SECTION I : INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme/s will be achieved.
- As with any investment in securities, the NAV of the Units issued under the Scheme can go up or down

depending on the factors and forces affecting the capital markets.

- Past performance of the Mutual Funds managed by the Sponsors and its affiliates is not necessarily indicative of the future performance of the Scheme.
- The Sponsor or any of its associates is not responsible or liable for any loss resulting from the operation of the Scheme/s, and the Sponsor's initial contribution towards setting up the Mutual Fund is limited to Rs.30,000/-
- Investors in the scheme/s are not being offered any guaranteed or assured rate of returns.
- IDFC Credit Opportunities Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the Scheme.
- Mutual Funds being vehicles of securities investments are subject to market and other risks and there can be no guarantee against loss resulting from investing in the schemes. The various factors which impact the value of scheme investments include but are not limited to fluctuations in the equity and bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of securities, tax laws, liquidity of the underlying instruments, settlements periods, trading volumes etc. and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- From time to time and subject to the Regulations, the Sponsors, the Mutual Funds and investment companies managed by them, their affiliates, their associate companies, subsidiaries of the Sponsors, and the AMC may invest either directly or indirectly in the Scheme. The funds managed by these affiliates, associates, the Sponsors, subsidiaries of the Sponsors and /or the AMC may acquire a substantial portion of the Scheme's Units and collectively constitute a major investor in the Scheme. Accordingly, redemption of Units held by such funds, affiliates/associates and Sponsors might have an adverse impact on the Units of the Scheme because the timing of such redemption may impact the ability of other Unitholders to redeem their Units. Further, as per the Regulation, in case the AMC invests in any of the schemes managed by it, it shall not be entitled to charge any fees on such investments.
- Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

Scheme Specific Risk Factors

1. The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.
2. The NAV of the Scheme is likely to be affected by changes in the prevailing rates of interest.
3. The AMC may, considering the overall level of risk of the portfolio, invest in lower rated/ unrated securities offering higher yields. This may increase the risk of the portfolio.
4. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the absence of a well developed and liquid secondary market for debt securities would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme's portfolio.
5. Different types of securities in which the scheme would invest (bonds / money market instruments etc.) as given in the Scheme Information Document carry different levels and types of risks. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. Corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which

- are AAA rated are comparatively less risky than bonds which are AA rated.
6. As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio. Zero coupon or deep discount bonds are debt obligations that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest and therefore, are generally issued and traded at a discount to their face values. The discount depends on the time remaining until maturity or the date when securities begin paying current interest. It also varies depending on the prevailing interest rates, liquidity of the security and the perceived credit risk of the Issuer. The market prices of zero coupon securities are generally more volatile than the market prices of securities that pay interest periodically.
 7. Apart from normal credit risk, zero coupon bonds carry an additional risk, unlike bonds that pay interest throughout the period to maturity, zero coupon instruments/deferred interest bonds typically would not realise any cash until maturity. If the issuer defaults, the Scheme may not obtain any return on its investment.
 8. **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
 9. **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
 10. **Credit Risk:** In simple terms this risk means that the issuer of a debenture/bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down.
 11. **Basis Risk (Interest - rate movement):** During the life of a floating rate security or a swap, the underlying benchmark index may become less active and may not capture the actual movement in interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.
 12. **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions, the spreads may move adversely or favourably leading to fluctuation in the NAV.
 13. **Liquidity Risk:** Due to the evolving nature of the floating rate market, there may be an increased risk of liquidity risk in the portfolio from time to time.
 14. **Other Risk:** In case of downward movement of interest rates, floating rate debt instruments will give a lower return than fixed rate debt instruments.
 15. **Securities Lending:** Engaging in securities lending is subject to risks related to fluctuations in collateral value and settlement/liquidity and counter party risks. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.
 16. **Short-selling of Securities:** Purchasing a security entails the risk of the security price going down. Short selling of securities (i.e. sale of securities without owning them) entails the risk of the security price going up thereby decreasing the profitability of the short position. Short selling is subject to risks related to fluctuations in market price, and settlement/liquidity risks. If required by the Regulations, short selling may entail margin money to be deposited with the clearing house and daily mark to market of the prices and margins. This may impact fund pricing and may induce liquidity risks if the fund is not able to provide adequate margins to the clearing house. Failure to meet margin requirements may result in penalties being imposed by the exchanges and clearing house.

Risks associated with investing in Unrated Securities:

Investing in unrated securities is riskier compared to investing in rated instruments due to non-availability of third party assessment on the repaying capability of the issuer. In addition, unrated securities are more likely to react to general developments affecting the market than rated securities, which react primarily to movements in the general level of interest rates. Unrated securities also tend to be more sensitive to economic conditions than higher rated securities.

Risks associated with Investing in Derivatives:

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. As and when the Scheme trade in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counter party”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as below:

- Lack of opportunity available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Risk associated with Interest Rate Future

- (i) **Market risk:** Derivatives carry the risk of adverse changes in the market price.
- (ii) **Liquidity risk** – this occurs where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.
- (iii) **Model Risk** - the risk of mispricing or improper valuation of derivatives.
- (iv) **Basis Risk** – This risk arises when the instrument used as a hedge does not match the movement in the instrument/ underlying asset being hedged. The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

Risk Associated with investing in Securitised Debt

The Scheme may invest in domestic securitized debt such as asset backed securities (ABS) or mortgage backed securities (MBS). Asset Backed Securities (ABS) are securitized debts where the underlying assets are receivables arising from various loans including automobile loans, personal loans, loans against consumer durables, etc. Mortgage backed securities (MBS) are securitized debts where the underlying assets are receivables arising from loans backed by mortgage of residential / commercial properties. ABS/MBS instruments reflect the undivided interest in the underlying pool of assets and do not represent the obligation of the issuer of ABS/MBS or the originator of the underlying receivables. The ABS/MBS holders have a limited recourse to the extent of credit enhancement provided. If the delinquencies and credit losses in the underlying pool exceed the credit enhancement provided, ABS/MBS holders will suffer credit losses. ABS/MBS are also normally exposed to a higher level of reinvestment risk as compared to the normal corporate or sovereign debt.

- Different types of Securitised Debts in which the scheme would invest carry different levels and types of risks.

Accordingly the scheme's risk may increase or decrease depending upon its investments in Securitised Debts. e.g. AAA securitised bonds will have low Credit Risk than a AA securitised bond. Credit Risk on Securitised Bonds may also depend upon the Originator, if the Bonds are issued with Recourse to Originator. A Bond with Recourse will have a lower Credit Risk than a Bond without Recourse. Underlying Assets in Securitised Debt may be the Receivables from Auto Finance, Credit Cards, Home Loans or any such receipts. Credit risk relating to these types of receivables depends upon various factors including macro-economic factors of these industries and economies. To be more specific, factors like nature and adequacy of property mortgaged against these borrowings, loan agreement, mortgage deed in case of Home Loan, adequacy of documentation in case of Auto Finance and Home Loan, capacity of borrower to meet its obligation on borrowings in case of Credit Cards and intentions of the borrower influence the risks relating to the assets (borrowings) underlying the Securitised Debts. Holders of Securitised Assets may have Low Credit Risk with Diversified Retail Base on Underlying Assets, especially when Securitised Assets are created by High Credit Rated Tranches. Risk profiles of Planned Amortisation Class Tranches (PAC), Principal Only Class Tranches (PO) and Interest Only Class Tranches (IO) will also differ, depending upon the interest rate movement and Speed of Pre-payments. A change in market interest rates/prepayments may not change the absolute amount of receivables for the investors, but affects the reinvestment of the periodic cashflows that the investor receives in the securitised paper.

- Presently, secondary market for securitised papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the investor to resell them. Even if a secondary market develops and sales were to take place, these secondary transactions may be at a discount to the initial issue price due to changes in the interest rate structure
- Securitised transactions are normally backed by pool of receivables and credit enhancement as stipulated by the rating agency, which differ from issue to issue. The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and there is no obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Seller may repossess and sell the underlying Asset. However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.

At present in Indian market, following types of loans are securitised:

- Auto Loans (cars / commercial vehicles /two wheelers)
- Residential Mortgages or Housing Loans
- Consumer Durable Loans
- Personal Loans
- Corporates Loans

The main risks pertaining to each of the asset classes above are described below:

Auto Loans (cars / commercial vehicles /two wheelers)

The underlying assets (cars etc) are susceptible to depreciation in value whereas the loans are given at high loan to value ratios. Thus, after a few months, the value of asset becomes lower than the loan outstanding. The borrowers, therefore, may sometimes tend to default on loans and allow the vehicle to be repossessed. These loans are also subject to model risk. ie if a particular automobile model does not become popular, loans given for financing that model have a much higher likelihood of turning bad. In such cases, loss on sale of repossession vehicles is higher than usual.

Commercial vehicle loans are susceptible to the cyclicity in the economy. In a downturn in economy, freight rates drop leading to higher defaults in commercial vehicle loans. Further, the second hand prices of these vehicles also decline in such economic environment.

Housing Loans

Housing loans in India have shown very low default rates historically. However, in recent years, loans have been given at high loan to value ratios and to a much younger borrower classes. The loans have not yet gone through the full economic cycle and have not yet seen a period of declining property prices. Thus the performance of these housing loans is yet to be tested and it need not conform to the historical experience of low default rates.

Consumer Durable Loans

The underlying security for such loans is easily transferable without the bank's knowledge and hence repossession is difficult. The underlying security for such loans is also susceptible to quick depreciation in value. This gives the borrowers a high incentive to default.

Personal Loans

These are unsecured loans. In case of a default, the bank has no security to fall back on. The lender has no control over how the borrower has used the borrowed money. Further, all the above categories of loans have the following common risks:

All the above loans are retail, relatively small value loans. There is a possibility that the borrower takes different loans using the same income proof and thus the income is not sufficient to meet the debt service obligations of all these loans.

In India, there is insufficiency of ready comprehensive and complete database regarding past credit record of borrowers. Thus, loans may be given to borrowers with poor credit record. In retail loans, the risks due to frauds are high.

Corporate Loans

These are loans given to single or multiple corporates. The receivables from a pool of loans to corporate are assigned to a trust that issues Pass through certificates in turn. The credit risk in such PTCs is on the underlying pool of loans to corporates. The credit risk of the underlying loans to the corporates would in turn depend of economic cycles.

Risk associated with investing in Repo of Corporate Bond Securities

To the extent the scheme invests in Repo of Corporate Bond Securities, the scheme will be subject to following risks –

- Settlement Risk: Corporate Bond Repo will be settled between two counterparties in the OTC segment unlike in the case of CBLO transactions where CCIL stands as central counterparty on all transactions (no settlement risk).
- Quality of collateral: The Mutual Fund will be exposed to credit risk on the underlying collateral – downward migration of rating. The Mutual Fund will impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AAA or equivalent.
- Liquidity of collateral: In the event of default by the counterparty, the Mutual Fund would have recourse to recover its investments by selling the collateral in the market. If the underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).

RISK MANAGEMENT STRATEGIES

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in debt markets. The risk control process involves identifying & measuring the risk through various risk measurement tools.

The Fund has identified following risks of investing in debt and designed risk management strategies, which are embedded in the investment process to manage such risks.

Risk Description	Risk Mitigants/management strategy
Market Risk As with all debt securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.	In a rising interest rates scenario the Fund Managers will endeavor to increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity will be increased thereby mitigating risk to that extent.

Risk Description	Risk Mitigants/management strategy
<p>Liquidity or Marketability Risk</p> <p>This refers to the ease with which a security can be sold at or near to its valuation Yield-To-Maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.</p>	<p>The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The fund will however, endeavor to minimise liquidity risk by investing in securities having a liquid market.</p>
<p>Credit Risk</p> <p>Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.</p>	<p>A traditional SWOT analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower. In case of securitized debt instruments, the fund will ensure that these instruments are sufficiently backed by assets.</p>
<p>Reinvestment Risk</p> <p>This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.</p>	<p>Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.</p>
<p>Derivatives Risk</p> <p>As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.</p>	<p>The fund has provision for using derivative instruments for portfolio balancing and hedging purposes. Interest Rate Swaps will be done with approved counter parties under pre approved ISDA agreements. Mark to Market of swaps, netting off of cash flow and default provision clauses will be provided as per international best practice on a reciprocal basis. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines.</p>

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such limit is breached during the NFO of the Scheme, the Fund will endeavor to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS, if any

Investors may note that AMC/Fund Manager's investment decisions may not be always profitable or prove to be correct.

