit redemption proceeds via electronic means, as made available by RBI. Where such electronic means are not available or feasible under any circumstances, the Mutual Fund will remit the redemption proceeds by way of cheques. The investor will not hold the Mutual Fund or the AMC responsible for any non-receipt or delay of receipt of redemption & dividend proceeds due to any negligence or deficiency in service by the courier company, postal authorities or the bank executing direct credits, or due to incorrect bank account details provided by the Mutual Fund, whereby Unit holder can switch upon maturity is provided by the Mutual Fund, whereby Unit holder can switch the entire proceeds (other than dividend) upon maturity to any other scheme of the Mutual Fund by filling in the relevant portion of the KIM at the time of investment. In this case, on maturity the entire proceeds will be invested in the switch-in scheme as notified by the Unit holder, at the applicable NAV for switch-in scheme. Unit holders are requested to carefully read the Scheme Information Document of the relevant switch-in scheme before exercising this option. This option/facility shall not be applicable for Units held in demat form.
Delay in payment of redemption / repurchase proceeds	The AMC shall be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI (presently @ 15% per annum) in case the redemption proceeds are not made within 10 working days of the Maturity Date.

#### C. PERIODIC DISCLOSURES

Net Asset Value (This is the value per Unit of the Schemes on a particular day. You can ascertain the value of your investments by multiplying the NAV with your Unit balance)	The AMC will declare separate NAV under Regular Plan and Direct Plan of Scheme. The first NAV will be calculated and declared within 5 Business days from the date of allotment. Thereafter, the Mutual Fund shall declare the NAV of the Schemes on every Business Day, on AMFI's website www.amfiindia.com, by 9.00 p.m. and also on <a href="https://www.dspblackrock.com">www.dspblackrock.com</a> . The NAV of the Schemes will be published by the Mutual Fund in at least two daily newspapers, on every Business Day.
	In case of delay, the reasons for such delay would be explained to AMFI in writing. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAVs.
Half yearly Disclosures: Portfolio (This is a list of securities where the corpus of each Scheme is currently invested. The market value of these investments is also stated in portfolio disclosures)	Full portfolio in the prescribed format shall be disclosed either by publishing it in one national English daily newspaper circulating in the whole of India and in a newspaper published in the language of the region where the Head office of the Mutual Fund is situated or by sending it to the Unit Holders within one month from the end of each half-year, that is as on March 31 and September 30. It shall also be displayed on www.dspblackrock.com.

As per the amendment made by The Finance (No.2) Act, 2014, w.e.f. 1st October 2014, for the purposes of determining the distribution tax payable in accordance with sub-section (2) of section 115R, the amount of distributed income referred therein shall be increased to such amount as would, after reduction of the additional income-tax on such increased amount at the rate specified in sub-section (2) of section 115R, be equal to the amount of income distributed by the Mutual Fund.

#### D. COMPUTATION OF NAV

NAV of Units under each Scheme will be calculated by following method shown below:

Market	or	Fair	Value	of	Scheme's	investments
+ Current	Assets - Ci	urrent Liak	pilities and F	Provision	ns	

NAV (Rs.)

#### No. of Units outstanding under the Scheme

NAVs will be rounded off to four decimal places and will be computed and declared on every Business Day, as of the close of such Business Day. The valuation of the Schemes' assets and calculation of the Schemes' NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

The first NAV will be calculated and announced within 5 Business Days from the date of allotment. Subsequently, the NAV of the Schemes will be published in atleast two daily newspapers, on every Business Day.

Note: There will be more than one NAV, one for each option, after the declaration of the first dividend.

### SECTION VII. FEES AND EXPENSES

This section outlines the expenses that will be charged to the Schemes.

#### A. NFO EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc. The NFO expenses of floating the Schemes will be borne by the AMC.

#### **B. ANNUAL SCHEME RECURRING EXPENSES**

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar's fee, marketing and selling costs etc., as given in the table related to estimated annualized recurring expenses as a % of daily net assets of the Schemes.

The Schemes may be charged with the approval of the Trustee within overall limits as specified in the SEBI (MF) Regulations except those expenses which are specifically prohibited. The annual total of all charges and expenses of the scheme shall be subject to the following limits, which under Regulation 52:

- 2. Service Tax on expenses other investment and advisory fees: AMC may charge service tax on expenses other than investment and advisory fees of the scheme, if any within the maximum limit of TER as per the Regulation under 52(6) and (6A).
- 3. Service Tax on brokerage and transaction cost: The service tax on brokerage and transaction costs which are incurred for the purpose of execution of trade, will be within the limit of TER as per the Regulation 52(6) and (6A).

Further, it is clarified that the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 0.12 percent and 0.05 percent for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI

(MF) Regulations. Any expenditure in excess of the said prescribed limit (including brokerage and transaction cost, if any) shall be borne by the AMC or by the trustee or sponsors.

