I. INTRODUCTION

A. RISK FACTORS

1. Standard Risk Factors

- a. Mutual funds and securities investments are subject to market risks and there is no assurance or guarantee that the Fund's objective will be achieved.
- b. As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of investment in the scheme may go up or down.
- c. Past performance of the Sponsor / AMC / Mutual Fund or its affiliates does not indicate the future performance of the scheme of the Mutual Fund.
- d. State Bank of India, the sponsor, is not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution made by it of an amount of Rs. 5 lakhs towards setting up of the mutual fund.
- e. SBI Banking & Financial Services Fund is only the name of the scheme and does not, in any manner, indicate either the quality of the scheme or its future prospects and returns.
- f. The NAV of the Schemes' Units may be affected by change in the general market conditions, factors and forces affecting capital markets in particular, level of interest rates, various market related factors and trading volumes.
- g. The present scheme is not a guaranteed or assured return scheme.
- h. Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.

2. Scheme-specific Risk Factors

- a. The Trustees, AMC, Fund, their directors or their employees shall not be liable for any tax consequences that may arise in the event that the scheme is wound up for the reasons and in the manner provided under the Scheme Information Document & Statement of Additional Information.
- b. Redemption due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, AMC, Fund their directors or their employees shall not be liable for any tax consequences that may arise.
- c. The tax benefits described in the Statement of Additional Information are as available under the present taxation laws and are available subject to relevant condition. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Investors and Unit Holders should be aware that the relevant fiscal rules or their interpretation may change. As in the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of the investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor / Unit holder is advised to consult his/her/its own professional tax advisor.
- d. The Mutual Fund is not assuring any dividend nor is it assuring that it will make any dividend distributions. All dividend distributions are subject to the availability of distributable surplus and would depend on the performance of the scheme.
- e. **Risk pertaining to Banking and Financial Sector Fund:** - SBI Banking & Financial Services Fund is a sector fund and sector funds generally tend to hold a relatively smaller number of stocks, all of which tend to be affected by the same factors. Since the Scheme will invest in securities which are sector specific. To this extent investment universe of the fund will be restricted. This will lead to less diversification on the stocks allocation.
- f. The Scheme would be investing in equity and money market instruments (such as term / notice money market, reverse repos and any alternative to the call money market as may be directed by the RBI). The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an

inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the Trustees have the right in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.

g. Following are various risk factors for such investments:

(a) Risks associated with investing in equity and equity related securities

- i. Equity and Equity related instruments are volatile in nature and are subject to price fluctuations on daily basis. The volatility in the value of the equity and equity related instruments is due to various micro and macro economic factors affecting the securities markets. This may have adverse impact on individual securities /sector and consequently on the NAV of Scheme.
- ii. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the scheme portfolio may result, at times, in potential losses to the scheme, should there be a subsequent decline in the value of the securities held in the scheme portfolio.
- iii. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities.
- iv. As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for redemption of units may be significant in the event of an inordinately large number of redemption requests or a restructuring of the Scheme. In view of this, the Trustee has the right, in its sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.

(b) Risks associated with investing in Debt & money market instruments

- i. Money market instruments may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of credit worthiness of the issuer of such instruments. The AMC endeavours to manage such risk through the use of in-house credit analysis and credit ratings given by recognized rating agencies such as CRISIL, ICRA, FITCH, CARE, etc.
- ii. The NAV of the Scheme's Units, to the extent that the Scheme is invested in money market instruments, will be affected by the changes in the level of interest rates. When interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline.
- iii. Liquidity Risk pertains to how saleable a security is in the market. If a particular security does not have a market at the time of sale, then the scheme may have to bear an impact depending on its exposure to that particular security.
- iv. Credit risk is risk resulting from uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest. Government Securities have zero credit risk while other debt instruments are rated according to the issuer's ability to meet the obligations.
- v. Interest Rate risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise.
- vi. This risk arises from uncertainty in the rate at which cash flows from an investment may be reinvested. This is because the bond will pay coupons, which will have to be reinvested. The rate at which the coupons will be reinvested will depend upon prevailing market rates at the time the coupons are received.

(c) Risks associated with investing in Securitised Debt

- i. **Liquidity risk:** There is no assurance that a deep secondary market will develop for the instrument. This could limit the ability of the investor to resell them.
- ii. **Limited Recourse:** The instruments represent an undivided beneficial interest in the underlying receivables and do not represent an obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the buyer of the security against the Investors' Representative.
- iii. **Delinquency and Credit Risk:** Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Monthly Investor Payouts to the Holders may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On

persistent default of an Obligor to repay his obligation, the Servicer may repossess and sell the Vehicle/Asset. However many factors may affect, delay or prevent the repossession of such Vehicle/Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Vehicle/Asset may be sold may be lower than the amount due from that Obligor.

- iv. **Risks due to possible prepayments:** Full prepayment of a contract may lead to an event in which investors may be exposed to changes in tenor and yield.
- v. **Bankruptcy of the Originator or Seller:** If the service provider becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that either the sale from each Originator was not a sale then an Investor could experience losses or delays in the payments due under the instrument.

(d) Risks associated with short selling and securities lending

The Scheme shall not engage in selling and Securities lending.

(e) Risks associated with investing in ADR / GDR/ Foreign Securities

The Scheme shall not invest in ADR / GDR / Foreign Securities.