All the above factors not only affect the prices of securities but may also affect the time taken by the Fund for redemption of units, which could be significant in the event of receipt of a very large number of redemption requests or very large value of redemption requests. The liquidity of the assets may be affected by other factors such as general market conditions, political events, bank holidays and civil strife. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances. Please refer to Section titled "Units on Offer".

The liquidity of the Scheme's investments may be restricted by trading volumes, settlement periods and transfer procedures. In the event of an inordinately large number of redemption requests or of a restructuring of the Scheme's portfolio, the time taken by the Scheme for redemption of Units may become significant. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances. Please refer to Section titled "Units on Offer".

The Scheme may trade in derivatives as permitted under the Regulations subject to guidelines issued by SEBI and RBI from time to time. Trading in Derivatives involves risks, which are explained in Section titled "Investment Objectives and Policies".

The Scheme may also invest in overseas financial assets as permitted under the applicable regulations. To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.

In case the scheme undertakes securities lending under the Regulations, the Scheme may, at times be exposed to counter party risk.

Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise.

The tax benefits described in this Scheme Information Document (SID) are as available under the present taxation laws and are available subject to conditions. The information given is included for general purpose only and is based on advice received by the AMC regarding the law and practice in force in India and the Unitholders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his/ her

own professional tax advisor.

No person has been authorised to give any information or to make any representations not confirmed in this SID in connection with the SID or the issue of Units, and any information or representations not contained herein must not be relied upon as having been authorised by the Mutual Fund or the Asset Management Company.

Foreign Account Tax Compliance Act (“FATCA”)

Under the FATCA provisions of the United States Hiring Incentives to Restore Employment (“HIRE”) Act, a withholding tax may possibly be levied on certain United States of America (“US”) sourced income / receipt of the Scheme unless the Scheme comply with FATCA. The AMC and the Mutual Fund / the Scheme intend to be FATCA-compliant to the fullest extent possible.

For complying with FATCA, the Mutual Fund / AMC may require certain reporting of information to the US Internal Revenue Service (“IRS”) and/or such other Indian and foreign authorities as may be specified under FATCA and/or other laws and regulations applicable to the Mutual Fund / AMC with respect to the holdings of, and payments to, the US Persons in the Scheme and such other information as may be required to be furnished. For this purpose, the term ‘US Person’ shall mean a United States Persons as defined under the applicable extant laws of the United States of America.

To ensure compliance with FATCA on part of the Mutual Fund / AMC, it may require the investor to furnish such information and documentation as deemed necessary or appropriate by the Mutual Fund / AMC in this regard and the investor agrees to furnish the same. The FATCA provisions may require levy of withholding tax on payments made to investors who fail to provide the information and/or documentation required under FATCA. The investor also authorises the Mutual Fund / AMC to furnish all such information and documentation to the relevant authorities as required to be furnished by the Mutual fund / AMC under FATCA and other applicable laws and regulations.

In case of any change in the FATCA related information, the investor should immediately intimate IDFC AMC / its Registrar, about such changes.

The AMC/Trustee reserve the right to reject the application in case the investor / applicant fails to furnish the necessary information and/or documentation.

However, given the complexity of the FATCA requirements, there is no assurance or guarantee that the Scheme will be able to comply, fully or partially, with the requirements of FATCA. Investors are advised to consult their own advisors regarding the possible implications of FATCA on their investment in the Scheme.

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME – Open ended Income Scheme

B. INVESTMENT OBJECTIVE OF THE SCHEME

The Fund seeks to generate returns by predominantly investing in a portfolio of corporate debt securities across the credit spectrum within the investment grade.

Disclaimer: There is no assurance or guarantee that the objectives of the scheme will be realised.

C. ASSET ALLOCATION

The asset allocation under the scheme will be as follows:

Instruments	Indicative Allocation (% of total assets)		Risk Profile
	Minimum	Maximum	
Debt securities (including Securitised debt) with long term credit rating below AAA or equivalent (including unrated securities)	50	100	Medium to High
Government Securities and debt securities (including Securitised debt) with long term credit rating of AAA or equivalent	0	50	Medium to High
Money Market Instruments including CBLO, repo and cash	0	30	Low to Medium

Investment in Securitised Debt - up to 50% of the net assets

Investment in Securities lending – up to 20% of the net assets with maximum single party exposure restricted to 5% of the net assets.

Investment in Derivatives – up to 50% of the net assets

Gross Exposure to Repo of Corporate Debt Securities – up to the extent permitted by the Regulations

The Scheme may engage in short selling of securities in accordance with the applicable guidelines / regulations. The scheme may take exposure in repo / reverse repo transactions in G-Sec and Corporate Debt Securities in accordance with the applicable guidelines / regulations.

The scheme may invest in Credit Default Swaps (CDS) in accordance with the applicable guidelines / regulations as and when permitted by SEBI/RBI.

The cumulative gross exposure through repo transactions in corporate debt securities and credit default swaps along with debt & money market instruments and derivatives shall not exceed 100% of the net assets of the Scheme.

Change in Investment Pattern

Subject to the Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors.

Temporary investments: When the Fund Managers believes market or economic conditions are unfavourable for investors, the scheme may invest up to 100% of its assets in a temporary defensive manner by holding all or a substantial portion of its assets in cash, cash equivalents or other high quality short-term investments. Temporary defensive investments generally may include permitted money market instruments, CBLO/reverse repo, bank deposits etc. Such changes in the investment pattern will be for short term and defensive considerations only, which would be rebalanced within 30 days from the date of deviation. In case the same is not aligned to the above asset allocation pattern, justification shall be provided to the Investment committee. The Investment committee shall then decide on the course of action.

Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the Regulations, as detailed later in this document.

D.WHERE WILL THE SCHEME INVEST?

The corpus of the Scheme will be invested in various types of debt and money market instruments (including but not limited to) such as:

1. Securities issued, created, guaranteed or supported by the Central Government or a State Government (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills / cash management bills)
2. Debt instruments (including non convertible portion of convertible instruments) issued by Companies / institutions promoted / owned / controlled by the Central or State Governments, domestic government agencies, quasi-government or local / statutory bodies, which may or may not carry a Central/State Government guarantee.
3. Debt securities (including non convertible portion of convertible instruments) issued by companies, banks, financial institutions and other bodies corporate (both public and private sector undertakings) including Bonds, Debentures, Notes, Strips, etc.
4. Securitised Debt
5. Certificate of Deposits (CDs), Commercial Paper (CPs), Bills Rediscounting, CBLO, Repo/Reverse repo in corporate debt and other Money Market Instruments as may be permitted by SEBI / RBI from time to time. The investment in Bills Rediscounting will be on 'with recourse' basis and will be up to 10% of the net assets of the scheme.
6. Derivatives
7. Any other debt and money market instruments as may be permitted by SEBI/ RBI from time to time.

The securities mentioned above and such other securities the Scheme is permitted to invest in could be listed, unlisted, publicly offered, privately placed, through negotiated deals, secured, unsecured, of various ratings or unrated as well as of various maturity.

For the purpose of further diversification and liquidity, the Scheme may invest in another scheme managed by the same AMC or by the AMC of any other Mutual Fund without charging any fees on such investments, provided that aggregate inter-scheme investment made by all schemes managed by the same AMC or by the AMC of any other Mutual Fund shall not exceed 5% of the net asset value of the Fund.

The scheme may invest the funds of the scheme in short term deposits of scheduled commercial banks as permitted under extant regulations. The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.

NOTE ON DEBT MARKET & MONEY MARKET IN INDIA

The Indian debt markets are one of the largest such markets in Asia. Government and Public Sector enterprises are predominant borrowers in the market. While interest rates were regulated till a few years back, there has been a rapid deregulation and currently both the lending and deposit rates are market determined.

The debt markets are developing fast, with the rapid introduction of new instruments including Foreign Institutional Investors are also allowed to invest in Indian debt markets now. There has been a considerable increase in the trading volumes in the market. The trading volumes are largely concentrated in the Government of India Securities, which contribute a significant proportion of the daily trades.

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills & Cash Management Bills (issued by RBI). In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates.

Following table exhibits various debt instruments along with indicative yields as on December 30, 2016:

Instruments	Yield level (% per annum)
G – Sec 5 year	6.57%
G – Sec 10 year	6.52%
CP's 3 months	6.71%
CD's 3 months	6.28%
CP's 1 year	7.34%
CD's 1 year	6.63%
NON PSU	
Corporate Debentures AAA 3 year	7.75%
Corporate Debentures AAA 5 year	7.85%
PSU	
Corporate Debentures AAA 3 year	7.05%
Corporate Debentures AAA 5 year	7.20%

The actual yields will, however, vary in line with general levels of interest rates and debt/money market conditions prevailing from time to time.

The mutual fund or AMC and its empanelled brokers have not given and shall not give any indicative portfolio and indicative yield in any communication, in any manner whatsoever. Investors are advised not to rely on any communication regarding indicative yield/ portfolio with regard to the scheme.

E. INVESTMENT STRATEGY

The investment strategy would focus on managing long-term investor monies with a view to provide superior levels of yield across the credit spectrum. To manage credit risk, the Fund has put in place a strong rigorous process to evaluate credit risk and monitor the same on a continuous basis. The Fund will also emphasize on collaterals/covenants where it believes it is required. The Fund may invest in derivative instruments to hedge against interest rate and/or credit risks, if and when required and subject to availability. The Fund would invest predominantly in high yielding and relatively less liquid securities.

INVESTMENT PROCESS

The domestic debt markets are maturing rapidly with liquidity emerging in various debt segments through the introduction of new instruments and investors. The aim of the Investment Manager will be to allocate the assets of the Scheme between various fixed income and money market securities with the objective of achieving optimal returns. The actual percentage of investment in various fixed income securities will be decided after considering the prevailing political conditions, the economic environment (including interest rates and inflation), the performance of the corporate sector and general liquidity and other considerations in the economy and markets.

The Fund has put in place detailed Investment manual defining the prudential and concentration limits for the portfolio limits. The investment management team is allowed full discretion to make sale and purchase decisions within the limits established. All investment decisions are recorded by the fund manager.

Investment Management Committee (IMC) in its periodic meetings will track portfolio investment rationale, portfolio composition, performance etc. Any modification to the Investment manual is made by the IMC and is duly informed to the board. The performance of the fund will be monitored against its peer group in the industry and presented and reviewed at every Board meeting.

The AMC may approach rating agencies such as CRISIL, ICRA, etc for ratings of the scheme. IDFC Mutual Fund shall follow two way approach towards debt evaluation by an underlying issuer

1. Financial statement analysis
 - Balance sheet analysis (Debt equity ratios, Net worth, etc)
 - Profit & Loss statement analysis (Interest coverage ratios, ROA, Gross and net margins)
 - Cash flow analysis
2. Qualitative analysis by meeting the key officials of the company on a periodic basis to get a better

understanding.

Risk Control

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The AMC may also implement certain internal control procedures / risk & exposure limits etc., which may be varied from time to time

The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in-depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC.

Credit Evaluation Policy

The credit evaluation policy of the AMC entails evaluation of credit fundamentals of each underlying exposure. Some of the major factors that are evaluated are:

- a) Outlook on the sector
- b) Strength & Support of the Parent
- c) Quality of management
- d) Overall financial strength of the credit as determined by key financial ratios.

Ratings of recognized rating agencies are taken as a reference point in the credit evaluation process. Investments in bonds and debenture are made usually in instruments that have high investment grade ratings by a recognized rating agency

INVESTMENT IN DERIVATIVES

The Scheme may use derivatives instruments like Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time for the purpose of hedging and portfolio balancing, within a permissible limit of 50% of the net assets, which may be increased as permitted under the Regulations and guidelines issued from time to time. The cumulative gross exposure through repo transactions in corporate debt securities and credit default swaps along with debt & money market instruments and derivatives shall not exceed 100% of the net assets of the Scheme.

The following information provides a basic idea as to the nature of the derivative instruments proposed to be used by the Scheme and the risks attached there with.

Advantages of Derivatives:

The volatility in Indian markets both in debt and equity has increased over last few months. Derivatives provide unique flexibility to the Scheme to hedge part of its portfolio. Some of the advantages of specific derivatives are as under:

Derivatives Strategy:

In terms of Circular No. MFD.BC.191/07.01.279/1999-2000 and MPD.BC.187/07.01.279/1999-2000 dated November 1, 1999 and July 7, 1999 respectively issued by Reserve Bank of India permitting participation by Mutual Funds in Interest Rate Swaps and Forward Rate Agreements, the Fund will use derivative instruments for the purpose of hedging and portfolio balancing. The AMC would undertake the same for similar purposes only.