The AMC has estimated following recurring expenses, as summarized in the below table for each scheme. The expenses are estimated on a corpus size of Rs. 100 crores and have been made in good faith as per the information available to the AMC. The total expenses may be more or less than as specified in the table below. Expenses over and above the presently permitted regulatory limit will be borne by the AMC. The below expenses are subject to inter-se change and may increase/decrease as per actuals, and/or any change in the Regulations.

The estimated total expenses as a % of daily net assets of the Schemes are as follows:

Sr No.	Expense Head	% of daily Net Assets Regular Plan

- \* The Trusteeship fees as per the provisions of the Trust Deed are subject to a maximum of 0.02% of the average net Trust Funds per annum. It has been decided by the Trustee to charge the Trusteeship Fees in proportion to the net assets of each of the Schemes of the Mutual Fund. The Trustee reserves the right to change the method of allocation of Trusteeship fees among various Schemes, from time to time.
- <sup>^</sup> The expense under Direct Plan shall not include the distributor and commission expenses including Agent Commission which is charged under Regular Plan.
- \$ The nature of expenses can be any permissible expenses including management fees.
- @ The service tax on management fee will depend on the total amount charged as Management fees. Currently it is chargeable at 14% on management fee.
- # Service tax on brokerage and transaction cost borne by the Schemes.

Expense Structure for Direct Plan - The annual recurring expenses will be within the limits specified under the SEBI (Mutual Funds) Regulations, 1996.

However, Direct Plan will have lower expense ratio than Regular Plan of the Scheme. The expenses under Direct Plan shall at least exclude the distribution and commission expenses. The Total Expense Ratio of Direct Plan will be lower by at least 10% of the Total Expense Ratio {Mentioned in row (a) of the aforesaid table} charged to Regular Plan of the Schemes.

The above expense structures are indicative in nature. The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Scheme will bear directly or indirectly. Actual expenses could be lower than mentioned above.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Schemes will bear directly or indirectly.

For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund.

#### C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the Units or to redeem the units from the Scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, investors may refer the website of the AMC <u>www.dspblackrock.com</u> or call at 1800- 200-44-99 (toll free) or may contact their distributor.

There will be no Entry Load or Exit Load in the Schemes.

Investors may note that the Trustee has the right to modify the existing load structure, subject to a maximum as prescribed under the SEBI (MF) Regulations. Any imposition or enhancement in the load shall be applicable on prospective investments only. At the time of changing the load structure, the AMC shall consider the following measures to avoid complaints from investors about investment in the schemes without knowing the loads:

- (i) Addendum detailing the changes will be attached to the SID and Key Information Memorandum (KIM).
- (ii) Arrangements will be made to display the addendum to the SID in the form of a notice in all the ISCs/offices of the AMC/Registrar.
- (iii) A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.

#### D. TRANSACTION CHARGE

Transaction Charges on purchase/subscription received from first time mutual fund investors and investor other than first time mutual fund investors through the distributor/agent (who have opted to receive the transaction charges) shall be deducted by the AMC from the subscription amount and paid to the distributor and balance shall be invested as under:

#### (i) First Time Mutual Fund Investor (across Mutual Funds):

Transaction charge of Rs. 150/- for subscription of Rs. 10,000 and above will be deducted from the subscription amount and paid to the distributor/agent (provided the distributor has Opt-In for this charge cum facility) of the first time investor and the balance shall be invested.

#### (ii) Investor other than First Time Mutual Fund Investor:

Transaction charge of Rs. 100/- per subscription of Rs. 10,000 and above will be deducted from the subscription amount and paid to the distributor/agent (provided the distributor has Opt-In for this charge cum facility) of the investor and the balance shall be invested.

#### (iii) Transaction charges shall not be deducted/applicable for:

- (a) purchases /subscriptions for an amount less than Rs. 10,000/-;
- (b) transaction other than purchases/subscriptions relating to new inflows such as Switch, etc.
- (c) purchases/subscriptions made directly with the Mutual Fund without any ARN code (i.e. not routed through any distributor/agent);
- (d) transactions carried out through the stock exchange mode.

The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.

As per SEBI circular no. SEBI/IMD/CIR No. 4/ 168230/09, dated June 30, 2009, upfront commission to distributors shall continue to be paid by the investor directly to the distributor by a separate cheque based on his assessment of various factors including the service rendered by the distributor.

The AMC shall deduct the Transaction charges on purchase/subscription of Rs, 10, 000/- and above received from first time mutual fund investors and investors other than first time mutual fund investors through the distributor/agent based on the type of product opted-in by the distributor to receive transaction charges.

# SECTION VIII. RIGHTS OF UNITHOLDERS

Please refer to SAI for details.