(f) Risks associated with investing in derivatives

- i. The AMC, on behalf of the Scheme may use various derivative products, from time to time, in an attempt to protect the value of the portfolio and enhance unit holders' interest. Investors should understand that derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Other risks include but are not limited to the risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. There may be a cost attached to selling or buying futures or other derivative instrument. Further there could be an element of settlement risk, which could be different from the risk in settling physical shares. The possible lack of a liquid secondary market for a futures contract or listed option may result in inability to close futures or listed option positions prior to their maturity date.
- ii. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable.
- iii. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.
- iv. The cost of hedge can be higher than adverse impact of market movements
- v. The derivatives will entail a counter-party risk to the extent of amount that can become due from the party.
- vi. An exposure to derivatives in excess of the hedging requirements can lead to losses.
- vii. An exposure to derivatives can also limit the profits from a genuine investment transaction.
- viii. Efficiency of a derivatives market depends on the development of a liquid and efficient market for underlying securities and also on the suitable and acceptable benchmarks.
- ix. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments

B. RISK CONTROL STRATEGIES:

Investments in equity and equity related securities of companies engaged in banking and financial services and debt securities shall carry various risks such as inability to sell securities, trading volumes and settlement periods, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification. In order to mitigate the various risks, the portfolio of the Scheme will be constructed in accordance with the investment restriction specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.

Further, the AMC has necessary framework in place for risk mitigation at an enterprise level. The Risk Management division is an independent division within the organization. Internal limits are defined and judiciously monitored. Risk indicators on various parameters are computed and are monitored on a regular basis. There is a Board level Committee, the Risk Management Committee of the Board, which enables a dedicated focus on risk factors and the relevant risk mitigants.

For risk control, the following may be noted:

Liquidity risks:

The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. Liquidity Risk can be partly mitigated by diversification, staggering of maturities as well as internal risk controls that lean towards purchase of liquid securities.

Volatility risks:

There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The scheme will manage volatility risk through diversification.

Interest Rate Risk:

Changes in interest rates affect the prices of bonds as well as equities. If interest rates rise the prices of bonds fall and vice versa. Equity might be negatively affected as well in a rising interest rate environment. A well-diversified portfolio may help to mitigate this risk.

C. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such limit is breached during the NFO of the Scheme, the Fund will endeavour to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

D. SPECIAL CONSIDERATIONS, IF ANY

Investors should study the Scheme Information Document carefully in its entirety and should not construe the contents thereof as advice relating to legal, taxation, investment or any other matters. Investors are advised to consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest/redeem Units.

a) Right to Limit Redemptions

The Mutual Fund reserves the right to temporarily suspend further reissues or repurchases under the scheme in case of any of the following:

- a natural calamity / strikes / riots and bandhs or
- in case of conditions leading to a breakdown of the normal functioning of securities markets or
- periods of extreme volatility of markets, which in the opinion of AMC, prejudicial to the interest of the unit holders of the scheme or illiquidity
- under a SEBI or Government directive

- under a court decree / directive
- in the event of any force majeure or disaster that affect a normal functioning of AMC or the Registrar
- Political, economic or monetary events or any circumstances outside the control of the Trustee and the AMC.

Suspension or restriction of repurchase/redemption facility under any scheme of the mutual fund shall be made applicable only after the approval from the Board of Directors of the Asset Management Company and the Trustee. The approval from the Board of Directors and the Trustees giving details of circumstances and justification for the proposed action shall also be informed to SEBI in advance.

b) Termination of the scheme

The Trustees reserve the right to terminate the scheme at any time. Regulation 39(2) of the SEBI Regulations provides that any scheme of a mutual fund may be wound up after repaying the amount due to the Unit holders:’

- (a) on the happening of any event which, in the opinion of the Trustees, requires the scheme to be wound up; or
- (b) if 75% of the Unit holders of a scheme pass a resolution that the scheme be wound up; or
- (c) if SEBI so directs in the interest of the unit holders.

Where a scheme is wound up under the above Regulation, the trustees shall give a notice disclosing the circumstances leading to the winding up of the scheme:

- (a) to SEBI; and
- (b) in two daily newspapers having circulation all over India & a vernacular newspaper circulating at the place where the mutual fund is formed.

In case of termination of the scheme, regulation 41 of the SEBI (mutual Funds) Regulations, 1996 shall apply.

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME - An open ended sector fund

B. INVESTMENT OBJECTIVE OF THE SCHEME

The investment objective of the scheme is to generate long-term capital appreciation to unit holders from a portfolio that is invested predominantly in equity and equity related securities of companies engaged in banking and financial services.

However, there can be no assurance that the investment objective of the Scheme will be realized.

C. SCHEME ASSET ALLOCATION

The asset allocation pattern under normal circumstances would be as follows:

Instruments	Indicative allocations (% of total assets) *		Risk Profile
	Minimum	Maximum	High/Medium/Low
Equity and equity related securities of companies engaged in banking & financial services	80	100	High
Debt and Money Market instruments	0	20	Low to Medium

*Exposure to derivatives may be to the extent of 50% of the net assets. Cumulative gross exposure through debt, equity & derivative shall not exceed 100% of the net assets of the Scheme.

Exposure to securitized debt may be to the extent of 20% of the net assets.

The Scheme shall not invest in ADR/GDR/Foreign securities / Foreign securitized debt

The Scheme shall not invest in repo in corporate debt.