Interest Rate Swaps (IRS)

An IRS is an agreement between two parties to exchange stated interest obligations for an agreed period in respect of a notional principal amount. The most common form is a fixed to floating rate swap where one party receives a fixed (pre-determined) rate of interest while the other receives a floating (variable) rate of interest.

In terms of SEBI circular no. Cir/IMD/DF/11/2010 dated August 18, 2010, Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of

respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.

Forward Rate Agreement (FRA)

A FRA is basically a forward starting IRS. It is an agreement between two parties to pay or receive the difference between an agreed fixed rate (the FRA rate) and the interest rate (reference rate) prevailing on a stipulated future date, based on a notional principal amount for an agreed period. The only cash flow is the difference between the FRA rate and the reference rate. As is the case with IRS, the notional amounts are not exchanged in FRAs.

Basic Structure Of A Swap

Bank A has a 6 month Rs 10 crore liability, currently being deployed in call. Bank B has a Rs 10 crore 6 month asset, being funded through call. Both banks are running an interest rate risk.

To hedge this interest rate risk, they can enter into a 6 month MIBOR (Mumbai Inter Bank Offered Rate) swap. Through this swap, A will receive a fixed preagreed rate (say 7%) and pay “call” on the NSE MIBOR (“the benchmark rate”). Bank A’s paying at “call” on the benchmark rate will neutralise the interest rate risk of lending in call. B will pay 7% and receive interest at the benchmark rate. Bank A’s receiving of “call” on the benchmark rate will neutralise his interest rate risk arising from his call borrowing.

The mechanism is as follows:

- Assume the swap is for Rs.10 crore from March 01, 2015 to September 01, 2015. A is a fixed rate receiver at 7% and B is a floating rate receiver at the overnight compounded rate.
- On March 01, 2015 A and B will exchange only an agreement of having entered this swap. This documentation would be as per International Swaps and Derivatives Association (ISDA).
- On a daily basis, the benchmark rate fixed by NSE will be tracked by them.

On September 01, 2015 they will calculate the following:

- A is entitled to receive interest on Rs.10 crore at 7% for 184 days i.e. Rs. 35.28 lakh, (this amount is known at the time the swap was concluded) and will pay the compounded benchmark rate.
- B is entitled to receive daily compounded call rate for 184 days & pay 7% fixed.
- On September 01, 2015, if the total interest on the daily overnight compounded benchmark rate is higher than Rs. 35.28 lakhs, A will pay B the difference. If the daily compounded benchmark rate is lower, then B will pay A the difference.
- Effectively Bank A earns interest at the rate of 7% p.a. for six months without lending money for 6 months fixed, while Bank B pays interest @ 7% p.a. for 6 months on Rs. 10 crore, without borrowing for 6 months fixed.

The AMC retains the right to enter into such derivative transactions as may be permitted by the applicable regulations from time to time.

Interest Rate Future (IRF)

Interest Rate Futures means a standardized interest rate derivative contract traded on a recognized stock exchange to buy or sell a notional security or any other interest bearing instrument or an index of such instruments or interest rates at a specified future date, at a price determined at the time of the contract.

Exchange traded IRFs are standardised contracts based on a notional coupon bearing Government of India (GOI) security.

As there is an inverse relationship between interest rate movement and underlying bond prices and the futures price also moves in tandem with the underlying bond prices. If the Fund Manager has a view that interest rates will rise in the near future and intends to hedge the risk from rise in interest rates; the Fund Manager can do so by taking short position in IRF contracts.

If the Fund Manager is of the view that the interest rates will go down the Fund Manager will buy IRF to participate in appreciation.

Example:

The scheme holds cash & cash equivalent and expects that the interest rate will go down and intends to take directional position. Accordingly, the fund manager shall buy IRF –

- Trade Date – January 1, 2015
- Futures Delivery date – April 1, 2015
- Current Futures Price - Rs. 102.00
- Futures Bond Yield- 8.85%
- Trader buys 200 contracts of the April 2015 10 Year futures contract of face value of Rs.1000 on NSE on January 1, 2015 at Rs. 102.00

Assuming the price moves to Rs. 104.00 on January 6, 2015 , net MTM gain would be Rs. 4,00,000
 $(200 \times 1000 \times 104.00 - 102.00) \dots (I)$

Closing out the Position

- January 7, 2015 - Futures market Price – Rs. 105.00
- Trader sells 200 contracts of April 2015 10 year futures contract of face value of Rs.1000 at Rs. 105 and squares off his position
- Therefore total profit for trader $200 \times 1000 \times (105 - 104)$ is Rs. 2,00,000(II)
- Total Profit on the trade = INR 6,00,000 (I & II)

Hedging

Debt securities are exposed to the risk of rising interest rates, which in turn results in the reduction in the value and such impact can be seen in the value of the portfolio of the scheme. Under such circumstances, in order to hedge the fall in the value of the portfolio of the scheme due to falling bond prices, the fund manager may sell IRF contracts.

Example:

Date: January 01, 2015

Spot price of Security: Rs 101.80

Futures price of IRF Contract: Rs 102.00

On January 01, 2015, the Fund Manager bought 2000 GOI securities from spot market at Rs 101.8. The Fund Manager anticipates that the interest rate will rise in near future, therefore to hedge the exposure in underlying security the Fund Manager sells March 2015, Interest Rate Futures contracts at Rs 102.00.

On March 01, 2015 due to increase in interest rate:

Spot price of Security: Rs 100.80

Futures Price of IRF Contract: Rs 101.10

Loss in underlying market will be $(101.80 - 100.80) \times 2000 = \text{Rs } 2000$

Profit in the Futures market will be $(101.10 - 102.00) \times 2000 = \text{Rs } 1800$

INVESTMENT IN REPO IN CORPORATE DEBT SECURITIES

SEBI has, vide circulars no. CIR / IMD / DF / 19 / 2011 dated November 11, 2011 and no. CIR/IMD/DF/23/2012 dated November 15, 2012, enabled mutual funds to participate in repos in corporate debt securities as per the guidelines issued by RBI from time to time and subject to few conditions listed in the circular.

The circular requires the Trustees and the Asset Management Companies to frame guidelines about, inter alia, the following in context of these transactions, keeping in mind the interest of investors in the scheme:

- i. Category of counterparty
- ii. Credit rating of counterparty
- iii. Tenor of collateral
- iv. Applicable haircuts

Conditions applicable (as per SEBI circular):

- a) The gross exposure of any mutual fund scheme to repo transactions in corporate debt securities shall not be more than 10 % of the net assets of the concerned scheme.
- b) The cumulative gross exposure through repo transactions in corporate debt securities along with equity, debt and derivatives shall not exceed 100% of the net assets of the Scheme.
- c) Mutual funds shall participate in repo transactions only in AA and above rated corporate debt securities.

- d) In terms of Regulation 44 (2) of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, mutual funds shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months.
- e) Mutual funds shall ensure compliance with the Seventh Schedule of the Mutual Funds Regulations about restrictions on investments, wherever applicable, with respect to repo transactions in corporate debt securities.
- f) The details of repo transactions of the scheme in corporate debt securities, including details of counterparties, amount involved and percentage of NAV shall be disclosed to investors in the half yearly portfolio statements and to SEBI in the half yearly trustee report.
- g) To enable the investors in the mutual fund schemes to take an informed decision, the concerned Scheme Information Document shall disclose the following:
 - i. The intention to participate in repo transactions in corporate debt securities in accordance with directions issued by RBI and SEBI from time to time;
 - ii. The exposure limit for the scheme; and
 - iii. The risk factors associated with repo transactions in corporate bonds

Guidelines to be followed by IDFC Mutual Fund:

The following guidelines shall be followed by IDFC Mutual Fund for participating in repo in corporate debt security:

i. Category of counterparty & Credit rating of counterparty

All the counterparties with whom IDFC Mutual Fund currently deals in repo (SLR) shall be eligible for corporate bonds repo subject to execution of corporate bond repo agreement.

ii. Tenor of Repo

Tenor of repo shall be capped to 3 months as against maximum permissible tenor of 6 months. Any repo for a tenor beyond 3 months shall require prior approval from investment committee of the fund. There shall be no restriction / limitation on the tenor of collateral.

iii. Applicable haircut

A haircut of minimum 10% on the market value of the underlying security irrespective of the tenor to adjust for the illiquidity of the underlying instrument. The 10% mentioned herein is a function of how market practice evolves with respect to corporate bond repo. Prior approval of the Investment committee shall be sought for change in the haircut from existing 10% to such other % as deemed fit.

iv. Additional internal investment limit:

Any scheme shall not lend / borrow more than 10% of its corpus in repo against corporate bonds or 5% of total AUM of the Mutual fund (excluding Fund of fund) whichever is lower.

INVESTMENT IN SECURITISED DEBT

1. How the risk profile of securitized debt fits into the risk appetite of the scheme

Securitization is the fact or process of securitizing assets i.e. the conversion of loans into securities, usually in order to sell them on to other investors. This is done by assigning the loans to a special purpose vehicle (a trust), which in turn issues Pass-Through-Certificates (PTCs). These PTCs are transferable securities with fixed income characteristics. The risk of investing in securitized debt is similar to investing in debt securities.

However it differs mainly in two respects. One, the liquidity of securitized debt is less than similar debt securities. Two, for certain types of securitized debt (backed by mortgages etc.), there is an additional pre-payment risk. Prepayment risk refers to the possibility that loans are repaid before they are due, which may reduce returns if the re-investment rates are lower than initially envisaged.

Because of these additional risks, securitized debt typically offers higher yields than debt securities of similar credit rating and maturity. After considering these additional risks, the investment is no different from investment in a normal debt security. Considering the investment objective of the scheme, these instruments with medium risk profile can be considered in the investment universe. Thus if the Fund Manager judges that the additional risks are suitably compensated by the higher returns, he may invest in securitized debt up to the limits specified in the asset allocation table.

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc

Investments in securitized debt will be done based on the assessment of the originator and the securitized debt, which is carried out by the Fixed Income team based on the in-house research capabilities as well as the inputs from the independent credit rating agencies and by following AMC's internal credit process.

Specifically, in order to mitigate the risk at the issuer/originator level the Fixed Income team will consider various factors which will include -

- Track record of the originator in the specific business to which the underlying loans correspond to;
- Size and reach of the issuer/originator;
- Collection infrastructure & collection policies;
- Post default recovery mechanism & infrastructure;
- Underwriting standards & policies followed by originator;
- Management information systems;
- Financials of the originators including an analysis of leverage, NPAs, earnings, etc.
- Future strategy of the company for the specific business to which the underlying loans correspond to;
- Performance track record of Originator's portfolio & securitized pools, if any;
- Utilization of credit enhancement in the prior securitized pools;
- The quality of information disseminated by the issuer/ originator; and
- The credit enhancement for different types of issuer/originator.

Also, assessment of business risk would be carried out which includes -

- Outlook for the economy (both domestic and global); and
- Outlook for the industry

In addition, the fund analyses the specific pool and the broad evaluation parameters are as follows:

- Average seasoning of the loans in the pool
- Average Loan to value ratio of the loans in the pool
- Average ticket size of the loans
- Borrower profile (salaried / self employed, etc)
- Geographical profile of the pool
- Tenure profile of the pool
- Obligor concentration
- Credit enhancement cover available over and above the historic losses on Originator's portfolio
- Expected Prepayment rate in the specific asset class experienced by the originator in the past as well as the industry
- Limited Liquidity and Price Risk.

The scheme will invest in securitized debt which are rated investment grade and above by a credit rating agency recognized by SEBI. The investment team analyses the Rating Rationale in detail before investing in any PTCs, and also discusses with the concerned rating agency on a need basis. The rating agency would normally take into consideration the following factors while rating a securitized debt:

- Credit risk at the asset/originator/portfolio/pool level

The quality of the pool is a crucial element in assessing credit risk. In the Indian context, generally, pools are 'cherry-picked' using positive selection criteria. To protect the investor from adverse selection of pool contracts, the rating agencies normally take into consideration pool characteristics such as pool seasoning (seasoning represents the number of installments paid by borrower till date: higher seasoning represents better quality), over dues at the time of selection and Loan to Value (LTV). To assess its risk profile vis-à-vis the overall portfolio, the pool is analyzed with regard to geographical location, borrower profile, LTV, and tenure.