# SECTION IX. PENALTIES AND PENDING LITIGATION

Penalties and pending litigation or proceedings, findings of inspections or investigations for which action may have been taken or is in the process of being taken by any regulatory authority

- 1. Details of all monetary penalties imposed and/ or action taken during the last three years or pending with any financial regulatory body or governmental authority, against Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company; for irregularities or for violations in the financial services sector, or for defaults with respect to share holders or debenture holders and depositors, or for economic offences, or for violation of securities law. Details of settlement, if any, arrived at with the aforesaid authorities during the last three years:
  - On October 3, 2012, BlackRock reached an agreement with the U.S. Department of Labor ("DOL") to reimburse clients \$2,661,513 in connection with certain trades the DOL alleged violated Title I of the Employee Retirement Income Security Act ("ERISA"). BlackRock paid to the DOL a penalty of \$266,151.30.
  - On January 14, 2013, BlackRock and Switzerland's Federal Department of Finance ("FDF") reached an agreement in principal to resolve a matter concerning BlackRock's inadvertent late filing of reports relating to BlackRock's ownership of equity securities of Swiss companies. Without admitting any liability, BlackRock paid a fine of CHF 500,000 (US\$536,000), in exchange for the FDF terminating the inquiry into the matter. BlackRock and the FDF are in the process of negotiating the terms of the settlement.
  - On July 12, 2013, BlackRock was notified by the Italian Financial Service Authority ("CONSOB") that CONSOB intends to fine BlackRock in connection with a late threshold report from September 2012 in Italian issuer, Prysmian S.P.A. BlackRock paid a fine of €10,000 to CONSOB to settle the matter.
  - On December 27, 2013, the German securities regulator, BaFin, imposed a fine on BlackRock Investment Management (UK) of approximately \$301,000 in relation to its non compliance with German thresholds reporting regulations. The penalty was paid by BlackRock Investment Management (UK).
  - In July 2012 the New York Attorney General's Office ("NYAG") sent BlackRock two subpoenas for information regarding BlackRock's use of analyst surveys. BlackRock uses analyst surveys, primarily in the Scientific Active Equity ("SAE") group, to solicit public information about issuers from sell-side research analysts for use in SAE's quantitative investment models.
  - Since July 2012, BlackRock responded to numerous requests for information and made several presentations to the NYAG so as to submit that the surveys were appropriate and lawful. On January 8, 2014, BlackRock entered into a settlement with the NYAG. The agreement does not impose any fine or other penalty on BlackRock. The agreement does, however, find that BlackRock violated New York's state securities law. BlackRock does not admit or deny the allegations, and has also paid to the AG \$400,000 against cost of investigation.
  - On 29th December 2012, the Italian securities regulator Consob imposed a fine of 150,000 Euro (\$204,600) on the BlackRock for incorrect disclosure of a reduction in stake in Italian Bank UniCredit. The fine has been paid by Blackrock.
  - On July 4, 2014, BlackRock Inc. paid a fine of SEK 1mio (equivalent to \$1,46,000) with respect to a late threshold reporting /disclosure in Sweden.
  - On July 21, 2014, BlackRock Institutional Trust Company, National Association (BTC) (BlackRock Inc. entity) agreed to pay \$1,654,710/- to Securities Exchange Commission (United States) as penalty for disgorgement and interest thereon with respect to three violations of Rule 105. The penalty has since been paid.
  - In March 2015, the German Federal Financial Supervisory Authority, Bundesanstalt für Finanzdienstleistungsaufsicht (BaFin) imposed a penalty of EUR 3.25 million against BlackRock

Investment Management (UK) Limited for certain late disclosure or thresholds disclosure breaches. This penalty was paid by BlackRock, Inc.

- In April 2015, BlackRock came to a settlement with the U.S. Securities and Exchange Commission ("SEC") in connection with a 2014 "Wells Notice" received from the SEC staff, which recommended that the SEC file an action against BlackRock for inadequate disclosure and policies and procedures to address a potential conflict, in violation of the Investment Advisers Act ("IAA") and the Investment Company Act ("ICA"). As part of the settlement, BlackRock, without admitting or denying any wrongdoing, paid a fine of \$12 million, and agreed to appoint an independent compliance consultant to review BlackRock's outside activities policy and monitoring procedures. The proposed settlement was approved by the SEC on April 16, 2015, and publicly announced by the SEC on April 20, 2015.
- On December 12, 2014, the Swedish securities regulator ("Swedish FSA") requested information from BlackRock regarding a late threshold report filed by BlackRock in October 2014. The report, which concerned BlackRock's holding of Assa Abloy AB, was required to be filed in June 2014. BlackRock responded to the request in January 2015. On May 5, 2015, the Swedish FSA imposed a penalty of 1,000,000 Swedish krona (or approximately \$120,000).
- 2. Details of all enforcement actions taken by SEBI in the last three years and/ or pending with SEBI for the violation of SEBI Act, 1992 and Rules and Regulations framed there under including debarment and/ or suspension and/ or cancellation and/ or imposition of monetary penalty/adjudication/enquiry proceedings, if any, to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel (especially the fund managers) of the AMC and Trustee Company were/ are a party:

NONE.

3. Any pending material civil or criminal litigation incidental to the business of the Mutual Fund to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel are a party:

NONE.

4. Any deficiency in the systems and operations of the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/Trustee Company which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency:

NONE.

Notwithstanding anything contained in this SID, the provisions of the SEBI (MF) Regulations, 1996 and the guidelines thereunder shall be applicable.