The Scheme shall not engage in short selling and securities lending

The above investment pattern is indicative and may be changed by the Fund Manager for a short term period on defensive considerations, keeping in view market conditions, market opportunities, applicable SEBI (Mutual Funds) Regulations 1996, legislative amendments and other political and economic factors, the intention being at all times to seek to protect the interests of the Unit Holders. If the exposure falls outside the above mentioned asset allocation pattern, the portfolio will be rebalanced by AMC within 30 days from the date of said deviation. If the fund manager for any reason is not able to rebalance the asset allocation within above mentioned period, the matter would be escalated to Investment Committee for further direction. The Investment Committee shall record the reason in writing leading the reason for falling the exposure outside the asset allocation and the Committee shall review and as consider necessary may further direct the manner for rebalancing the same within the range of the asset allocation as mentioned above. The funds raised under the scheme shall be invested only in transferable securities as per Regulation 44(1), Schedule 7 of the SEBI (Mutual Funds) Regulations, 1996.

D. TYPE OF THE INSTRUMENTS IN WHICH SCHEME WILL INVEST

G. PORTFOLIO TURNOVER

The Portfolio Turnover is defined as the lower of the value of purchases or sales as a percentage of the average corpus of the Scheme during a specified period of time. The Asset Management Company does not have a policy statement on portfolio turnover. Generally, the Asset Management Company's portfolio management style is conducive to a low portfolio turnover rate. However, given the nature of the Scheme which follows a monthly cycle or rollover / positions the portfolio turnover is expected to be high. Further, there are trading opportunities that present themselves from time to time. These trading opportunities may be due to trading opportunities in equities, changes in interest rate policy by the Reserve Bank of India, shifts in the yield curve, credit rating changes or any other factors where in the opinion of the fund manager there is an opportunity to enhance the total return of the portfolio. It will be the endeavour of the fund manager to keep portfolio turnover rates as low as possible.

H. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

(i) **Type of a scheme:** An open ended sector fund

- n) The scheme shall not make any investment in any Fund of Funds scheme.
- o) The Scheme shall not advance any loans

L. DISCLOSURES PERTAINING TO SECURITIZED DEBT

Risk profile of securitized debt vis-a-vis risk appetite of the scheme

The risk of investing in securitized debt is similar to investing in debt securities. However it differs from other debt securities in two ways:

- **Liquidity:** Typically the liquidity of securitized debt is less than similar debt securities.
- **Pre-payment:** For certain types of securitized debt (backed by mortgages, personal loans, credit card debt, etc.), there is an additional pre-payment risk. Pre-payment risk refers to the possibility that loans are repaid before they are due, which may reduce returns if the re-investment rates are lower than initially envisaged.

Policy relating to originators:

A securitization transaction involves sale of receivables by the originator (a bank, non-banking finance company, housing finance company, or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by selling his loan receivables to an SPV, receives consideration from investors much before the maturity of the underlying loans. Investors are paid from the collections of the underlying loans from borrowers. Typically, the transaction is provided with a limited amount of credit enhancement (as stipulated by the rating agency for a target rating), which provides protection to investors against defaults by the underlying borrowers.

The scheme will invest in instruments of the originator only if the originator has an investment grade rating. Over and above the credit rating assigned by credit rating agencies to the originator, SBI MF will conduct an additional evaluation on

- Previous track record on origination, servicing and performance of existing pools
- Willingness to pay, through credit enhancement facilities etc.
- Ability to pay
- Business risk assessment, wherein following factors are considered:
 - Outlook for the economy (domestic and global)
 - Outlook for the industry
 - Originator/Pool specific factors

For single loan PTC, credit evaluation of the underlying corporate will be carried out as with any other debt instruments

Risk mitigation strategies:

Risk mitigation strategies will depend on each asset class, whether they are unsecured loans or secured, seasoning, collection history, past recovery rates, originator's financial profile, servicing performance, etc for each asset class. SBI MF will invest in pools with investment grade rating by SEBI recognised rating agencies. In addition some specific risk mitigation measures will include

Risk	Mitigants
Credit Risk	Analysis of originator with respect to past track record, systems and processes, performance of pools, collateral adequacy and disclosure frequency; Analysis of specific pool with respect to nature of underlying asset, seasoning, loan sizes, loan to vale ratio, geographical diversity, etc

Counterparty Risk	Past track record of handling securitized transactions, disclosure adequacy and frequency
Legal Risk	Check with rating agency that investors' interest is not compromised, specific protection measures like bankruptcy remoteness, etc are built in Separate in-house legal opinion on transactions,
Market Risk	Liquidity, Prepayment and Interest Rate Risk Analysis and level of their mitigation through transaction structure and credit enhancements provided

The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments:

Framework that will be applied while evaluating investment decision relating to a pool securitization transaction:

Characteristics/Type of Pool	Mortgage Loan	Commercial Vehicle and Construction Equipment	CAR	2 wheelers	Micro Finance Pools	Personal Loans	Single Sell Downs	Others
Approximate Average maturity (in Months)	60-120 months	12-48 months	12-48 months	12-24 months	12 months	12-36 months	NA	NA
Collateral margin (including cash, guarantees, excess interest spread, subordinate tranche)	5-20%	5-20%	5-20%	5-20%	10-30%	10-30%	NA	NA
Average Loan to Value Ratio	Less than 90%	Less than 90%	Less than 90%	Less than 90%	NA	NA	NA	NA
Average seasoning of the Pool	6-12 months	3-6 months	3-6 months	3-6 months	3-12 weeks	1-3 months	0-3 months	NA
Maximum single exposure range	3-4%	3-4%	Retail	Retail	Retail	Retail	NA	NA
Average single exposure range %	1-1.5%	1.5-2%	Retail	Retail	Retail	Retail	NA	NA

Information illustrated in the Table above, is based on the current scenario relating to Securitized Debt market and is subject to change depending upon the change in the related factors. The investment committee will review the above guidelines considering the extant RBI guidelines pertaining to securitization.