- Counterparty risk

This includes Servicer Risk, co-mingling risk etc. The rating agencies generally mitigate such risks through the usage of stringent counterparty selection and replacement criteria to reduce the risk of failure.

- Bankruptcy risk

- Of the Originator –

- Normally, specific care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.

It is also in the Interest of the originator to demonstrate the transaction as a true sell to get the necessary revenue recognition and tax benefits.

- Of the Investors' agent

- All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent.

- Legal risks

The rating agency normally conducts a detailed study of the legal documents to ensure that the investors' interest is not compromised and relevant protection and safeguards are built into the transaction.

Various market risks like interest rate risk, macro-economic risks Assessment of risks related to business for example outlook for the economy, outlook for the industry and factors specific to the issuer/originator.

3. Risk mitigation strategies for investments with each kind of originator

The examples of securitized assets which may be considered for investment by the Scheme and the various risk mitigation parameters (please read in continuation with point 2 above), which will be considered include;

A) Asset backed securities issued by banks or nonbanking finance companies.

Underlying assets may include receivables from loans against cars, commercial vehicles, construction equipment or unsecured loans such as personal loans, consumer durable loans. The various factors which will be usually considered while making investments in such type of securities include profile of the issuer, analysis of underlying loan portfolio – nature of asset class, seasoning of loans, geographical distribution of loans and coverage provided by credit-cum-liquidity enhancements.

A) Mortgage backed securities issued by banks or housing finance companies, where underlying assets are comprised of mortgages/home loan.

The various factors which will be usually considered while making investments in such type of securities include issuer profile of the issuer, quality of underlying portfolio, seasoning of loans, coverage provided by credit-cum-liquidity enhancements and prepayment risks.

B) Single loan securitization, where the underlying asset comprises of loans issued by a bank/non-banking finance company.

The factors which will be usually considered while making investments in such type of securities include assessment of credit risk associated with the underlying borrower as well as the originator. The Fixed Income team will adhere to the AMC's internal credit process and perform a detailed review of the underlying borrower prior to making investments. This analysis is no different from the analysis undertaken by Fund when it invests in Debentures or Commercial papers issued by the same borrower.

Critical Evaluation Criteria

Typically the Fund would avoid investing in securitization transaction (without specific risk mitigation strategies / additional cash/security collaterals/ guarantees) if there are concerns on the following issues regarding the originator / underlying issuer:

1. High default track record/ frequent alteration of redemption conditions/covenants
2. High leverage ratios – both on a standalone basis as well on a consolidated level/ group level
3. Higher proportion of re-schedulement of underlying assets of the pool or loan, as the case may be
4. Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
5. Poor reputation in market
6. Insufficient track record of servicing of the pool or the loan, as the case may be.

Further, investments in securitized debt will be done in accordance with the investment restrictions specified under the SEBI Regulations/ this Scheme Information Document which would help in mitigating certain risks.

Currently, as per the Regulations, the Scheme cannot invest more than 15% of its net assets in debt instruments (irrespective of residual maturity) issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 20% of the net assets of the Scheme with the prior approval of the Board of Trustees and the Board of the AMC.

4. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments

The framework which will generally be applied by the Fund Manager while evaluating the investment decision with respect to securitized debt will be as follows:

Characteristics/Type of Pool	Mortgage Loan	Single Sell Down^{\$}	Others^{\$}
Approximate Average Maturity (in Months)	Up to 10 years	Case by case basis	As and when new asset classes of securitized debt are introduced, the investments in such instruments will be evaluated on a case by case basis
Collateral margin (including cash, guarantees, excess interest spread, subordinate tranche)	In excess of 3%	Case by case basis	
Average Loan to Value Ratio	95% or lower	Case by case basis	
Average seasoning of the Pool	Minimum 2 months	Case by case basis	
Maximum single exposure range *	< 5%	Not applicable	
Average single exposure applicable range % *	< 5%	Not applicable	

* denotes % of a single ticket/loan size to the overall assets in the securitized pool.

\$ Broad evaluation criteria as per point 3 above

Notes:

1. Retail pools are the loan pools relating to Car, 2 wheeler, micro finance and personal loans, wherein the average loan size is relatively small and spread over large number of borrowers.

2. The information illustrated in the table above is based on current scenario relating to securitized debt market and is subject to change depending upon the change in the related factors. In addition to the framework stated in the table above, in order to mitigate the risks associated with the underlying assets where the diversification is less, at the time of investment the Fixed Income team could consider various factors including but not limited to -

- Size of the loan - the size of each loan is generally analyzed on a sample basis and an analysis of the static pool of the originator is undertaken to ensure that the same matches with the static pool characteristics. It also indicates whether there is high reliance on very small ticket size borrower which could result in delayed and expensive recoveries.

- Average original maturity of the pool of underlying assets

- The analysis of average maturity of the pool is undertaken to evaluate whether the tenor of the loans are generally in line with the average loans in the respective industry and repayment capacity of the borrower.

- Loan to value ratio, average seasoning of the pool of underlying assets - these parameters would be evaluated based on the asset class as mentioned in the table above.

- Default rate distribution - the Fixed Income team generally ensures that all the contracts in the pool are current to ensure zero default rate distribution.

- Geographical distribution - the analysis of geographical distribution of the pool is undertaken to ensure prevention of concentration risk.

- Credit enhancement facility - credit enhancement facilities in the form of cash collateral, such as fixed deposits, bank guarantee etc could be obtained as a risk mitigation measure.

- Liquidity facility - these parameters will be evaluated based on the asset class as mentioned in the table above.

- Structure of the pool of underlying assets – The structure of the pool of underlying assets would be either single asset class or combination of various asset classes as mentioned in the table above. We could add new asset class depending upon the securitization structure and changes in market acceptability of asset classes.

5. Minimum retention period of the debt by originator prior to securitization

The minimum retention period of the debt by the originator prior to securitization and the minimum retention percentage by originator of debts will be as per the guidelines/regulations issued by the RBI/other regulatory agencies from time to time.

Also, please refer the table in point 4. The Fund will adopt that policy, whichever is stricter.

6. Minimum retention percentage by originator of debts to be securitized

Same as point 5 above.

7. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund

An investment by the scheme in any security is done after detailed analysis by the Fixed Income team and in accordance with the investment objectives and the asset allocation pattern of a scheme. All investments are made on an arms-length basis without consideration of any investments (existing/potential) in the schemes made by any party related/involved in the transaction. The robust credit process ensures that there is no conflict of interests when a scheme invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme.

8. The resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt

The resources for and mechanisms of individual risk assessment with the AMC for monitoring investment in securitized debt are as follows:

- Fixed Income Team – Currently, the AMC has a 4 member team, who is responsible for credit research and monitoring and fund management, for all exposures including securitized debt.
- Ratings are monitored for any movement – Based on the cash flow report and Fixed Income Team's view, periodic review of utilization of credit enhancement shall be conducted and ratings shall be monitored accordingly.
- For legal and technical assistance with regard to the documentation of securitized debt instruments, the team can make use of resources within the internal legal team and if required take help of our external legal counsel as well.

As per the prevailing SEBI guidelines, the investments in securitised debt instruments will be shown as a separate category under debt instruments in the half yearly disclosure of scheme portfolio.

SECURITIES LENDING

If permitted by SEBI Regulations, the Scheme may also engage in securities lending in accordance with the applicable guidelines/regulations. Securities lending means lending a security to another person or entity for a fixed period of time, at a negotiated compensation. The security lent will be returned by the borrower on expiry of the stipulated period.

A maximum of 20% of the net assets will be deployed in securities lending and the maximum single party exposure will be restricted to 5% of the net assets.

Engaging in securities lending is subject to risks related to fluctuations in the collateral value / settlement / liquidity / counter party.

SHORT SELLING OF SECURITIES

If permitted by SEBI Regulations, the Scheme may engage in short selling of securities in accordance with the guidelines / regulations issued by SEBI. Short sale of securities means selling of securities without owning them.

Engaging in short sale of securities is subject to risks related to fluctuations in market price, and settlement/ liquidity risks.

Portfolio Turnover

Portfolio turnover in the scheme will be a function of market opportunities. It is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. The AMC will endeavor to optimize portfolio turnover to optimize risk adjusted return keeping in mind the cost associated with it. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of investment opportunities that exist in the market.

INVESTMENT BY THE AMC IN THE SCHEME

The AMC may invest in the Scheme from time to time. As per the Regulations, such investments are permitted subject to disclosure being made in the Scheme Information Document. However, the AMC shall not be entitled to

charge any management fee on its investments in the Scheme.

Further, as required by the regulations, the AMC shall invest not less than 1% of the amount raised in the NFO or Rs.50 lakhs, whichever is less, in the Growth option of the scheme and such investment shall not be redeemed unless the scheme is wound up.

F: FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

(i) Type of the scheme

Open Ended Income scheme

(ii) Investment Objective

The Fund seeks to generate returns by predominantly investing in a portfolio of corporate debt securities across the credit spectrum within the investment grade.

(iii) Asset Allocation Pattern as defined in Section C

(iv) Terms of Issue

Redemption of Units as detailed in Section III B of this document.

Fees and Expenses as specified in Section IV B of this document,

(v) Any Safety Net or Guarantee provided – None

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme or the trust or fee and expenses payable or any other change which would modify the Scheme and affect the interests of Unit holders is carried out unless:

A written communication about the proposed change is sent to each Unit holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and

The Unit holders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the scheme will be benchmarked against **80% Crisil AA Medium Term Bond Index + 20% Crisil AAA Short Term Bond Index.**

The scheme intends to invest majority of the portfolio in higher yielding corporate bond papers which is best represented by AA Medium Term Bond Index. Further the scheme would also be allocating the residual proportion in highly rated corporate papers that would help support the liquidity profile of the portfolio, which is captured by the AAA Short Term Bond Index.

Hence, we believe that a blend of these two indices - 80% Crisil AA Medium Term Bond Index and 20% Crisil AAA Short Term Bond Index would be the most appropriate of available indices.

H. WHO MANAGES THE SCHEME?

Mr Arvind Subramanian shall be the fund manager for IDFC Credit Opportunities Fund. His details are as under:

7. The Mutual Fund shall enter into transactions relating to Government Securities only in dematerialised form.
8. The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Boards of the Trustee Company and the AMC; Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and collateralized borrowing and lending obligations; Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.
9. The scheme shall not invest more than 10% of its NAV in unrated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the scheme. All such investment shall be made with the prior approval of the Trustee and the Board of the AMC.
10. The exposure in a particular sector (excluding investments in Bank CDs, CBLO, G-Secs, T-Bills and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) under the portfolio will not exceed 25% of the net assets on account of purchase.
An additional exposure to financial services sector (over and above the limit of 25%) not exceeding 10% of the net assets of the scheme on account of purchase shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only.
Provided that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/ exposure in HFCs shall not exceed 25% of the net assets of the scheme on account of purchase.
11. The total exposure of debt and liquid schemes in a group (excluding investments in securities issued by Public

Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of the Trustee Company.

For this purpose, a group means a group as defined under regulation 2 (mm) of SEBI (Mutual Funds) Regulations, 1996 and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

12. The Scheme may invest in any other mutual fund scheme (restricted to only debt and liquid funds) without charging any fees, provided that aggregate interscheme investment made by all schemes under the AMC or in schemes under the management of any other AMC shall not exceed 5% of the net asset value of the mutual fund.
13. Transfer of investments from one scheme to another scheme in the same Mutual Fund is permitted provided:
 - a) such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
 - b) the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
14. The Scheme shall not make any investment in
 - any unlisted security of an associate or group company of the sponsor; or
 - any security issued by way of private placement by an associate or group company of the sponsor; or
 - the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
15. Pending deployment of the funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI from time to time. currently, the following guidelines/restrictions are applicable for parking of funds in short term deposits:
 - “Short Term” for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days.
 - Such short-term deposits shall be held in the name of the Scheme.
 - The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustee.
 - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme.
 - The AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks in case of liquid and debt oriented schemes.

The above provisions will not apply to term deposits placed as margins for trading in cash and Derivatives market. However, all term deposits placed as margins shall be disclosed in the half yearly portfolio statements under a separate heading. Details such as name of bank, amount of term deposits, duration of term deposits, and percentage of NAV should be disclosed.
16. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of Repurchase/Redemption of Unit or payment of interest and/or Dividend to the Unit holder. The Fund shall not borrow more than 20% of the net assets of the individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time.