We endeavor to consider some of the important risk mitigating factors for securitized pool i.e.

- ⇒ Average original maturity of the pool: based on different asset classes and current market practices
- ⇒ Collateral margin including cash collateral and other credit enhancements
- ⇒ Loan to Value Ratio
- ⇒ Average seasoning of the pool, which is a key indicator of past pool performance
- ⇒ Default rate distribution
- ⇒ Geographical Distribution
- ⇒ Maximum single exposure: Retail pools (passenger cars, 2-wheelers, Micro finance, personal loans, etc) are generally well diversified with maximum and average single exposure limits within 1%.

As illustrated above, these factors vary for different asset classes and would be based on interactions with each originator as well as the credit rating agency

Minimum retention period of the debt by originator prior to securitization:

We will invest in securitized debt as per final RBI guidelines issued on May 7, 2012 and as amended till date.

Minimum retention percentage by originator of debts to be securitized

We will invest in securitized debt as per final RBI guidelines issued on May 7, 2012 and as amended till date

The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund

Investments made by the Scheme in any asset are done based on the requirements of the Scheme and is in accordance with the investment policy. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the transaction (originator, issuer, borrower etc.). Investments made in Securitized debt are made as per the Investment pattern of the Scheme and are done after detailed analysis of the underlying asset. There might be instances of Originator investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest.

The resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt

As with any other debt instruments, investment in securitized debt instruments will be closely monitored by a dedicated team of credit analysts, ratings of any such instruments will be continuously tracked and periodic performance report from Trustee and MIS from Originators, if any would be scrutinized closely

M. DEBT MARKET IN INDIA

The Indian debt markets are one of the largest and rapidly developing markets in Asia. Government and Public Sector enterprises are the predominant borrowers in the market. The debt markets have received lot of regulatory and governmental focus off late and are developing fast, with the rapid introduction of new instruments including derivatives. Foreign Institutional Investors are also allowed to invest in Indian debt markets subject to ceiling levels announced by the government. There has been a considerable increase in the trading volumes in the market. The trading volumes are largely concentrated in the Government of India Securities, which contribute a significant proportion of the daily trades.

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) , Treasury Bills (issued by RBI) and the CBLO (collateralized lending and borrowing facility).

Government securities are largely traded on a Negotiated Order Matching system (NDS OM) apart from the OTC market. The settlement of trades both in the Gsec markets and the overnight repo and CBLO are guaranteed and done by a central counterparty, the Clearing corporation of India (CCIL). Money market deals involving CD's and CP's are traded and settled on an OTC basis. The clearing and settlement of corporate bond deals are now routed through a central counterparty established by the exchanges BSE (ICCL) and NSE (NSCCL) which settles deals on a DVP (Delivery versus payment) non guaranteed basis.

The current market yields of various instruments and the factors affecting prices of such securities are given hereunder. The securitized instruments of higher ratings generally offer yields which are 50-75 basis points higher than the comparable normal debt instruments.

Following are the yield matrix of various debt instruments as on January 19, 2015:

Instruments	Indicative yield range
Overnight rates	7.90%-8.05%
90 day Commercial Paper	9.00%-9.25%
91-day T-bill	8.12%-8.15%
1 year G-Sec.	7.72%-7.75%
5 year G – Sec	7.75%-7.77%
10 year G-Sec.	7.70%-7.75%
1 year AAA Bond	8.70%-8.80%
5 year AAA Bond	8.20%-8.22%

The interest rate market conditions are influenced by the Liquidity in the system, Credit growth, GDP growth, Inflows into the Country, Currency movement in the Forex market, demand and supply of issues and change in investors'

preference. Generally when there is a rise in interest rates the price of securities fall and vice versa. The extent of change in price shall depend on the rating, tenor to maturity, coupon and the extent of fall or rise in interest rates. The Government securities carry zero credit risk, but they carry interest rate risk like any other Fixed Income Securities. Money market instruments such as CP's and CD's which are fairly liquid are not listed in exchanges. The impact cost of offloading the various asset classes differ depending on market conditions and may impair the value of the securities to that extent. Further, investments in securitized instruments or structured obligation papers carry a higher illiquidity risk. They also carry limited recourse to the originator, delinquency risk out of the defaults on the receivables and prepayment risk which affects the yields on the instruments.

N. PAST PERFORMANCE OF THE SCHEME

SBI Banking & Financial Services Fund is the new scheme and hence does not have any performance track record.

O. INVESTMENTS OF AMC IN THE SCHEME

The AMC may invest in the scheme, such amount, as they deem appropriate. But the AMC shall not be entitled to charge any management fees on this investment in the scheme. Investments by the AMC will be in accordance with Regulation 24(3) of the SEBI (MF) Regulations, 1996 which states that:

"The asset management company shall not invest in any of its schemes unless full disclosure of its intention to invest has been made in the **Scheme Information Document (SID)**, provided that the asset management company shall not be entitled to charge any fees on its investment in the scheme."

P. INVESTMENTS IN OTHER SCHEMES

According to the Clause 4 of Schedule 7 read with Regulation 44(1), of the SEBI (MF) Regulations, 1996:

"A scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investments made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund."

Q. PROCEDURES FOLLOWED FOR INVESTMENT DECISIONS

The investment policy manual defines the broad guidelines for investments by various funds. Fund managers invest based on the offer document limits, regulatory limits and internal guidelines as set out in the Investment policy manual. Fund managers take input from the research team. The Head of Research will be heading the research team and will be responsible for the research output and performance. The transactions relating to the investments will be carried out by separate Debt and Equity Dealers. The processes and risks in the Investment activities will be monitored through a senior functionary reporting to the CIO. Investment committee is playing the role of governance and supervisory body for all investment related activities. The committee will hold a meeting on a periodic basis for a detailed review of portfolio holdings, scheme performance and investment strategy and also to ensure adherence to all internal processes. The Investment Committee monitors and supervises the investment decisions made by the Investment team and also monitors the risk parameters in each scheme to ensure that the investment limits are properly observed. The risk origination for the investments is done based on the guidelines issued by SEBI and Board of Trustees. Concurrent auditors periodically check the limits and their reports are placed before the Audit Committee, which is comprised of the independent Directors and Trustees

R. TRADING IN DERIVATIVES

The Fund's trading in derivatives would be in line that is permitted by SEBI Regulations from time to time. The Fund may use any hedging techniques that are permissible now or in future, under SEBI regulations, in consonance with the scheme's investment objective, including investment in derivatives such as interest rate swaps. The Fund shall fully cover its position in the derivatives market by holding underlying securities / cash or cash equivalents / option and / or obligation for acquiring underlying assets to honour the obligations contracted in the derivatives market. The Fund shall maintain separate records for holding the cash and cash equivalents / securities for this purpose. The securities held shall be marked to market by the AMC to ensure full coverage of investments made in derivative products at all times.

SEBI has also vide circular DNP/Cir-29/2005 dated 14th September 2005 permitted Mutual Funds to participate in the derivatives market at par with Foreign Institutional Investors (FII). Accordingly, Mutual Funds shall be treated at par with a registered FII in respect of position limits in index futures, index options, stock options and stock futures contracts.

I. Position Limit

The position limits for the Mutual Fund and its schemes, for transaction in derivatives segment are in compliance to the SEBI Circular no. SEBI/DNP/Cir-31/2006 dated September 22, 2006, and to all such amendments as applicable from time to time. The position limits are given as under:

i. Position limit for the Mutual Fund in equity index options contracts

The Mutual Fund position limits in equity index option contracts shall be higher of:

- a. Rs. 500 Crore; or
- b. 15% of the total open interest in the market in equity index options contracts.

This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in equity index futures contracts:

The Mutual Fund position limits in equity index futures contracts shall be higher of:

- a. Rs. 500 Crore; or
- b. 15% of the total open interest in the market in equity index futures contracts.

This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, the Mutual Fund may take exposure in equity index Derivatives subject to the following limits:

1. Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
2. Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for Mutual Funds for stock based derivative contracts

1. For stocks having applicable market-wise position limit (MWPL) of Rs. 500 crores or more, the combined futures and options position limit shall be 20% of applicable MWPL or Rs. 300 crores, whichever is lower and within which stock futures position cannot exceed 10% of applicable MWPL or Rs. 150 crores, whichever is lower.
2. For stocks having applicable market-wise position limit (MWPL) less than Rs. 500 crores, the combined futures and options position limit would be 20% of applicable MWPL and futures position cannot exceed 20% of applicable MWPL or Rs. 50 crore which ever is lower.

v. Position limit for each scheme of a Mutual Fund

The scheme-wise position limit / disclosure requirements shall be –

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:

1% of the free float market capitalization (in terms of number of shares).

Or

5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

Illustrations

i. Arbitrage:

Buy 1000 stocks of Company A at Rs 100 and sell the equivalent of stocks future of the Company A at Rs 101.

1. Market goes up and the stock end at Rs 150.

At the end of the month the future expires automatically:

At the settlement date we assume that future price = closing spot price = Rs 150

- a. Gain on stock is $1000 \times (150 - 100) = \text{Rs } 50000$
- b. Loss on future is $1000 \times (101 - 150) = \text{Rs } -49000$
- c. Then gain realized is $50000 - 49000 = \text{Rs } 1000$

2. Market goes down and the stock end at Rs 50.

At the end of the month the future expires automatically:

At the settlement date we assume that future price = closing spot price = Rs 50

- a. Loss on stock is $1000 \times (50 - 100) = \text{Rs } -50000$
- b. Gain on future is $1000 \times (101 - 50) = \text{Rs } 51000$

Then gain realized is $51000 - 50000 = \text{Rs } 1000$

ii. Unwinding an arbitrage position:

Buy 1000 stocks of Company A at Rs 100 and sell the equivalent of stocks future of the Company A at Rs 101.