Apart from the Investment Restrictions prescribed under the Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

The AMC/Trustee may alter these investment restrictions from time to time to the extent SEBI regulations/applicable rules change/permit so as to achieve the investment objective of the scheme. Such alterations will be made in conformity with SEBI regulations.

The investment restrictions specified shall be applicable at the time of making the investment and it is clarified that changes need not be effected, merely by reason of appreciation or depreciation in value or by reason of factors beyond the control of the scheme (such as receipt of any corporate or capital benefits or amalgamations). In case the limits are exceeded due to reasons beyond its control, the AMC shall adopt necessary measures of prudence to reset the situation

having regard to the interest of the investors.

COMPARISON WITH OTHER DEBT (NON-LIQUID) SCHEMES OF IDFC MUTUAL FUND:

Scheme Name	Details of the Scheme	
IDFC Dynamic Bond Fund	Asset Allocation Pattern:	
	Asset Class	% of net assets
	Money Market and Debentures with residual maturity of less than 1 year	10% – 100%
	Debt instruments with maturity more than 1 year	0% - 90%
	Investment in Securitised Debt upto 50%.	
	Gross Exposure to Repo of Corporate Debt Securities upto 10%	
	Investment in Foreign Debt Instruments upto 50%	
	Investment Strategy:	
	The fund seeks to generate optimal returns with high liquidity by active management of the portfolio by investing in high quality money market & debt instruments.	
	The fund is positioned in the income fund category to take exposure across the curve depending upon the fund manager’s underlying interest rate view where we employ the majority of the portfolio. It is a wide structure and conceptually can go anywhere on the curve. The fund plays the trade of the season which we think will sustain for a longer period of time. However, a part of the fund can be used to opportunistically play trading opportunities.

III. UNITS AND OFFER

This section provides details you need to know for investing in the scheme.

NEW FUND OFFER (NFO) DETAILS

New Fund Offer (This is the period during which a new scheme sells its units to the investors)

NFO opens on: February 14, 2017

NFO closes on: February 27, 2017

The Trustees reserve the right to extend the closing date, subject to the condition that subscription list shall be kept open for not more than 15 days. Any extension to the subscription list (not exceeding the NFO period limit of 15 days) shall be notified by giving notice in two newspapers and a suitable display of the notice at official points of acceptance of transactions. The AMC also reserve the right to close the subscription list earlier by giving at least one day's prior notice in one English daily newspaper having nation wide circulation as well as a newspaper published in the language of the region where the head office of the mutual fund is situated.

New Fund Offer Price (This is the period during which a new scheme sells its units to the investors.):

Rs 10/- per unit.

Minimum Amount for Application in the NFO and during the ongoing offer

The minimum application amount shall be Rs.5000/- and any amount thereafter. There would be no maximum limit.

Minimum Target Amount during the NFO: Rs. 20,00,00,000/-

In accordance with the Regulations, if the scheme fails to collect the minimum subscription amount as specified above, the Fund shall be liable to refund the money to the applicants.

In addition to the above, refund of subscription money to applicants whose applications are invalid for any reason whatsoever will commence immediately after the allotment process is completed. Refunds will be completed within 5 Business Days of close of New Fund Offer. If the Fund refunds the amount after 5 Business Days, interest @ 15% per annum shall be paid by the AMC. Refund orders will be marked 'Account Payee Only' and drawn in the name of applicant in the case of sole applicant and in the name of first applicant in all other cases.

Maximum Amount to be raised (if any)

Not Applicable. The AMC reserves the right to specify maximum amount to be raised, at the time of New Fund Offer.

PLANS AND OPTIONS OFFERED

Under the scheme, investors may choose either the following plans:

Regular Plan: Regular plan is for investors purchasing / subscribing units in this scheme through distributors.

Direct Plan: Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Fund and is not available for investors who route their investments through a Distributor.

Investors subscribing under Direct Plan of a Scheme will have to indicate "Direct Plan" in the application form e.g. "IDFC Credit Opportunities Fund - Direct Plan". Investors should also indicate "Direct" in the ARN column of the application form. However, in case Distributor code is mentioned in the application form, but "Direct Plan" is indicated against the Scheme name, the Distributor code will be ignored and the application will be processed under Direct Plan and no commission will be paid to the distributor. Further, where application is received for Regular Plan without Distributor code or "Direct" mentioned in the ARN Column, the application will be processed under Direct Plan.

Both the Plans will have a common portfolio. The face value of the Units is Rs.10 per unit.

Both the plans shall have the following options:

- Growth Option
- Dividend Option

(i) Growth Option

The scheme will generally not declare any dividend under this option. The income attributable to units under this option will continue to remain invested in the scheme and will be reflected in the Net Asset Value of units under this option.

(ii) Dividend Option

Under this option, the Fund will endeavour to declare dividends as and when deemed fit by the Fund and/or on &/or before the closure of the scheme. In case no dividend is declared during the tenure of the scheme or at closure, the net surplus, if any, will remain invested and be reflected in the NAV.

Dividends, if declared, will be paid out of the net surplus of the Scheme to those Unitholders whose names appear in the Register of Unitholders on the record date. The actual date for declaration of dividend will be notified suitably to the Registrar. Unitholders are entitled to receive dividend within 30 days of the date of declaration of the dividend. However, the Mutual Fund will endeavour to make dividend payments sooner to Unitholders. There is no assurance or guarantee to Unitholders as to the rate of dividend distribution nor that dividends will be paid, though it is the intention of the Mutual Fund to make dividend distributions.

Dividend Option under both the Plans further offers **Payout, Reinvestment & Sweep facility**. The Dividend Options further offers choice of following dividend frequencies – **Quarterly, Half yearly, Annual and Periodic**.

For details on taxation of dividend, please refer to the section on 'Tax Benefits of Investing in the Mutual Fund' in the Statement of Additional Information.

The Investors should note that NAVs of the Dividend Option and the Growth Option will be different after the declaration of dividend under the Scheme.

Dividend Re investment facility:

Investors opting for the Dividend Option may choose to re-invest the dividend to be received by them in additional Units of the Scheme. Under this provision, the dividend due and payable to the Unitholders will compulsorily and without any further act by the Unitholders, be re-invested in the same option (at the first ex-dividend NAV). The dividends so re-invested shall constitute a constructive payment of dividends to the Unitholders and a constructive receipt of the same amount from each Unitholder for re-investment in Units.

On re-investment of dividends, the number of Units to the credit of the Unitholder will increase to the extent of the dividend re-invested divided by the NAV applicable as explained above. There shall, however, be no entry load on the dividends so re-invested.

Dividend Payout facility:

Under this Facility, the unit holders would receive payout of their dividend in the Option.

Please note that where the Unitholder has opted for Dividend Payout option and in case the amount of dividend payable to the Unitholder is Rs.100/- or less under a Folio, the same will be compulsorily reinvested in the Scheme.

Dividend sweep option:

The investor has the option to sweep dividend declared in the Scheme into any other open-ended scheme of IDFC Mutual Fund. The transfer shall be effected at the applicable NAV of the next business day.

If the amount of dividend is less than Rs 1/- the dividend shall be re-invested in the same scheme and not transferred to the desired other scheme.

Dividend Policy

Dividend declaration and distribution shall be in accordance with SEBI Regulations as applicable from time to time. The AMC reserves the right to declare dividend from time to time, depending on availability of distributable surplus.

Default option: The investors must clearly indicate the Option/facility (Growth or Dividend / Reinvestment or Payout

or Sweep) in the relevant space provided for in the Application Form. In case the investor does not select any Option, the default shall be considered as **Growth Option**. Within dividend Option if the investor does not select any frequency or facility, then default frequency of facility shall be **Annual Dividend / Dividend Reinvestment**.

Allotment

Full allotment will be made to all valid applications received during the New Fund Offer Period. Allotment of Units, shall be completed not later than 5 business days from the close of the New Fund Offer Period.

ACCOUNT STATEMENTS

For NFO allotment and fresh purchase during ongoing sales with creation of a new Folio:

- The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of closure of the NFO / transaction.
- The AMC shall issue to the investor whose application has been accepted, an account statement specifying the number of units allotted within five business days of closure of NFO/transaction. For allotment in demat form the account statement shall be sent by the depository / depository participant, and not by the AMC.
- For NFO allotment in demat form, the AMC shall issue an intimation of allotment.
- For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement.
- The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Pursuant to sub regulation (1), (2) and (4) of Regulation 36 of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circulars no. Cir/ IMD/DF/16/ 2011 dated September 08, 2011, no. Cir/MRD/D9/31/2014 dated November 12, 2014, no. SEBI/HO/IMD/DF2/CIR/P/2016/42 dated March 18, 2016 and no. SEBI/HO/IMD/DF2/CIR/P/2016/89 dated September 20, 2016, investors are requested to note the following regarding dispatch of account statements:

A) Consolidated Account Statement (CAS) - for Unitholders who have registered their PAN / PEKRN with the Mutual Fund:

Investors who hold demat account and have registered their PAN with the mutual fund:

For transactions in the schemes of IDFC Mutual Fund, a Consolidated Account Statement, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month within 10th day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Due to this regulatory change, AMC has now ceased sending account statement (physical / e-mail) to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. AMCs/ RTAs shall share the requisite information with the Depositories on monthly basis to enable generation of CAS. Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. Based on the PANs provided by the AMCs/MF-RTAs, the Depositories shall match their PAN database to determine the common PANs and allocate the PANs among themselves for the purpose of sending CAS. For PANs which are common between depositories and AMCs, the Depositories shall send the CAS.

In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor wishes to receive the CAS.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.

Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including

transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before 10th day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as service tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) for the half-year period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.

For Unit Holders who have provided an e-mail address to the Mutual Fund or in KYC records, the CAS will be sent by e-mail. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered in the Depository system.

Investors who do not wish to receive CAS sent by depositories have an option to indicate their negative consent. Such investors may contact the depositories to opt out.

Other investors:

The Consolidated Account Statement (CAS) for each calendar month shall be issued on or before tenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN) / PAN Exempt KYC Registration Number (PEKRN).

Due to this regulatory change, AMC has now ceased sending physical account statement to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. The Consolidated Account Statement issued is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be issued every half yearly (September/March), on or before 10th day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as service tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) for the half-year period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

The CAS will be sent via email (instead of physical statement) where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records.

B) For Unitholders who have not registered their PAN / PEKRN with the Mutual Fund:

For folios not included in the Consolidated Account Statement (CAS):

- The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of transaction.
- The AMC shall issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before tenth day of succeeding month. The account statement shall contain the details relating to all financial transactions made by an investor during the month, the holding as at the end of the month and shall also provide the total purchase value / cost of investment in each scheme.
- For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement.
- The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Further, an account statement shall be sent by the AMC every half yearly (September/March), on or before 10th day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as service tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) for the half-year period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly account statement shall be issued to all investors, excluding those investors who do not have any holdings in IDFC MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

C) For all Unitholders

In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

UNIT CERTIFICATES

Normally no Unit Certificates will be issued. However, if the applicant so desires, the AMC shall issue a non-transferable Unit Certificate to the applicant within 6 weeks of the receipt of request for the certificate. A Unit Certificate if issued must be duly discharged by the Unitholder(s) and surrendered along with the request for redemption/switch or any other transaction of Units covered therein.

Refund

In accordance with the Regulations, if the Scheme fails to collect the minimum subscription amount as specified above, the Fund shall be liable to refund the money to the applicants.

In addition to the above, refund of subscription money to applicants whose applications are invalid for any reason whatsoever will commence immediately after the allotment process is completed. Refunds will be completed within five business days of the close of the New Fund Offer Period. If the Fund refunds the amount after five business days, interest @ 15% per annum shall be paid by the AMC. Refund orders will be marked "Account Payee only" and drawn in the name of the applicant in the case of the sole applicant and in the name of the first applicant in all other cases.

The distribution of these Documents in certain jurisdictions may be prohibited or restricted or subject to registration requirements and accordingly, persons who come into possession of any of these Documents are required to inform themselves about and to observe, any such restrictions. No person receiving a copy of any of these Documents in such jurisdiction may act or treat these Documents or any part/portion thereof as constituting an invitation to him to subscribe for Units, nor should he in any event use any such Documents, unless in the relevant jurisdiction such an invitation could lawfully be made to him and such Documents could lawfully be used without compliance with any registration or other legal requirements.