The market goes up and at some point of time during the month the stock trades at Rs 150 and the future trades at Rs 149 then we unwind the position:

- 1. Buy back the future at Rs 149 : loss incurred is $(101 - 149) \times 1000 = \text{Rs } -48000$
- 2. Sell the stock at Rs 150 : gain realized : $(150 - 100) \times 1000 = \text{Rs } 50000$
- 3. Net gain is $50000 - 48000 = \text{Rs } 2000$

iii. Roll over the futures:

In this case we keep the underlying stock position intact and roll over the futures position into next month. For example, if the underlying stock is trading around Rs 150 on or closer to the expiry date, the stock future is also generally likely to trade closer to similar levels. In such a case, if the next month futures are trading at levels higher than the current month futures, we roll over the future position to the next month (i.e. instead of letting the current month future expire (on expiry day), we buyback the current month future and sell the next month future in its place, keeping the underlying stock position unchanged):

- a. Stock future next month is at Rs 151
- b. Stock future actual month is at Rs 150
- c. Then sell future next month at Rs 151 and buy back actual future at Rs 150 => gain of $1000 \times (151 - 150)$ = Rs 1000 and the arbitrage is continuing.

In case, the future price trades at discount to spot price (any time during the period till the expiry date) then the original position will be squared by buying the future and selling the spot market position.

v. Illustration: Interest Rate Swap (IRS)

Assume that a Mutual Fund has INR 10 crore, which is to be deployed in overnight products for 7 days. This money will be exposed to interest rate risk on daily basis. The fund can buy an Interest Rate Swap receiving fixed interest rate and paying NSE MIBOR.

The deal will be as under:

The cash flows on a notional principal amount of Rs. 10 crores would be-

(R. in Crore)

	Principal	NSE MIBOR	Interest	Amount	
Day 1		10.0000	8.10%	.0022192	10.00221918
Day 2		10.00222	8.20%	.0022466	10.00446575
Day 3		10.00447	8.30%	.002274	10.00673973
Day 4 (for 2 days)	Saturday	10.00674	8.15%	.0044658	10.01120548
Day 5	Sunday		Holiday		
Day 6		10.01121	8.40%	.0023014	10.01350685
Day 7		10.01351	8.50%	.0023288	10.01583562
Floating Interest Payable					.0158356164
Fixed Interest Receivable					.0167808219
Net Receivable for Mutual Fund receiving fixed					.0009452055

In this example Mutual Fund stands to gain by receiving fixed rates. As the NSE MIBOR floating rate is decided daily, in adverse scenario, the Mutual Fund may have to pay the difference.

The counter-party providing Swap, Options, Forward Rate Agreements (FRAs) will do the same at a cost.

Risk factors Interest rate swaps strategy:

Risk Factor: The risk arising out of uses of the above derivative strategy as under:

- Lack of opportunities available in the market.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

• Interest rate swaps require the maintenance of adequate controls to monitor the transactions entered into, the ability to forecast failure of another party (usually referred to as the 'counter party') to comply with the terms of the derivatives contract.

Further the exposure limits for trading in derivatives by Mutual Funds specified by SEBI vide its Circular No. Cir/IMD/DF/11/2010 dated August 18, 2010 are as follows:

1. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme.
2. Mutual Funds shall not write options or purchase instruments with embedded written options.
3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
4. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
5. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
 - a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 3.
 - c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
6. Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.
7. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 3.
8. Definition of Exposure in case of Derivative Positions
9. Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts

II. The risks involved in derivatives are:

1. The cost of hedge can be higher than adverse impact of market movements
2. The derivatives will entail a counter-party risk to the extent of amount that can become due from the party.

3. An exposure to derivatives in excess of the hedging requirements can lead to losses.
4. An exposure to derivatives can also limit the profits from a genuine investment transaction.
5. Efficiency of a derivatives market depends on the development of a liquid and efficient market for underlying securities and also on the suitable and acceptable benchmarks.
6. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

III. Methods to tackle these risks:

1. Hedging will not be done on a carpet basis but based on a view about interest rates, economy and expected adverse impact.
2. Limits of appropriate nature will be developed for counter parties
3. Such an exposure will be backed by assets in the form of cash or securities adequate to meet cost of derivative trading and loss, if any, due to unfavorable movements in the market.

IV. The losses that may be suffered by the investors as a consequence of such investments:

1. As the use of derivatives is based on the judgment of the Fund Manger, the view on market taken may prove wrong resulting in losses.
2. The upside potential of investments may be limited on account of hedging which may cause opportunity losses.

V. The use of derivatives for hedging will give benefit of:

1. Curtailing the losses due to adverse movement in interest rates
2. Securing upside gains at cost

VI. VALUATION OF DERIVATIVES

- i. The traded derivatives shall be valued at market price in conformity with the stipulations of sub clauses (i) to (v) of clause 1 of the Eighth Schedule to the SEBI Regulations.
- ii. The valuation of untraded derivatives shall be done in accordance with the valuation method for untraded investments prescribed in sub clauses (i) and (ii) of clause 2 of the Eighth Schedule to the SEBI Regulations.

VII. REPORTING OF DERIVATIVES

The AMC shall cover the following aspects in their reports to trustees periodically, as provided for in the Regulations:

- i. Transactions in derivatives, both in volume and value terms.
- ii. Market value of cash or cash equivalents / securities held to cover the exposure.
- iii. Any breach of the exposure limit laid down in the scheme Information document.
- iv. Shortfall, if any, in the assets covering investment in derivative products and the manner of bridging it.

The Trustees shall offer their comments on the above aspects in the report filed with SEBI under sub regulation (23) (a) of regulation 18 of SEBI Regulations.

III. UNITS AND OFFER

A. NEW FUND OFFER (NFO)

<p>New Fund Offer Period</p> <p>This is the period during which a new scheme sells its units to the investors.</p>	<p>NFO opens on: February 11, 2015</p> <p>NFO closes on: February 24, 2015</p> <p>The AMC reserves the right to extend the closing date, subject to the condition that the NFO shall not be kept open for more than 15 days.</p>
<p>New Fund Offer Price:</p> <p>This is the price per unit that the investors have to pay to invest during the NFO.</p>	<p>Rs. 10/- per unit</p>
<p>Minimum Amount for Application in the NFO</p>	<p>Rs. 5000 and in multiples of Re. 1 thereafter</p> <p>The Trustees reserves the right to alter the minimum subscription amount under the scheme.</p>
<p>Minimum Target amount</p> <p>This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return. However, if AMC fails to refund the amount within 5 business days, interest as specified by SEBI (currently 15% p.a.) will be paid to the investors from the expiry of 5 business days from the date of closure of the subscription period.</p>	<p>Rs. 10 Crores</p>
<p>Maximum Amount to be raised</p>	<p>No upper limit.</p>
<p>Plans / Options offered</p>	<p>SBI Banking & Financial Services Fund is an open-ended Sector fund offering investors two Plans for investment viz, Regular Plan & Direct Plan.</p> <p>Direct Plan:</p> <p>Direct Plan is only for investors who purchase /subscribe Units in a Scheme directly with the Mutual Fund and is not available for investors who route their investments through a Distributor. All the features of the Direct Plan under Scheme like the investment objective, asset allocation pattern, investment strategy, risk factors, facilities offered, load structure etc. will be the same except for a lower expense ratio as detailed in Section IV – Fees and Expenses – B. – Annual Recurring Expenses. [^]Any other expenses which are directly attributed to the Scheme, may be charged with the approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

The AMC has estimated that upto 2.50% (plus allowed under regulation 52(6A)(c)) of the daily net assets will be charged to the scheme as expenses. The maximum annual recurring expenses that can be charged to the Scheme, excluding issue or redemption expenses, whether initially borne by the mutual fund or by the asset management company, but including the investment management and advisory fee shall be within the limits stated in Regulations 52 read with SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012.

Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc as compared to Regular Plan and no commission for distribution of Units will be paid/ charged under Direct Plan.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se. Types of expenses charged shall be as per the SEBI (MF) Regulations.

However, As per the Regulations, the maximum recurring expenses that can be charged to the Scheme as under:

Total Expenses charged to the scheme	Subject to the following limits: i) 2.50% on the first Rs.100 cr. of daily net assets. ii) 2.25% on the next Rs.300 cr. of daily net assets. iii) 2.00% on the next Rs.300 cr. of daily net assets. iv) 1.75% on the balance of the daily net assets.
--------------------------------------	---

The Scheme may charge additional expenses incurred towards different heads mentioned under sub-regulation (2) and (4) of Regulation 52 not exceeding 0.20% of the daily net assets.

The AMC may charge the following additional expenses to the scheme under Regulation 52 (6A):

- The service tax on investment management and advisory fees would be charged in addition to above limit.
- Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 per cent in case of cash market transactions and 0.05 percent for derivative market trades.. Further, In terms of SEBI circular CIR/IMD/DF/24/2012 dated November 19, 2012, It is clarified that the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Service tax on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the Regulations. Any expenditure in excess of the said prescribed limit (including brokerage and transaction cost, if any) shall be borne by the AMC or by the trustee or sponsors.
- In terms of Regulation 52 (6A) (b), expenses not exceeding of 0.30 per cent of daily net assets will be charged, if the new inflows from such cities as specified from time to time are at least –
 - (i) 30 percent of gross new inflows in the scheme, or;
 - (ii) 15 percent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub- clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities:

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

The Mutual Fund would update the current expense ratios on its website within two working days mentioning the effective date of the change.

Any expenditure in excess of the limits specified in the SEBI Regulations shall be borne by the AMC.

C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.sbimf.com) or contact your distributor.

The following table illustrates the expenses that the investors will incur on their purchases/ sales of Units during the continuous offer (including Systematic Investment Plan) under this scheme:

Nature of expense	Charge (% of NAV)
Entry Load	Not Applicable
Exit Load	<ul style="list-style-type: none"> • For exit within 12 months from the date of allotment – 2.00% • For exit after 12 months but within 18 months from the date of allotment – 1.00% • For exit after 18 months from the date of allotment - Nil

The charges stated above are a percentage of the NAV.

No Exit Load shall be charged for Switch from Direct Plan to Regular Plan under the Scheme; however, in case of switch from Regular Plan to Direct Plan under the Scheme shall be subject to applicable exit load, if any.

The AMC reserves the right to introduce a load structure, levy a different load structure or remove the load structure in the scheme at any time after giving notice to that effect to the investors through an advertisement in an English language daily that circulates all over India as well as in a newspaper published in the language of the region where the Head Office of the mutual fund is situated.

The upfront commission on investment, if any, shall be paid to the ARN Holder directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

The exit load charged, if any, after the commencement of the SEBI (Mutual Funds) (Second Amendment) Regulations, 2012, shall be credited to the scheme. Service tax on exit load shall be paid out of the exit load proceeds and exit load net of service tax shall be credited to the scheme.

For any change in load structure AMC will issue an addendum and display it on the website/official point of acceptance.