Where can you submit the filled up applications.

Filled up applications can be submitted at the Offices of the CAMS Transaction points and ISC’s as per the details given on the last few pages of this document including the back cover page.

HOW TO APPLY?

Please refer to the SAI and Application form for the instructions.

Mode of Payment

Investors may make payments for subscription to the Units of the Scheme at the bank collection centres by local Cheque/Pay Order/Bank Draft, drawn on any bank branch, which is a member of Bankers Clearing House located in the Official point of acceptance of transactions where the application is lodged or by giving necessary debit mandate to their account or by any other mode permitted by the AMC.

NFO Collection Bankers: Standard Chartered Bank, HDFC Bank Ltd, Kotak Mahindra Bank.

Payment shall be accepted through RTGS/NEFT as well as cheques drawn on the NFO collection bankers mentioned in point (1) above throughout the NFO of the scheme. Please note that the cheques drawn on banks other than the ones mentioned in point (i) shall be accepted only up to February 27, 2017.

Cheques/Pay Orders/Demand Drafts should be drawn as follows:

1. The Cheque/DD/Payorder should be drawn in favour of “**IDFC Credit Opportunities Fund** ” as mentioned in the application form/addendum at the time of the launch.

Please note that all cheques/DDs/payorders should be crossed as "Account payee". In order to prevent frauds and misuse of payment instruments, the investors are mandated to make the payment instrument (cheque, demand draft, pay order, etc.) favouring either of the following (Investors are urged to follow the order of preference in making the payment instrument favouring as under):

- “IDFC Credit Opportunities Fund A/c Permanent Account Number”
- “IDFC Credit Opportunities Fund A/c First Investor Name” or
- “IDFC Credit Opportunities Fund A/c Folio number”

2. Centres other than the places where there are Official point of acceptance of transactions as designated by the AMC from time to time, are Outstation Centres. Investors residing at outstation centres should send demand drafts drawn on any bank branch which is a member of Bankers Clearing House payable at any of the places where an Official point of acceptance of transactions is located.

One Time Mandate Facility of CAMS

One Time Mandate Registration Facility (OTM facility) offered by Computer Age Management Services (Registrar / CAMS), is available for investment in the schemes of IDFC Mutual Fund (the Fund). OTM - One Time Mandate registration shall be registered against the PAN of the First Unitholder which authorizes his/her bank to debit their account up to a certain specified limit per day (subject to the current statutory limits of Rs. One Crore per transaction), as and when they wish to transact with the Fund, without the need of submitting cheque or fund transfer letter with every transaction thereafter. This Facility currently enables Unit holder(s) of the Fund to start Systematic Investment Plan (SIP) or invest lump sum amounts in any open-ended Scheme of the Fund through various transaction modes i.e. physical transactions, Phone transact and M-Transact and/or such other modes which the Fund may activate for OTM

facility from time to time. OTM facility can be availed only if the Investor's Bank is a participating bank on the NACH Platform of NPCI and subject to investor's bank accepting ACH/ OTM Registration mandate.

Payments by cash, money orders, postal orders, stockinvests and out-station and/or post dated cheques will not be accepted.

At present, applications for investing in scheme through cash are not accepted by IDFC AMC. The AMC, at a later date, may decide to accept investment in cash subject to implementation of adequate systems and controls. Information in this regard will be provided to investors as and when the facility is made available.

Treatment of applications under "Direct" / "Regular" Plans:

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Applications Supported by Blocked Amount (ASBA) facility:

ASBA facility will be provided to the investors subscribing to NFO of each Series of the Scheme. It shall co-exist with the existing process, wherein cheques/demand drafts are used as a mode of payment. Detailed provision of such facility will be provided in SAI.

MANDATORY QUOTING OF BANK MANDATE BY INVESTORS

As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications and therefore, investors are requested to fill-up the appropriate box in the application form failing which applications are liable to be rejected.

PAN & KYC REQUIREMENTS

It is mandatory for all investors (including joint holders, NRIs, POA holders and guardians in the case of minors) to furnish such documents and information as may be required to comply with the Know Your Customers (KYC) policies under the AML Laws. Applications without such documents and information may be rejected.

In terms of SEBI circulars dated April 27, 2007, April 03, 2008 and June 30, 2008 read with SEBI letter dated June 25, 2007, Permanent Account Number (PAN) would be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction, except (a) investors residing in the state of Sikkim; (b) Central Government, State Government, and the officials appointed by the courts e.g. Official liquidator, Court receiver etc. (under the category of Government) and (c) investors participating only in micro-pension. SEBI, in its subsequent letters dated June 19, 2009 and July 24, 2012 has conveyed that systematic investment plans (SIP) and lumpsum investments (both put together) per mutual fund up to Rs.50,000/- per year per investor shall be exempted from the requirement of PAN.

Accordingly, investments in IDFC Mutual Fund (including SIP investment where the aggregate of SIP installments in a

rolling 12 months period or in a financial year i.e April to March) of upto Rs 50,000/- per investor per year shall be exempt from the requirement of PAN.

However, eligible Investors (including joint holders) should comply with the KYC requirement through registered KRA by submitting Photo Identification documents as proof of identification and the Proof of Address [self-attested by the investor / attested by the ARN Holder/AMFI distributor]. These exempted investors will have to quote the “PERN (PAN exempt KYC Ref No) in the application form. This exemption of PAN will be applicable only to investments by individuals (including NRIs but not PIOs), joint holders, Minors and Sole proprietary firms. PIOs, HUFs and other categories of investors will not be eligible for this exemption.

Thus, submission of PAN is mandatory for all other investors existing as well as prospective investors (except the ones mentioned above) (including all joint applicants/holders, guardians in case of minors, POA holders and NRIs but except for the categories mentioned above) for investing with mutual funds from this date. Investors are required to register their PAN with the Mutual Fund by providing the PAN card copy (along with the original for verification which will be returned across the counter). All investments without PAN (for all holders, including Guardians and POA holders) are liable to be rejected.

Application Forms without quoting of PERN shall be considered incomplete and are liable to be rejected without any reference to the investors. The procedure implemented by the AMC and the decisions taken by the AMC in this regard shall be deemed final.

LISTING AND TRANSFER OF UNITS

The Units of the Scheme are presently not proposed to be listed on any stock exchange and no transfer facility is provided. However, the Fund may at its sole discretion list the Units under the Scheme on one or more Stock Exchanges at a later date, and thereupon the Fund will make a suitable public announcement to that effect.

In accordance with SEBI circular number CIR/IMD/DF/10/2010 dated August 18, 2010 units of all IDFC scheme which that are held in electronic (demat) form, will be transferable and will be subject to the transmission facility in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time.

If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.

PLEDGE OF UNITS FOR LOANS

The Units can be pledged by the Unitholders as security for raising loans subject to the conditions of the lending institution. The Registrar will take note of such pledge (by marking a lien etc.) / charge in its records. Disbursement of such loans will be at the entire discretion of the lending institution and the fund assumes no responsibility thereof.

The pledgor will not be able to redeem Units that are pledged until the entity to which the Units are pledged provides written authorisation to the fund that the pledge/lien charge may be removed. As long as Units are pledged, the pledgee will have complete authority to redeem such Units. Decision of the AMC shall be final in all cases of lien marking.

Right to restrict redemption or suspend redemption in the Scheme:

The AMC/Trustee, at its sole discretion, reserves the right to impose restriction on redemption (including switches) or suspend redemption (including switches) from the Scheme in the general interest of the Unitholders of the Scheme and keeping in view the unforeseen circumstances/unusual market conditions.

Imposition of such restriction will be subject to following conditions:

- a) Restriction on redemption may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:
 - i. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security;

- ii. Market failures, exchange closures;
- iii. Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures.
- b) Restriction on redemption may be imposed for a period not exceeding 10 working days in any 90 days period.
- c) When restriction on redemption is so imposed, the following procedure shall be applied:
 - i. No redemption requests of value up to Rs.2 lakhs shall be subject to such restriction.
 - ii. For redemption request of value above Rs.2 lakhs, the first Rs.2 lakhs shall be redeemed without such restriction and the restriction shall apply for the redemption amount exceeding Rs.2 lakhs.

Any restriction on Redemption or suspension of redemption (including switches) of the Units in the Scheme shall be made applicable only after specific approval of the Board of Directors of the AMC and the Trustee Company and thereafter, immediately informing the same to SEBI.

It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines (i.e. within 3 Business Days for schemes other than interval funds and within 1 Business Day for interval funds) mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable.

The AMC / Trustee reserves the right to change / modify the provisions of right to restrict or suspend redemption of Units in the Scheme, subject to the applicable regulatory provisions from time to time.

PHONE TRANSACT

This facility is currently available to all existing Individual investors in the schemes of IDFC Mutual Fund. Individual investors applying on “Sole” or “Anyone or Survivor” basis in their own capacity shall be eligible to avail of phone transact facilities for permitted transactions; inter alia, on the terms and conditions specified by the AMC for use of this facility from time to time. All such investors also need to have completed the KYC process and bank mandate registration as specified by the AMC from time to time. This facility is currently not available to a first time investor in the schemes of IDFC Mutual Fund.

Currently, only purchase, switch and redemption transactions are accepted through this facility. Eligible investors can make additional purchase in the scheme in which they are currently invested or make fresh purchase in any other scheme (except Liquid scheme) of IDFC Mutual Fund. Additionally, in case of open-ended schemes offering SIP facility, investors can register a SIP using Phone Transact. Requests like change in bank mandate, change of nomination, change in mode of holding, change of address or such other requests as the AMC may decide from time to time will not be permitted using the phone transact facility.

The Unit holder desirous to make purchase and SIP registration over this facility shall register to avail the Phone Purchase facility by submitting the “One Time Debit Mandate Form for Phone Purchase” and submit the same to the AMC/ISC. The form can be downloaded from www.idfcmf.com. The terms and conditions for Phone Purchase are mentioned on the reverse of the Application Form.

At present, only five (5) transactions per folio per scheme per day are accepted on this facility. For purchase and SIP transactions, the amount of each transaction should be less than Rs.2 lacs.

The AMC may, if deemed fit, extend this facility to other categories of investors at a future date. The AMC/Mutual Fund reserves the right to modify the terms and conditions of this Facility from time to time as may be deemed expedient or necessary.

“Terms and Conditions” mean the terms and conditions set out below by which the Facility shall be used/availed by the Unit holder and shall include all modifications and supplements made by AMC thereto from time to time.

In order to access the Facility, the Unit holder shall be required to give Basic Identification Data (BID) to IDFC Asset Management Company Pvt. Ltd. (AMC) based on which the AMC may allow access to the Facility. The BID may be enhanced / modified by the AMC from time to time. The unitholder must provide additional BID as & when required

by the AMC.

The AMC has a right to ask such information from the available data of the Unit holder before allowing him/her access to avail of the Facility. If for any reason, the AMC is not satisfied with the replies of the Unit holder, the AMC has at its sole discretion the right of refusing access without assigning any reasons to the Unit holder.

It is clarified that the Facility is only with a view to accommodate /facilitate the Unit holder and offered at the sole discretion of the AMC. The AMC is not bound and/or obliged in any ways to give access to this Facility to Unit holder. Further, the AMC may refuse access to this Facility to any investor for reasons such as (including but not limited to) attempt to mis-use this facility, attempt to place unauthorised transaction etc.

AMC may periodically provide the Unit holder with a written statement of all the transactions made by the Unit holder on a regular/as & when basis, as is being currently done.

The Unit holder shall check his/her account records carefully and promptly. If the Unit holder believes that there has been a mistake in any transaction using the Facility, or that an authorised transaction has been effected, the Unit holder shall notify AMC immediately. If the Unit holder defaults in intimating the alleged discrepancies in the statement within a period of thirty days of receipt of the statements, he waives all his rights to raise the same in favour of the AMC, unless the discrepancy /error is apparent on the face of it.

By opting for the facility the Unit holder hereby irrevocably authorises and instructs the AMC to act as his /her agent and to do all such acts as AMC may find necessary to provide the Facility.

The Unit holder shall not disclose/divulge the BID to any person and shall ensure that no person gains access to it.

The Unit holder shall at all times be bound by any modifications and/or variations made to these Terms and Conditions by the AMC at their sole discretion and without notice to them.

The Unit holder agrees and confirms that the AMC has the right to ask the Unit holder for an oral or written confirmation of any transaction request using the Facility and/or any additional information regarding the Account of the Unit holder.

The Unit holder agrees and confirms that the AMC may at its sole discretion suspend the Facility in whole or in part at any time without prior notice if (i) the Unit holder does not comply with any of the Terms and Conditions or any modifications thereof, (ii) the AMC has the reason to believe that such processing is not in the interest of the Unit holder or is contrary to Regulation/SIDs/amendments to the SID and (iii) otherwise at the sole discretion of the AMC in cases amongst when the markets are volatile or when there are major disturbances in the market, economy, country, etc.

The Unit holder shall not assign any right or interest or delegate any obligation arising herein.

The Unit holder agrees that it shall be his/her sole responsibility to ensure protection and confidentiality of BID and any disclosures thereof shall be entirely at the Unit holder's risk.

The Unit holder shall take responsibility for all the transactions conducted by using the Facility and will abide by the record of transactions generated by the AMC. Further, the Unit Holder confirms that such records generated by the AMC shall be conclusive proof and binding for all purposes and may be used as evidence in any proceedings and unconditionally waives all objections in this behalf.

The Unit holder shall, in case of accounts opened in the names of minors and being the natural guardian of such minor, give all instructions relating to the operation of the account and shall not, at any point of time disclose the BID to the minor / any other person

AMC shall be notified immediately if a record of the BID, is lost or stolen or if the Unit holder is aware or suspects another person knows or has used his/her BID without authority.

The Unit holder agrees and acknowledges that any transaction, undertaken using the Unit holder's BID shall be deemed to be that of the Unit holder. If any third party gains access to the Facility, the Unit holder agrees to indemnify

the AMC and its directors, employees, agents and representatives against any liability, costs, or damages arising out of claims or suits by such other third parties based upon or related to such access or use.

The Unit holder agrees that use of the Facility will be deemed acceptance of the Terms and Conditions and the Unit holder will unequivocally be bound by these Terms and Conditions.

Indemnities in favour of the IDFCAMC:

The Unit holder shall not hold the AMC liable for the following:

For any transaction using the Facilities carried out in good faith by the AMC on instructions of the Unit holder.

For the unauthorized usage/unauthorised transactions conducted by using the Facility.

For any loss or damage incurred or suffered by the Unit holder due to any error, defect, failure or interruption in the provision of the Facility arising from or caused by technical reasons such as telephone lines not functioning, call drop, issues with voice transmission, loss/limitations of connectivity etc., or for any reason(s) beyond the reasonable control of the AMC.

For any negligence / mistake or misconduct by the Unit holder and/or for any breach or non-compliance by the Unit holder of the rules/terms and conditions stated in this Agreement.

For accepting instructions given by any one of the Unit holder in case of joint account/s having mode of operations as "Either or Survivor" or "anyone or survivor".

For not verifying the identity of the person giving the telephone instructions in the unit holder name.

For not carrying out any such instructions where the AMC has reason to believe (which decision of the AMC the Unit holder shall not question or dispute) that the instructions given are not genuine or are otherwise improper, unclear, vague or raise a doubt.

The AMC may assign any of its rights under these terms and conditions without the consent of the Unit holder to any of the AMC's group companies, subsidiary or Associate Company or such other company which the AMC deems suitable for provision of this Facility.

The transactions carried out on the above platform shall be subject to SEBI (Mutual Funds) Regulations, 1996 and circulars / guidelines issued hereunder from time to time.

Mutual Fund Distributors

Mutual Fund Distributors (MF Distributors) are permitted to use recognised StockExchange infrastructure to purchase/redeem units directly from Mutual Fund/AMC on behalf of their clients.

Following guideline shall be applicable for transactions executed through MF Distributors through the Stock Exchange Mechanism:

1. MF Distributor registered with Association of Mutual Funds in India (AMFI) and permitted by the concerned recognized stock exchanges shall be eligible to use recognized stock exchanges' infrastructure to purchase and redeem mutual fund units (Demat / Non Demat) on behalf of their clients, directly from IDFC Mutual Fund (IDFC MF).
2. MF distributors shall not handle pay out/pay in of funds as well as units on behalf of investor.
3. Pay in will be directly received by recognized clearing corporation and payout will be directly made to investor

account. In the same manner, units shall be credited and debited directly from the demat account/Folio of investors in case of Demat/Non-demat transactions respectively.

Facility to transact in the schemes of IDFC Mutual Fund through MF Utility infrastructure:

IDFC Asset Management Company Limited (“IDFC AMC”) has entered into an Agreement with MF Utilities India Private Limited (“MFUI”), a SEBI registered Category II Registrar to an Issue, for usage of MF Utility (“MFU”) - a shared services initiative of various asset management companies of mutual funds in India, which acts as a transaction aggregation portal for transacting in multiple schemes of various mutual funds in India with a single form and a single payment instrument.

Investors / prospective investors can submit the applications / requests for all financial and non-financial transactions in the schemes of IDFC Mutual Fund (“IDFC MF”) through MFU. Investors / prospective investors desirous to route their transactions through MFU can submit the physical applications / requests at any of the authorised Point of Service locations (“POS”) designated by MFUI from time to time. In addition to the same, investors can also submit the transactions electronically on the online transaction portal of MFUI (www.mfuonline.com) as and when such a facility is made available by MFUI.

IDFC AMC hereby declares all the authorised MFUI POS designated by MFUI from time to time as the Official Points of Acceptance of Transactions (“OPAT”) of IDFC MF effective February 06, 2015 (Friday) in respect of the transactions in the schemes of IDFC MF routed through MFU by the investors / distributors. Additionally, the online transaction portal of MFUI (www.mfuonline.com) will also be an OPAT of IDFC MF from the date the transaction facility is made available by MFUI on the said portal.

The “cut off time” as mentioned in the respective Scheme Information Documents shall be reckoned at the above OPATs also.

For facilitating investors to transact through MFU, MFUI will allot a Common Account Number (“CAN”), a single reference number for all investments in the Mutual Fund industry, for transacting in multiple schemes of various mutual funds through MFU and to map existing folios, if any. Investors can create a CAN by submitting the CAN Registration Form and other necessary documents at any of the MFUI POS. IDFC AMC and / or its Registrar and Transfer Agent (“RTA”) shall provide necessary details to MFUI as may be needed for providing the required services to investors / distributors through MFU.

For facilitating transactions through MFU, IDFC MF / IDFC AMC will be required to furnish and disclose certain information / details about the investor(s), which may include certain personal information including financial information, with MFUI and / or its authorised service providers. Investors transacting through MFU shall be deemed to have consented and authorised IDFC MF / IDFC AMC to furnish and disclose all such information to MFUI and/or its authorised service providers as may be required by MFUI from time to time.

The transactions routed through the MFU shall be subject to the terms & conditions as may be stipulated by MFUI / IDFC AMC / IDFC MF from time to time. Further, investments in the schemes of IDFC MF routed through MFU shall continue to be governed by the terms and conditions stated in the Scheme Information Document of the respective scheme(s).

WEB TRANSACTIONS:

The Mutual Fund may allow subscriptions of Units by electronic mode through the various web sites with whom the AMC would have an arrangement from time to time. Normally, the subscription proceeds, when invested through this mode, are by way of direct credits to the designated bank collection account of the Scheme. The intermediary will aggregate the data and forward the same to the AMC / ISC for processing. Unit holders may request for change of address/ bank account etc. through this mode provided, such website(s) provide for this facility. The investor is required to send the signature card with the specimen signatures of all the applicants, to the AMC / ISC. In the case of signatures not being made available, any request received, whether financial / nonfinancial, including request for Redemption of Units, shall not be processed till such time that the specimen signature cards duly signed by the applicants are received by the AMC / ISC. As and when regulatory authorities permit the use of digital signatures, the Mutual Fund may implement the same in lieu of the physical signature cards. The Applicable NAV for subscriptions / redemptions of Units through Electronic Mode will be in accordance with the SEBI (MF) guidelines for Time Stamping and Cut-off Timings for subscriptions / redemptions made on ongoing basis. The Mutual Fund, the AMC, the Trustee, alongwith its directors, employees and representatives shall not be liable for any damages or injuries arising out of or in connection with the use of the web-site or its non-use including non-availability or failure of performance, loss or corruption of data, loss of or damage to property (including profit and goodwill), work stoppage, computer failure or malfunctioning or interruption of business; error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, unauthorised access or use of information. The Mutual Fund may introduce a facility for distributors to transact on the web on behalf of their clients, provided the client has authorised the distributors to do so by executing a Power of Attorney in favour of the distributor for this purpose. In such event, the Power of Attorney should be submitted to the Mutual Fund. It shall be the responsibility of the distributor, to ensure that the Power of Attorney is valid and subsisting to carry out the transaction.

Withdrawal amount - Minimum Rs. 500/- and any amount thereafter.

Withdrawal frequency – Monthly, Quarterly, Half yearly and Annual

Dates - 1st, 10th & 20th day.

Capital Appreciation SWP:

The entire capital appreciation as on the date of withdrawal will be redeemed on the SWP date.

Withdrawal frequency – Monthly, Quarterly, Half yearly, Annual and March Payout

Dates - 1st, 10th & 20th day (except for March Payout option). In March Payout option, the redemption will be processed on the fourth last Business Day of the financial year (ending 31st March every year)

For the purpose of determining the month of processing redemption in monthly / quarterly / half yearly / annual payout option of the SWP, the same shall be calculated from the month of registration of the SWP.

Periodic Encashment Plan

Systematic Withdrawal Plan as per the amount decided by the AMC hereinafter called 'Periodic Encashment Plan' (PEP). This facility is available in the growth option only. The amount of withdrawal would be decided by the AMC based on anticipated growth in NAV. Further to facilitate investors, such encashment facility is available on a monthly/quarterly/half yearly/annual basis. The minimum amount of encashment shall be Rs 500/- and in multiples of Re 1/-

To investors having a bank account with Standard Chartered Bank or such other banks with whom the fund would have an arrangement from time to time, the payments on account of SWP/PEP would be effected by way of credit to their account if so specified.

SYSTEMATIC TRANSFER PLAN (STP)

Investors can opt for the Systematic Transfer Plan by investing a lumpsum amount in one scheme of the fund and providing a standing instruction to transfer sums with a minimum amount of Rs.1000/- and any amount thereafter, at monthly intervals (for a minimum period of 6 months) into any other scheme of IDFC Mutual Fund. Investors could also opt for STP from an existing account by quoting their account / folio number. Investors could choose to specify a fixed sum to be transferred every month. Alternatively, in the Growth Option(s) / sub-options under the Scheme(s) of IDFC Mutual Fund, investors could opt to automatically transfer the capital appreciation (between the immediately preceding STP date and the present STP date) in the value of their investments to the Scheme(s) of IDFC Mutual Fund. In the event that such a day is a holiday, the transfer would be effected on the next business day.

STP can be effected as per following frequencies chosen by Investor –

- a) Monthly : any day of the month (except 29th, 30th and 31st)
- b) Fortnightly : 1st & 16th
- c) Weekly : Date option - 7th, 14th, 21st, 28th day of every month; or Day option - every Monday of the week
- d) Daily : all business days

If STP day falls on non-business day, the STP transaction shall be processed on the next business day.

The AMC reserves the right to introduce STPs at such other frequencies such as quarterly / half-yearly etc. or on any dates as the AMC may feel appropriate from time to time.

Auto Termination of STP and SWP

The STP and SWP shall be auto terminated in case of

- a) six consecutive failures to process the instalment on account of insufficient balance maintained by the investor in the source scheme or any other reason attributable to the investor; or
- b) specific court order.

Dividend

The dividend warrants shall be dispatched to the unitholders within 30 days of the date of declaration of the dividend.

Redemption

The redemption or repurchase proceeds shall be dispatched to the unitholders within 10 working days from the date of redemption or repurchase.

Delay in payment of redemption / repurchase proceeds and dividend warrants

The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).

C. PERIODIC DISCLOSURES

Net Asset Value

This is the value per unit of the scheme on a particular day. You can ascertain the value of your investment by multiplying the NAV with your unit balance.

NAV of units under the Scheme shall be calculated as shown below: **NAV (Rs.)=**

Market or Fair Value of Scheme's investments	+	Current including Income	Assets Accrued	-	Current Liabilities and Provisions including accrued expenses
--	---	--------------------------	----------------	---	---

No. of Units outstanding under Scheme

The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

NAV will be determined for every Business Day except in special circumstances and published in two daily newspapers. NAV calculated upto four decimal places. The first NAV shall be calculated and disclosed within 5 business days of allotment.