Any imposition or enhancement in the load shall be applicable on prospective investments only. However, AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of dividend for existing as well as prospective investors. At the time of changing the load structure, the mutual fund may consider the following measures to avoid complaints from investors about investment in the scheme without knowing the loads:

- 1) The addendum detailing the changes may be attached to Scheme Information Documents and key information memorandum. The addendum may be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
- 2) Arrangements may be made to display the addendum in the Scheme Information Document in the form of a notice in all the SBIFMPL Branches and distributors/brokers office.
- 3) The introduction of the exit load alongwith the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- 4) A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
- 5) Any other measures which the mutual funds may feel necessary.

In accordance with SEBI Regulations, the repurchase price will not be lower than 93% of the NAV and the sale price will not be higher than 107% of the NAV, and the difference between sale price and repurchase price shall not exceed 7% of the sale price.

The investor is requested to check the prevailing load structure of the Scheme before investing.

The details of the violation shall also be disclosed.

Against Sponsor:

SEBI served show cause notice under rule 4 of the adjudication Rules for the deficiencies observed in Debenture Trustee operations during their inspection conducted from 26.07.2010 to 30.07.2010 at State Bank of India, Mumbai Main branch. Bank has filed Consent Application with SEBI on 7th March 2013. The panel of Whole

Time members of SEBI has rejected consent application and referred back the matter for adjudication proceedings. The last hearing, scheduled for 21.1.2014 was postponed and next date is yet to be advised by SEBI. A representation for consent application has been submitted on 5.2.2014 at SEBI, their advices are awaited.

4. Any pending material civil or criminal litigation incidental to the business of the Mutual Fund to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel are a party should also be disclosed separately.

Some ordinary routine litigations incidental to the business of the Fund are pending, and further a petition / summary suit against the Fund is pending in the court. Summary suit no: 3799 of 1996, filed by M/s Morarka Finance Limited is pending in the High Court of Jurisdiction at Bombay. The Plaintiff has filed the suit for recovery of Rs. 8.44 lacs together with interest being excess price paid by them in the equity buyback transaction relating to the shares of M/s Pumpsar Distilleries Limited. M/s A.R. Bhole and Company. Advocates are defending the case on our behalf. The filling of our written statement was delayed. The last hearing in the matter took place on March 10, 2010 and the matter is now pending for final hearing

Apart from this, following are the details of Penalties, pending litigation or proceedings, findings of inspection or investigations for which action may have been taken or initiated by any regulatory authority against the AMC - SBI Funds Management Private limited (SBIFMPL) in a capacity of Investment Manager to the SBI Mutual Fund:

- a) SEBI has initiated an investigation for the transactions in the shares of M/S Polaris Software Lab Limited, made during the period April 01, 2002 to May 31, 2002 by SBI Mutual Fund, having suspected SBI Mutual Fund of indulging in insider trading on account of proposed merger of M/s Orbi Tech Solutions with M/s Polaris Software Lab Limited, i.e. 'unpublished price sensitive information' about Polaris under the SEBI (Insider Trading Regulation) Regulation, 1992. SBIMF has denied having violated of any insider trading regulation or SEBI Act. SEBI had issued a show cause notice on June 20, 2007 and SBIMF has replied to SEBI on June 30, 2008. Since then, there has been no further communication on the matter from SEBI till date.
 - b) SEBI had initiated an investigation into certain transactions in the shares of M/s. Padmini Technologies Limited ("PTL"), during the period 2000-2001, which included an inquiry into the investments made by SBI Mutual Fund in the shares of PTL. The Central Bureau of Investigation had also investigated about various aspects of transactions in the shares of PTL which included investments by various schemes of SBI Mutual Fund during the period. A case was subsequently filed in the Sessions Court at Mumbai in 2006 against some ex-employees of the Company. SBI Funds Management Private Limited ("SBIFMPL"), SBI Mutual Fund Trustee Company Pvt. Ltd. and SBI Mutual Fund are not parties to this case. The internal investigations conducted by the Chairman, Board of Trustees, SBI Mutual Fund, however, had ruled out any questionable intentions of SBI Mutual Fund in the matter. Further, a show cause notice dated January 29, 2010 ("2010 SCN") was received from SEBI in the matter and SBI Mutual Fund has replied to the show cause notice countering the allegations made by SEBI. SBI Mutual Fund had also made an application to SEBI to settle the matter through the consent process, i.e. on a no-fault basis, without accepting or denying guilt. The said consent proposal has not been accepted by SEBI vide its letter dated March 22, 2013. A fresh Show Cause Notice dated May 28, 2013 ("2013 SCN") has been issued enclosing a copy of an enquiry report conducted again by a Designated Authority, recommending a prohibition on SBI Mutual Fund from launching any new mutual fund schemes for a period of 12 months. In terms of the opportunity made available in the 2013 SCN to avail the consent process, SBI Mutual Fund had filed a consent application which was returned by SEBI stating that the consent application by SBIFMPL shall not be reconsidered by SEBI. SBIFMPL is now in the process of preparing a reply to the 2013 SCN in consultation with its legal counsels.
5. Any deficiency in the systems and operations of the Sponsor(s) and/ or the AMC and/ or the Board of Trustees/Trustee Company which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency, shall be disclosed.

Not Applicable

Notwithstanding anything contained in this Scheme Information Document, the provisions of the SEBI (Mutual Funds) Regulations, 1996 and the guidelines there under shall be applicable.

Date of Approval of the scheme by SBI Mutual Fund Trustee Company Private Limited on June 13, 2014.