NAV of the Scheme shall be made available on the website of AMFI (www.amfiindia.com) and the Mutual Fund (www.idfcmf.com) by 9.00 p.m. on all business days. The NAV shall also be available on the call free number 1-800-300-66688 and on the website of the Registrar CAMS (www.camsonline.com). In case the NAV is not uploaded by 9.00 p.m it shall be explained in writing to AMFI for non adherence of time limit for uploading NAV on AMFI's website. If the NAVs are not available before the commencement of business hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV.

Half yearly Portfolio Disclosures:

This is a list of securities where the corpus of the scheme is currently invested. The market value of these investments is also stated in portfolio disclosures.

The Mutual Fund shall within one month from the close of each half year, that is on 31st March and on 30th September, publish the portfolios of the Scheme in at least one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the mutual fund is situated. The said portfolios shall also be hosted on the website of IDFC Mutual Fund i.e. www.idfcmf.com.

Half Yearly Results

The Mutual Fund shall within one month from the close of each half year, that is on 31st March and on 30th September, host a soft copy of its unaudited financial results on their website and shall publish an advertisement

disclosing the hosting of such financial results on their website, in atleast one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the mutual fund is situated.

Annual Report

The Scheme wise annual report or an abridged summary hereinafter shall be sent by AMC/Mutual Fund as under:

- (i) by e-mail to the Unit holders whose e-mail address is available with the Fund,
- (ii) in physical form to the Unit holders whose email address is not available with the Fund and/or to those Unit holders who have opted / requested for the same.

The scheme wise annual report or an abridged summary shall be sent by mail/e-mail not later than four months from the date of closure of the relevant accounting year (i.e. 31st March each year).

The physical copy of the scheme wise annual report or abridged summary shall be made available to the investors at the registered office of the AMC. A link of the scheme annual report or abridged summary shall be displayed prominently on the website of the Fund.

The Annual Report, portfolio statement and the un audited financial results will also be displayed on the website of the Mutual Fund (www.idfcmf.com) and Association of Mutual Funds in India (www.amfiindia.com).

Taxation

As per the taxation laws in force as at the date of this document, some broad income tax implications of investing in the units of the various schemes of the Fund are stated below. The information so stated is based on the Fund's understanding of the tax laws in force as of the date of this document.

The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors/authorised dealers with respect to the specific amount of tax and other implications arising out of his or her participation in the schemes.

	Resident Investors	Mutual Fund
Tax on Dividend/ Income	Nil	(Refer note 3 below)
Capital Gains: Long Term	20 % (Please refer note below)	N.A.
Short Term	Slab/30%/40%	
For further details on taxation please refer to the clause on Taxation in the SAI		

Note: Surcharge and Educational cess will be payable in addition to the applicable taxes, wherever applicable.

As per the provisions of section 2(42A) of the Act, mutual fund units (other than equity oriented funds) held by the investor as a capital asset is considered as short term capital asset if it is held for a period of up to 36 months. Accordingly, if such unit is held for a period of more than 36 months, it is treated as a long-term capital asset.

1) Long-term capital gains

For resident as well as non- resident investors, as per section 112 of the Act, long term capital gains on transfer of units, are liable to tax at the rate of 20 per cent (with indexation benefits).

Further, in case of individuals/HUF's, being residents, where the total income excluding long term capital gains is below the maximum amount not chargeable to tax¹, then the difference between the maximum amount not chargeable to tax and total income excluding long term capital gains, shall be adjusted from long term capital gains. Therefore only the balance long term capital gains will be liable to income tax at the rate of 20 per cent.

2) Short-term Capital Gains

Short-term capital gains arising to domestic companies are taxable as under:

D. COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time.

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the non-daily accrual does not affect the NAV calculations by more than 1%.

Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

In case the Net Asset Value of a scheme differs by more than 1%, due to non - recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows:-

- If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the time of sale of their units, they shall be paid the difference in amount by the scheme.
- If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme.

The asset management company may recover the difference from the investors.

NAV of units under the Scheme shall be calculated as shown below:

NAV (Rs.) =

Market or Fair Value of Scheme's investments	+	Current Assets including Accrued Income	-	Current Liabilities and Provisions including accrued expenses
--	---	---	---	---

No. of Units outstanding under Scheme

The NAV of the Scheme will be calculated upto four decimal places and will be declared on each business day. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

The NAV shall be published atleast in two daily newspapers and shall be calculated and announced on every Business Day. The NAVs of Growth Option and Dividend Option will be different after the declaration of the first dividend.

IV. FEES AND EXPENSES (This section outlines the expenses that will be charged to the Scheme)

As per the provisions of the Regulations, read with the amendments thereto, the following fee and expenses will be charged to the plans under the scheme.

A. NEW FUND OFFER (NFO) EXPENSES (These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc)

New fund offer expenses will be borne by the AMC.

B. ANNUAL SCHEME RECURRING EXPENSES

(These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below):

As per SEBI (MF) Regulations, 1996, recurring expenses will not exceed the following limits :

1. on the first Rs. 100 crore of the Scheme's daily net assets, will not exceed 2.25%
2. on the next Rs. 300 crore of the Scheme's daily net assets, will not exceed 2.00%
3. on the next Rs. 300 crore of the Scheme's daily net assets, will not exceed 1.75% and
4. on the balance of the Scheme's daily net assets, will not exceed 1.50%.

In addition to the recurring expense mentioned above, additional expenses of 0.20% of daily net assets of the scheme shall be chargeable.

The total fees and expenses for operating the scheme as listed hereunder would be 2.45% (2.25% plus 0.20%) of the daily net assets which includes expenses towards management fees, commission, marketing expense and other expense relating to operating the scheme.

Expense Head	% of daily Net Assets
Investment Management and Advisory Fees	Upto 2.25%

Custodian fees	
RTA Fees	
Marketing & Selling expense incl. agent commission	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost of providing account statements and dividend redemption cheques and warrants	
Costs of statutory Advertisements	
Cost towards investor education & awareness (at least 2 bps)^	
Brokerage & transaction cost over and above 12 bps and 5 bps for cash and derivative market trades resp.	
Service tax on expenses other than investment and advisory fees	
Service tax on brokerage and transaction cost [@]	
Other Expenses	
Maximum total expense ratio (TER) permissible under Regulation (6) (c) (i) and (6) (a)	Upto 2.25%
Additional expenses under regulation 52 (6A) (c)	Upto 0.20%
Additional expenses for gross new inflows from specified cities	Upto 0.30%

The scheme can charge upto 2.45% of the daily net assets as management fees.

[^] In terms of SEBI Circular No. CIR/IMD/DF/21/2012 dated September 13, 2012, the AMC / Mutual Fund shall annually set apart at least 2 basis points (i.e. 0.02%) on daily net assets of the scheme within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (MF) Regulations for investor education and awareness

initiatives.

@ Brokerage and transaction costs incurred for the execution of trades and included in the cost of investment, not exceeding 0.12 per cent of the value of trades of cash market transactions. Thus, in terms of SEBI circular CIR/IMD/DF/24/2012 dated November 19, 2012, it is hereby clarified that the brokerage and transaction costs incurred for the execution of trades may be capitalized to the extent of 0.12 per cent of the value of trades of cash market transactions. Any payment towards brokerage and transaction costs (including service tax, if any) incurred for the execution of trades, over and above the said 0.12 per cent for cash market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (MF) Regulations.

The expense of 30 bps shall be charged if the new inflows from such cities as specified from time to time are at least - (i) 30 per cent of gross new inflows in the scheme, or; (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.

Provided further that expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from such cities. Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

In case inflows from beyond top 15 cities is less than the higher of (i) or (ii) above, additional TER on daily net assets of the scheme shall be charged as follows:

Daily net assets X 30 basis points X New inflows from beyond top 15 cities

365* X Higher of (i) or (ii) above

* 366, wherever applicable.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan.

At least 0.10 % of the TER is charged towards distribution expenses/ commission in the Regular Plan. The TER of the Direct Plan will be lower to the extent of the above mentioned distribution expenses/ commission (at least 0.10%) which is charged in the Regular Plan. For example, in the event that the TER of the Regular Option is 2.25% p.a., the TER of the Direct Option would not exceed 2.15% p.a.

Disclosure on service tax:

Service tax on investment management and advisory fees shall be in addition to the above expense.

Further, with respect to service tax on other than management and advisory fees:

- Service tax on other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the Regulations.
- Service tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of service tax, if any, shall be credited to the scheme.
- Service tax on brokerage and transaction cost paid for asset purchases, if any, shall be within the limit prescribed under regulation 52 of the Regulations.

For the actual current expenses being charged, the investor should refer to the website of the mutual fund at www.idfcmf.com

As per the Regulations, the total recurring expenses that can be charged to the Scheme in this Scheme information document shall be subject to the applicable guidelines. Expenses over and above the permitted limits will be borne by the AMC. The total recurring expenses of the Scheme, will however be limited to the ceilings as prescribed under Regulation 52(6) of the Regulations.

C. LOAD STRUCTURE

Load is an amount which is paid by the investor to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.idfcmf.com) or may call at (toll free no.1-800-26666 88) or your distributor.

Entry load: Nil

Exit load: 1% if redeemed/switched out within 365 days from the date of allotment

All switches will be treated as redemption in the source scheme and subscription in the destination scheme, with the entry and exit load as may be applicable.

In accordance with the requirements specified by the SEBI circular no. SEBI/IMD/CIR No.4/168230/09 dated June 30, 2009 no entry load will be charged for purchase/additional purchase/switches accepted by the Mutual Fund. Similarly, no entry load will be charged with respect to applications for registrations under the Systematic Investment Plan (SIP)/Systematic Transfer Plan (STP) accepted by the Mutual Fund.

The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder (AMFI registered distributor) directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

Exit load (if any) charged to the unit holders by the Mutual Fund on redemption (including switch-out) of units shall be credited to the respective scheme net of service tax. Service tax on exit load, if any, shall be paid out of the exit load proceeds.

Load on bonus/dividend re-investment units: In terms of SEBI circular SEBI/IMD/CIR No.14/120784/08 dated March 18, 2008, no entry and exit load shall be charged on bonus units or units allotted on reinvestment of dividend.

The Trustee / AMC reserves the right to introduce a Load and change the Load structure any time in future if they so deem fit on a prospective basis. The investor is requested to check the prevailing load structure of the scheme before investing.

In case of changes/modifications of load, the AMC will endeavour to do the following:

1. An addendum will be attached to the Scheme Information Documents and Key Information Memorandum. The same may be circulated to brokers/distributors so that the same can be attached to all SIDs and abridged SID in stock. Further the addendum will be sent along with a newsletter to unitholders immediately after the changes.
2. Arrangement will be made to display the changes/modifications in the SID in the form of a notice in all the official point of acceptance of transactions and distributor's/broker's office.
3. The introduction of the exit load alongwith the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load .
4. A public notice shall be given in respect of such changes in one English Daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head office of the Mutual Fund is situated.

Transaction charges

In accordance with SEBI circular no. CIR/ IMD/ DF/ 13/ 2011 dated August 22, 2011, Transaction Charge per subscription of Rs.10, 000/ – and above shall be charged from the investors and shall be payable to the distributors/ brokers (who have opted in for charging the transaction charge for this scheme) in respect of applications routed through distributor/ broker relating to Purchases / subscription / new inflows only (lump sum and SIP), subject to the following:

- ☐ **For Existing / New investors: Rs.100 / Rs.150 as applicable per subscription of Rs. 10,000/ – and above**
- ☐ **Transaction charge for SIP shall be applicable only if the total commitment through SIP amounts to Rs.10,000/ – and above. In such cases the transaction charge would be recovered in maximum 4 successful installments.**
- ☐ **There shall be no transaction charge on subscription below Rs.10,000/-.**
- ☐ **There shall be no transaction charges on direct investments.**

The Transaction Charge as mentioned above shall be deducted by the AMC from the subscription amount of the Unit Holder and paid to the distributor and the balance shall be invested in the Scheme. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.

The requirement of minimum application amount shall not be applicable if the investment amount falls below the minimum amount required due to deduction of transaction charges from the subscription amount.

The AMCs shall be responsible for any malpractice/mis-selling by the distributor while charging transaction costs.
